

FROM NEIGHBORING TOWN AND CITY

NEWS OF THE COUNTY SEAT

JIM WATSON'S DEFEAT DEPLORED AT COUNTY SEAT.

Republicans There Attribute It to the Liquor Question.

The defeat of Jim Watson for governor of Indiana has proven to be a hard proposition for lots of Lake county people to swallow and perhaps never in the history of politics has any candidate for office created such a favorable impression among Lake county people as Watson has done. The remarkable vote polled for him, despite the awful odds he had to contend with in Lake county, goes to show the hold he has upon the people in this vicinity, and had the liquor question not been an issue, Watson surely would have polled as large a vote as Taft.

Milk Shippers Will Meet.

The milk shippers of Lake county will meet at the court house on Saturday morning at 10 o'clock for the purpose of discussing questions connected with their business. Three speakers in the person of Dr. Evans of Chicago, Dr. Hurty of Indianapolis, and Dr. Bittings, state veterinarian of Lafayette will address the milk shippers on some of the sanitary and hygienic conditions that confront the milk industry at the present time, and has caused the agitation that has aroused so much comment of late. The meeting will be an interesting one and all the Lake county milk dealers are requested to attend.

Come Long Way to Vote.

Many Crown Pointers came from distant parts to cast their votes this year, and nearly every citizen in the township voted one way or the other. Lake county polled the largest vote on record, and the republican central committee at Indianapolis gave it out that if they only had about three more Lake counties that Watson would have been Indiana's governor.

Clausen and Krimbill, as trustee and assessor of Center township, respectively, won out by quite a majority, defeating their opponents, West and Gard, by a good substantial vote.

County Chairman Richard Schaaf of Hammond, was in town yesterday. With Watson elected for governor Dick would have been the happiest man in the county today, and as it is, he can be congratulated for his efforts in conducting one of the best organizations ever known in Lake county.

All, or nearly all, of the county candidates were in town yesterday getting a look at the local results of the election. They all seemed happy, especially on the republican side, and all that it needed to fill their cup of joy would have been the announcement of the election of Watson.

AN OPEN LETTER

To the editor of the Times, and I want the people of Hammond to know that I write the following voluntarily.—Harry L. Goodiel.

I have suffered for the last five years and have tried different doctors, but have had no relief until I bought a 50-cent box of M-I-o-n-a from our drug store (R. W. Knowlton's) here a short time ago.

The first box did me so much good that I immediately purchased another one, and now I feel better than I have at any time in the past five years. Am able to eat anything and everything, and to get a good night's sleep afterwards.

Was so bad at one time that all I was able to eat for over a month was a raw egg in a half a glass of milk, two or three times a day.

I would earnestly advise anyone suffering as I was from dyspepsia, to give this remedy a fair trial. I remain, gratefully yours, Harry L. Goodiel, No. 94 1/2 River street, Ashtabula, Ohio.

ustrial history of the Calumet region. It is even more important than the arrival of the first cargo of iron ore. It is understood that now that the election of Taft is assured the work at Gary will go forward very rapidly.

Full Time in Thread Mills.

Newark, N. J., Nov. 5.—Upon the announcement of Taft's election yesterday the 5,000 operatives in two great thread mills in this city were notified that full time work would be resumed next Monday. Since last April the mills have been running on part time.

St. Louis, Nov. 5.—The election of Taft has released orders for dry goods from wholesale houses here amounting to over a million dollars. About half of these orders go to the American Print company, Fall River, Mass. The goods were ordered some weeks ago, but all contracts carried a proviso that they were to be void if Bryan carried the country. Leading dry goods men here estimate that the orders to eastern houses within the next few days will run up in the millions, as they have been holding back in all lines through fear of the demoralizing effect of a Bryan victory.

Pittsburg, Nov. 5.—Orders were received yesterday by the Pennsylvania railroad at Pittsburg to place every man and boy possible in the repair-shops of the road here in order to rush out the cars which have for months been on sidetracks in different stages of repair. As a result the railroad shops tomorrow morning will for the first time in a year have a full quota of men. It is estimated that the Pennsylvania has 10,000 freight cars which must be repaired before they can be returned to the rails, and this is the work to which the army of workmen will be turned at once.

President Hilton Bartley of the American Nut and Bolt Fastener company of the north side, employing several hundred workmen, last evening announced that beginning today wages of all the workmen would be increased 20 per cent and that all the overtime the men wanted could be made. Bartley gave out an interview in effect that for months railroad officials, anticipating the election of Taft for president, had been placing orders with the firm to be filled immediately after the election.

LEFT FAT, BACK SLENDER

"By FOOTLIGHTS."

Giau and his overweight chorus from the "Aeroplane" company have returned to New York in what may be described as greatly reduced circumstances. Not as to finances, let it be said, nor yet in numbers, glory be, but in avoidable—this is to say, gross flesh. The entire galaxy has lost out in this respect, much to its advantage.

It seems the people out west will support slim ballerinas, and no other, and our famous "balloon chorus" carried, so to speak, no weight with them. They treated prize collection of fat New York beauties with an unprecedented coldness. Consequently, Giau faced the problem of reducing the entire front and rear rows at once, or shipping them back—"excess" baggage. It was a terrific job, as all who saw the "Aeroplane" before it left this tolerant town will admit, but our ingenious townsman tackled it and succeeded—broke all records in fact. And thereby hangs a tale worthy of any fat lady's attention.

Giau didn't rehearse his back into shape, nor starve them into lino, nor yet worry them, verbally, into shadows. He paid salaries regularly and let them eat and drink as they listed. He simply hung up a new rule in the dressing rooms to the effect that every lady less than five foot seven who weighed in excess of 150 pounds must take a teaspoonful after each meal and at bedtime (or about where her bedtime ought to be), of the following: One-half ounce Marmola, 1/2 ounce Fluid Extract Cascara Aromatic, and 2 1/2 ounces Peppermint Water.

They did it and in a month averaged a loss of a pound a day apiece. "That's a dandy recipe," says Giau. "Simple, pleasant, harmless and a worker from the word go." Wish I could get a railroad rate reducer half as good.

TAFT IS GIVEN 309 ELECTORS.

(Continued from Page One.)

Ohio, Marshall wins over Watson in Indiana, Governor Johnson is re-elected in Minnesota, and the governorship contest in Michigan is very close, and undecided.

In view of their losses of the governorships in Ohio and Indiana, and of the legislature in the latter state and possibly also the former, the republicans count themselves lucky to have saved the presidential electors in both states by relatively small pluralities.

The new Indiana legislature is democratic, and it is expected Mr. Kern is to have his disappointment over loss of the honor of presiding over the United States senate softened by the gain of a seat in that body as successor to Senator Hemenway.

The legislatures in Ohio and Kansas, both involving United States senatorships, are in doubt.

In all of his battles Bryan has been opposed by the business interests of the country. "Of course no man can be elected president of the United States who lacks the confidence of the business men of the country."

These words, spoken a few days ago by one of the most prominent democrats of the east, give perhaps as good an explanation of Taft's great victory as we are likely to get. In connection with this central fact must be considered another most important element—the general approval given by the people at large to the policies and administration of President Roosevelt and their desire that they be continued.
