When you catch cold you want to get rid of it as quickly as you can. You don't want to lie around the house for a week swallowing nauseating drugs. You know when you do this that you are not only making your own life miserable, but are a nuisance to everyone about you.

Why not avoid all this? Why not relieve your cold in five minutes? Why not cure it over night? You can do it by using Hyomel, the sure and guaranteed cure for colds, coughs, sore throat, catarrh, bronchitis and asthma.

Hyomel (pronounced High-o-mel) is medicated and antiseptic. Air. You breathe it into the lungs through a small pocket inhaler, and its soothing influence as it passes over the inflamed membrane of the respiratory tract, stops the mucous discharge, allays the inflammation, and the cold is cured.
