CONFIDENCE IS ON ITS WAY FOR A VISIT.

NO MILLENNIUM IS TO BE USHERED IN through the election of Judge Taft to the presidency. You will have to work just as hard which, of course, you will realize. There will be plenty of abuses remaining to find fault with. The kicking faculty will not rot nor die of age, nor even be atrophied. But we may be sure that during the next four years sanity and safety will not be outcast.

We shall have a president who will neither be stampeded himself nor try to stampede others. Stability will have a president to defend it and we shall probably have a chance to proceed with our revival businesses without being compelled to keep a weather eye cocked to see what Washington is doing or is threatening to do.

Mr. Taft weighs nearly 300 pounds and history does not record a case where a man of this avoirdupois was a runaway.

Capital, we hope, will recover from its excessive timidity and as it gains in confidence labor will find itself better employed.

There will be plenty of work for idle hands to do.

There is plenty now for that matter, for the man who wants to work.

President-Elect Taft is quite in sympathy with all moral and mental uplifts, but he does not think that a state of general fright will help anyone to better himself, morally or mentally.

SHOULD GIVE HIM VOTE OF THANKS.

IT IS QUITE PROBABLE NOW that Governor Hanly considers himself revenged.

We should like to see the democrats be grateful to Governor Hanly and give him credit for putting Governor-Elect Marshall in the executive chair of the state of Indiana.

There ought to be no limit to their gratitude. It could be both fulsome and verbose without stopping over.

Governor Hanly has done Indiana democracy the greatest good that a score of its own leaders could have done. No one acquainted with the facts can gainsay this. Governor Hanly has tried to force something exceedingly distasteful down the throats of the people of Indiana. For the average man the day arrived long ago when to take a dose of Hanlyism was worse than it is for a sick child to take a dose of cod-liver oil.

The people of Indiana took the "cod liver" for a long time until it came to absolutely nauseate them. Nov. 3, 1908, they refused the last dose of Hanlyism, they were ever forced to take.

The republicans of Indiana were made a lot of scapegoats for the egregious errors of Governor Hanly. His dictatorial czarship has been repudiated and Thomas R. Marshall has been elected governor.

We repeat the democrats ought to be so grateful to J. Frank Hanly.

ALL HAIL PROSPERITY AND WELCOME,

STRAWS SHOW WHICH WAY THE WIND BLOWS.

This ancient saw obtains at present in industrial circles in the Calumet region. In Gary the fires are being lighted, which, it is to be hoped, will never be extinguished. In Hammond, East Chicago, Indiana Harbor and Whiting, the pregnant hum of industrial activity is in the very air.

The many industries that promised publicly and privately to get busy after Mr. Taft had been elected, give evidence that they intend to keep their promises.

Business men in the Calumet region should seize time by the forelock and get ready for the business that is coming to them, and skeptics and doleful calamity-howlers should prepare to betake themselves beneath the blue waters of Lake Michigan where they belong.

Miss Prosperity is at the door. Give her a hearty welcome.

PARTY IS IN SPLENDID SHAPE.

ONE FEATURE OF THE ELECTION, which has just passed into history, is the fact that the municipalities in this part of Lake county and Gary which is soon to become a municipality are left in magnificent shape for their own campaigns. This is one feature of Chairman Schaaf's wonderful campaign work that cannot be underestimated.

The republicans in each of these cities have worked harmoniously and without friction, so that they are ready to prepare for the civic campaigns. It is true we have all had far and away too much politics for the present. The country is sated with it, but it is not too early for the republicans to be on the alert for men to lead the party to victory. If good, clean, honest standard bearers are elected, on clean, honest platforms, the republicans are in fine fettle to carry on the work for the party in the municipal campaigns.

AMONG THE THINGS Mr. Bryan said the next day after it happened: "My heart has never been set on holding office." Now honestly people, wouldn't that—, well wouldn't—, well—, Oh what's the use?

AND IN THE MEANTIME the Chicago "Choinai" is still paralyzed and it doesn't seem possible for it to come out of it. Great are the mighty fallen!

WHERE WAS Walter Wellman when the light went out?

Ignace Jan Paderewski.

Ignace Jan Paderewski, the famous pianist, was born in Podolia, a province of Russian Poland, Nov. 6, 1860. At the early age of 3 he began to play the piano. His bent toward music was nurtured by his father and at 20 Jan was sent to Berlin to study harmony. His first ambition was to become a composer, but he afterward determined to master the piano, and he placed himself under Leschetitzky. That noted master found a willing and able pupil in the young Pole, and Paderewski advanced with a rapidity and a thoroughness that startled even his experienced teacher. His debut was made

SHORT CUTS TO SUCCESS.

Master Harry Buehler, aged fifteen, ran away from his home at Cleveland. He landed in Chicago, seeking his fortune.

And this is the way he managed his journey westward: "I had \$7 in the Pearl Street bank," said Harry. "I drew it out. But instead of buying a regular ticket to Chicago I made a bargain with the 'brakey' for \$2.50, and he sent me through."

Arriving in a strange city, he applied to a concern for work. He was asked his age and, perceiving no virtue in evasion, told the truth, whereupon he was refused employment. But at the next place of application he volunteered the information that he was sixteen—and got the job.

When this boy grows to manhood he need only follow his early devices to become a successful promoter of special interests. As head of a big corporation he will be able to swap good money to some political "brakey" who will send through the city council or the state assembly the needed franchises, and that without the delay or formality of the regular procedure.

The boy will get on. He has the nerve and the initiative and the fertility of mental resources which have distinguished so many of our captains of industry in their successful manipulation of high finance.

Besides—

The boy learned another thing—in his first lesson in "practical business." When asked his age he told the truth—only once. He found it did not pay to be too truthful. He learned the world wisdom of evasion and prevarication.

Harry Buehler saw that if he was to arrive anywhere in the commercial world he must not be hampered by the baggage of too much conscientious scruple. He therefore dispensed with that superfluous luggage.

Surely the boy will get on in material things. In his transportation to Success station he will be able to get along without the "regular ticket." He will arrange with the "brakey."

The boy is smart enough to "steal according to law"—and keep out of the penitentiary.

What of his morals?

What connection is there between high finance and ethics?

In Vienna and was all that he could have wished for. His genius delighted and thrilled all who heard its manifestations and his fame soon became world-wide. In 1889 he made his first appearance before a Parisian audience and a year later he was heard in London. Then came his first American tour, which is said to have cleared the pianist more than \$150,000.

RANDOM THINGS AND FLINGS

Get ready for Miss Prosperity. It is up to you to get a slice of it when she comes. Don't be asleep when she knocks at the door.

In these days when women neglect their homes for clubs it is a wise child that knows its own mother.

Not a Local Celebrity.

"This here Thaddeus of Warsaw may be famous, as I've heard tell," declared a Benton county farmer, "but two lived near Warsaw twenty-eight years and I never heard of him before."—Kansas City Star.

A WOMAN NEVER FEELS EMBARRASSED WHEN SHE GETS TO CHURCH LATE, ESPECIALLY IF SHE HAS SOME NEW DUDS TO WEAR.

Well may the republican candidates elected, and the republican party in Lake county be proud of Chairman Schaaf.

How often you hear this statement about a business house: "He has gone to lunch."

You see, Mr. Watson, if you ran for congress you might have been beaten just the same.

A cynic

Is a fellow

Who thinks he is

The real goods and all

The other fellows merely imitations.

As we pointed out, Mr. Bryan always had the crowds, but somehow the other chap always gets the votes.

The excuse of every man who does not mind his own business is that he is trying to do good.

Well, it seems that local option prevented a big republican landslide in Indiana.

Look long enough and you will be sure to find a weak spot in everyone.

IN POLITICS

Laporte, Ind., Nov. 5.—Laporte county democrats started a presidential boom for Governor-Elect Thomas R. Marshall by wiring him that his name would be presented as the state's candidate for president in 1912. The enthusiasts claim the honor of being the first to present Mr. Marshall as a presidential possibility.

It is pretty hard for some of the faithful to desert republican headquarters in the Commercial bank building. They still flock there in bunches and Chairman Schaaf can't drive them out.

Panama, Nov. 5.—The election of Mr. Taft has been learned here with rejoicing on the part of many Panamanians, especially the followers of President Obaldia. Mr. Taft made many friends in the isthmus during his visit here, and they are highly gratified over his victory, which they believe will prove a source of benefit to Panama.

New Orleans, La., Nov. 5.—Licked in a school days fight by W. H. Taft, Charles E. Duble, a local blacksmith, yesterday sent to the president-elect a telegram congratulating him upon his victory and reminding him of the boyhood "scrap" in Cincinnati, when young Taft whipped him in a "square stand-up fight." Last night Duble was overjoyed when he received a telegram signed "W. H. Taft," which thanked him for the congratulations and his reminder of the incident.

Taft, Texas, Nov. 5.—It is reported at headquarters of the Taft ranch, situated near here, that W. H. Taft and his brother, Charles P. Taft, owners of the ranch, will arrive here the early part of December on a ten days' hunting expedition. The ranch embraces 160,000 acres and deer and other wild animals abound in the pastures. The most magnificent country home and hunting lodge in Texas is situated upon the Taft ranch.

Washington, D. C., Nov. 5.—As soon as William H. Taft has taken the oath of office Theodore Roosevelt will leave the capitol grandstand, drive to the station, and take a special train for Bay. He will not return to Washington before the summer of 1910. He will not attend the inaugural ball.

spans, and the masonry provides for twenty-two foot depth of water. This improvement will be one of the best made on the Monon line since the road was constructed, and when completed will enable the company to make good time through the low ground in that vicinity, as the tracks on each side will be elevated to connect with that bridge.

CONSTABLE IS ATTACKED.

When Otto Keith, the furniture man, and Constable R. P. Lamar went to the home of Sherman Ivey of Shelbyville to levy on his household goods for non-payment of a bill, Keith was attacked by the Iveys. When the two men entered the house and made known their business Mrs. Ivey started after Keith with a butcher knife.

SHE BECOMES BUGGIE.

Frederick B. Buggie, formerly of Cleveland, O., but for the last six months manager of the Evening Republican of Shelbyville, and Miss Margaret Campbell, daughter of Mr. and Mrs. Charles H. Campbell, were married today at the home of the bride's parents. The Rev. L. O. Richmond, pastor of the First Presbyterian church, officiated. Mr. and Mrs. Buggie departed for a wedding trip in Ohio.

JUDGE MCCLURE OUT.

After twelve years on the bench of the circuit court Judge John F. McClure of Anderson will be succeeded on November 19 by Charles K. Bagot, democrat, elected last Tuesday. Judge McClure, however, was not a candidate for re-election.

DOESN'T LIKE GAME LAWS.

The Rev. John H. Hill of Columbus, who has been elected to represent this county in the lower house of the next general assembly, is a foe of the fish and game laws. He believes that it is the God-given right of every man to fish and hunt when he pleases and it will be one of the aims of his work in the legislature to secure the repeal of the fish and game laws.

TRY LAMPERE MONDAY.

Whether Mrs. Bella Guinness is alive or whether she died in the fire that killed her three children, is the question that proves most interesting at the trial of Ray Lamphere, which will begin in Laporte next Monday.

Lamphere is charged with the murder of Mrs. Guinness and her children. His attorneys declare that they will disprove the charge against him by proving that Mrs. Guinness herself is alive.

THE CREAM OF THE Morning News

Walter Wellman says history will record that President Roosevelt named his successor, but that he has many precedents for so doing.

When congress meets in special session to take up tariff revision the work probably will be in the hands of the standpaters and a maximum and minimum affair is likely.

Charles W. Morse and Alfred H. Curtis, New York bankers, are found guilty of misapplication of funds and falsifying the books before a station falsifying the books by a jury before United States Circuit Judge Hough and locked up in the Tombs prison.

Germany's anger over the Casablanca incident grows and the belief is general that the nation's honor is involved in the dispute with France.

Many changes in state insurance departments are likely as the result of the election.

Grain markets show heavy undertone, although wheat closes only a shade easier; provision list firm; cattle and sheep higher; hogs lower.

Stocks in Wall street are irregular, though several leading issues score substantial price gains.

NEW PRESIDENT AT NEWBERRY.

Newberry, S. C., Nov. 6.—The inauguration today of Rev. John Henry Harms as president of Newberry college, in succession to Dr. James A. B. Scherer, proved a red-letter day for the famous institution of learning. The alumni body was well represented and the other visitors included many members of the South Carolina synod of the Lutheran church.

The program of exercises held in Holland hall, on the college campus, provided for addresses by Dr. M. G. G. Scherer, of Charleston, president of the South Carolina synod; Rev. J. A. Sligh, of Newberry, president of the board of trustees of the college, and Dr. A. J. Bowers, representing the faculty.

CALIFORNIA WINTER RACING.

Oakland, Cal., Nov. 6.—The season of winter racing in California will be inaugurated tomorrow with the opening of the New California Jockey club's meeting at Emeryville. All indications point to a successful meeting. The club has substantially increased the value of the stakes and handicaps over the figures of previous years. The most notable increase is in the Burns' handicap, which is to have a value of \$10,000 added money instead of \$10,000 guaranteed.

SPORTING NOTES

JIMMY BARRY IS FAVORITE

Chicago Boxer Is Choice Over Jim Flynn in Los Angeles Bout.

Los Angeles, Nov. 5.—Jimmy Barry of Chicago will be a 5 to 1 favorite when he enters the ring with Jim Flynn tomorrow night. Both men are said to be in good shape. The bout is only of ten rounds and is set for Tom McCarey's arena inside the city limits, so there can be no decision handed down in case it goes the limit. On this account, Barry says, he will strive to win by a knockout. Flynn, whose real name is Andrew Chalmignon, has a strong following among the Italian element here.

WOLVERINES HELD BY SCRUBS

Each Side Scores Three Touchdowns in an Hour's Practice.

Ann Arbor, Mich., Nov. 5.—Hopes for a large score against the Kentucky State team went glimmering this afternoon, when the scrubs in an hour's practice, played the varsity to a standstill and equalled the regulars' three touchdowns. The scoring of the scrubs was accounted for by the absence of Douglas and Davidson and the fact that the team has been disorganized this week.

Watkins played longer tonight than at any other time since he injured three weeks ago, and it is now almost assured that he will start the game with the colonels. But it is not thought that the veteran full will play at his old position. Tonight he played a right end, and it is expected that he will replace Ranney here on Saturday for part of the game at least.

Davidson will remain at full, where he has played ever since his decision to enter the game this fall. Crumpler played his position tonight and Kahr played the right tackle position. Don Green played left half and will doubtless play at this position part of the game on Saturday.

The Kentucky team will arrive in Ann Arbor tomorrow for their first game with the wolverines and will be given the gridirons to work upon during the afternoon.

ENOUGH COACHES FOR TIGERS

Princeton Squad Is Driven by Two Dozen Instructors.

Princeton, N. J., Nov. 5.—Practically every regular and substitute in the varsity squad got into the scrimmage today and were driven by two dozen coaches. They were kept on the jump continually. Captain Dillon led the varsity in the secret practice and, though there was a scrimmage lasting twenty-five minutes, neither side scored, a picked second team of substitutes manifesting wonderful defensive power.

Bard, who has a good chance of succeeding Dillon as captain of the varsity, caught the ball on the kick-off and ran through the entire varsity, but there was a foul committed behind him, and the touchdown was not allowed. The varsity showed much improvement.

The open practice was divided into a fifteen-minute period with the freshmen and a twenty-minute battle with the scrubs. There were two touchdowns scored against the freshmen, and Bard drop-kicked a goal against the scrubs from the thirty-yard line.

SHERIFF WON'T PERMIT BOXING AT FORT WAYNE

Officials Is Believed to Be Acting Under Orders From Governor Hanly.

Fort Wayne, Ind., Nov. 5.—There will be no boxing in Fort Wayne if Sheriff Jesse Grice has his way. In explaining his stand on the subject, he said that he would not permit the game, and would arrest any person attending a bout in the county.

It is believed that he is still acting under the orders of Governor Hanly and that the efforts to start the game here were premature.

This means that the proposed Gardner-Morgan bout of Thanksgiving will not be pulled off as scheduled, as it may be held later, as Governor-elect Marshall is said not to be opposed to the game.

The boxing element here is not discouraged, as the patrons of the sport think that, with the assumption of the chair by Governor Marshall, they will be able to witness some bouts. The idea is to keep the number of rounds within a limit, but to allow decisions.

EIGHT SOX PLAYERS DECLARED INELIGIBLE

For Playing With the Logan Squares South Siders Are Under the Ban.

Eight of the white sox were placed on the ineligible list by the national baseball commission yesterday for having played against Callahan's Logan Square team. No mention of a fine was made in the dispatches from Cincinnati, but there is time for that little pleasure when the ineligible apply for reinstatement. Those decorated by the commission were White, Donohue, Smith, Altrock, Owen, Atz, Purcell and Fiene. Frank Roth of the Milwaukee team, who played with the sox against the Logan Squares, also was declared ineligible.

Until the taint of ineligibility has been removed President Conksley may not enter into contract with his players. The same request was made of Owner Havenor of the Milwaukee team.

Another batch of ineligible doubtless will be made known in a few days as the coxs, tigers, Clevelanders, Cincinnati Reds and others have participated in exhibition games since the close of the season in which were players whose standing in organized baseball is all to the bad.
