**ONE CERTAINTY**

Some Hammond People Fully Realize it Now.

When the back aches from Kidney

When urinary troubles annoy you, There's a certain way to find relief. A sure way to be cured.

Doan's Kidney Pills will do it. Hammond people endorse this claim.

Mrs. Maggie Heckelman, 414 Truman avenue, Hammond, Ind., says: "For years I suffered from kidney disease. The pains in my back were almost unendurable, and there was a feeling that I could hardly describe, a sort of dull dragging, bearing down pain that at times was terrible. I had no strength, and in the morning when I first got up would be so tired, weak and languid that I could hardly do my household work. Whenever I caught a cold it would settle in my kidneys thus aggravating the trouble. A friend advised me to try Doan's Kidney Pills and I bought a box at Hicknell & Co's drug store. Before I had taken half of the contents, I noticed a great improvement in my condition and I steadily grew better until at last I was cured entirely. I have not had any return of the trouble since, although the cure was performed several months ago."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and ask no other.

**HEARD BY RUBE.**

Don't start to knock. Now is the time to settle down and do business. Any man who can button a shirt-waist successfully is a married man and has long had experience in that line.

The persons who made the remark: "And the next day it snowed," numbers somewhere in the thousands.

Taking everything into consideration the independent party made a real respectable showing in Gary.

Up to the time of going to press the democrats have made no claim that the snow next day was the fault of the Chief Martin's hotel register shows a marked increase in the number of night lodgers during the past week.

It's just as well to start in to blanket your horse in the beginning of winter then there will be small danger of your forgetting it later on when the mercury begins to hover around the zero mark.

A Gary foreigners who had just been naturalized at Hammond was taken among others to the Maine restaurant for supper. Upon being asked by the waiter whether he would have beef or pork, the former son of Hungary answered: "Me wants Taft."

According to the latest reports there will be some change in the complexion of the state legislature at their next meeting.

There is still sand enough in and about Gary to elevate all of the rest of the railroads entering the city? They need not be a bit backward about that.

So far Gary football heroes haven't covered themselves with very much glory.

And after the snow the sun came out.

It was a perfectly safe and sane election.

Many of Gary's handsome business blocks are ready for the finishing touches.

The days of campaign cigars are over, but Christmas will soon be here.

When Graft Will Die. The human race will not be absolutely perfect until a man can educate himself to walk by a two-dollar bill on the sidewalk and not pick it up. Then, indeed, would graft be dead in him.—Manchester Union.

## WHERE DID THEY LEARN HOW?

**Gary Young Men Win Out Waist-Buttoning Contest.**

Where did J. V. Montgomery and Edward Morgan, two young men of Gary, who are still single, learn to button shirtwaists.

At a shirtwaist buttoning contest, held last night in the beautiful home of Mrs. W. W. Dick, Mr. Montgomery buttoned a shirtwaist in 30 seconds. Mr. Morgan buttoned another one in 34 seconds.

The contest was the feature of the evening but it was not without its disappointment. All the men, single and married, both expected to see a pretty damsel step into their midst and present herself as the subject upon whom the contest was to begin. The men were all expectation.

Two Dummies to Work On. The moment arrived the door opened and two dummies shrouded in shirtwaists were brought out. Two men at a time were put to work and such a squirming as there as to get a button that looked as big as a wagon wheel through a hole seemingly as small as a needle's eye. Several times the waist ripped but there was no complaining.

Some of the best known single men in the city, to feel if the second button from the top had been buttoned, etc.

There was other entertainment at the Dick home, which came in little surprise packages, and a peanut race with a spoon, which was won by W. C. Covington.

A musical program as also carried out and later in the evening refreshments were served.

## BACHELORS ORGANIZED

**Rules Promise to Be Hard on First Man to Become a Benedict.**

The latest of the many organizations to be started in Gary is the Bachelor's club, the members of which consist of some of the best known single men in the city. The object of the club is to meet once a week for a consolation party, and give smokers and have other forms of amusement at which the ladies will not be present. The club members propose to be hard on the first member that becomes a benedict, for he will be asked to give a dinner before he is married, in a hotel, to the members of the organization, and after he is married he will be asked to entertain in his home.

Not all of the members have been selected at present, but the following are eligible and will be included: E. G. Bigelow, Arthur Savage, Joseph Cothery, Joseph Gills, W. M. Dunn, H. A. Vossler and several other young men of the city.

**GARY LODGE NEWS.**

The election of officers will take place at the next regular meeting on Tuesday evening, Nov. 17. At that time the patriarchal degree will be conferred upon several candidates and the Hammond degree team have been invited to confer the degree.

Gary encampment is now in a flourishing condition, new members being taken in each meeting night. There are also several new applications to be acted upon.

The Eagles will hold their regular meeting tonight in Bennett hall, and all are requested to be present, if possible, as special business of importance is to be transacted.

The I. O. O. F. will hold their regular meeting tonight in the Odd Fellows' hall and there will be work in the second degree. There are two candidates to receive the degree.

The Knights of Pythias held their regular meeting on Wednesday night in the I. O. O. F. hall, but owing to the small attendance on account of the election, the initiation work was postponed until the next meeting night.

There has been no date set for the next meeting of Gary Woodmen. The meeting will probably take place towards the latter part of the month. Applications from several candidates will be acted upon at that time.

A meeting of the Gary Masonic Social club will take place next week to make the final arrangements for the big dance given by the club on Nov. 24.

## UNIQUE WINDOW DISPLAY

**Lion Store Pharmacy Has a Unique Window Display This Week.**

The display is featuring Orrine, the standard liquor habit cure, which this store has handled for a number of years with much success.

Four beautiful panels, handsomely illustrated, depict scenes of every day life, forcibly brought to the attention of passersby, who are interested in some one addicted to the curse of drink.

One picture shows the workman being discharged by his employer with the statement, "Drinking men not wanted." Employers nowadays do not keep men on their payroll whose brains are not steady and whose heads are not clear. Drinking men are not reliable.

Another scene shows the druggist endorsing Orrine and advising the customer that drunkenness is a disease and that Orrine will cure it. Orrine has the hearty endorsement of druggists selling it as they know it is doing much good in every vicinity.

The next two scenes show the man who has previously been discharged for drunkenness now reclaimed by the use of Orrine given to him secretly by his wife, who, standing by his side, says: "I am the happiest woman in the world. Orrine cured my husband."

Next, the man is shown at his work drawing full pay and in the picture of health.

This display is a remarkable exhibit and Kaufman & Wolf state that much interest is being taken in it and that they are glad to talk to anyone interested in Orrine, of which they have sold a large quantity and know of excellent results from its use in this city.

Orrine costs but \$1.00 a box and a complete cure costs less than the average drinking man will spend for liquor for himself and friends in a day. It can be given secretly if desired and if a cure is not effected, the money is positively refunded.

Be sure and see the display and get a free booklet.

**Representatives From This Region in Chicago This Afternoon.**

R. McCormick of the Chicago sanitary district in regard to relations of the Calumet region in Illinois and Indiana, on the question of drainage.

Each city in the Calumet region will send representatives to the meeting, which will be held in the board rooms in Chicago.

The question of good sewerage in this district is of vital importance to each city and it is expected there will be a large attendance. The meeting will be followed by a banquet at the Grand Pacific hotel.

**MR. AND MRS. HERMAN DOATZ HEAR SAD NEWS.**

Telegram From Muskegon Tells Them of Death of Father. Death Thought to Have Been Caused in Railroad Accident.

Indiana Harbor, Ind., Nov. 5.—Mr. and Mrs. Herman Doatz of Grapeville street yesterday received the sad news of the death of the former's father in Muskegon, Mich. The couple left yesterday afternoon for that city, and will complete the arrangements for the funeral.

Although no details were given in the telegram that conveyed the sad message, it is understood that accident while journeying from Muskegon to Detroit. He was to go to that city during this week, and would have had to change cars at a junction point about about the time his death occurred. The sympathy of the many friends of the bereaved family are extended through THE TIMES.

## DEDICATE NEW CHURCH

(Special to THE TIMES). Indiana Harbor, Ind., Nov. 4.—One of the largest church celebrations ever held in Lake county will be observed in Lake county on Sunday, Nov. 22. On that day, the new church edifice of the Roumanian Greek Orthodox congregation will be dedicated. Rev. Mihaltau, the pastor of the religious body, will preach the dedicatory sermon and will be followed by an address by one of the higher officers of the supreme church body. The speaker will doubtless come from Cleveland, although Rev. Mihaltau has not yet been informed who the visitor will be.

Following a large street parade, in which several bands will participate, a dinner will be served at the church. In the evening at 8 o'clock, local talent will stage a popular religious production, written in the native language of the communicants. This will consume the greater part of the evening, and will be followed by another, and more elaborate supper.

## WAVE OF PROSPERITY STRIKES THE HARBOR

**Foreigners Assured by Taft Election Send Home For Families.**

(Special to THE TIMES). Indiana Harbor, Ind., Nov. 6.—"Assurance by feature of election of William Howard Taft that the country is to experience four more years of exceptional prosperity, has resulted in the sending of transportation to many families on the other side of the Atlantic." This was the statement made, to a TIMES representative yesterday afternoon by John Camplan, foreign exchange manager at the Harbor State bank. Mr. Camplan is in touch with the larger portion of Indiana Harbor's foreign element, and consequently able to judge their actions. He predicts that at least two hundred employees of the local mills—all residents of this city—will send to Hungary, Austria, Roumania and Greece for their wives within the next three months.

Many Inquiries Come In. Ever since Tuesday evening, according to Mr. Camplan, there has been a steady stream of inquiries from the foreigners. Many have forwarded money to their families on the other side of the waters, while a greater number have merely instructed those waiting for information how to get to America. Pamphlets of the various steamship lines have been distributed freely among the inquirers, and it is the general expression that Indiana Harbor's population will be somewhat increased in the very near future.

Mr. Camplan declares that this is not an unusual feature of republican victories, for foreigners having firmly accepted the necessity of republican legislation as a productive power of prosperity. To them it means higher wages, and their simple mode of living permits them to save goodly sums of money with which to pay the transportation of their wives and children.

That's a pretty broad statement, but we will back it and prove it with our own money. Rexall "93" Hair Tonic is the remedy that will grow hair and overcome all scalp and hair troubles. It will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Kaufman & Wolf, Hammond, Ind.

Two Sizes, 50c and \$1.00.

**ANCIENTS WERE WISE.**

Barbers, in the early days of the Christian era, were not permitted to talk while shaving a patron. Indeed, silence was so much appreciated by persons while under the barber's hands that mutes were preferred for this service.

## WHEN THEY WILL BEGIN

**January First Will Mark the Inaugural Dates for County Officers.**

Congressman Crumpacker will succeed himself on March 4, 1909. Judge V. S. Reiter will succeed himself as Judge of the Lake superior court on Jan. 1.

Messrs. E. W. Wickey and W. H. Kilver will take their seats in the lower house of Indiana on Jan. 1.

Thomas Grant will succeed Sheriff Fred Carter as sheriff on Jan. 1, and all the other county officers will make the beginning of their second term from that date.

## A BALD-HEADED WOMAN

**Shorn of Her Crown of Beauty Loses in Love and Marriage.**

Hair is certainly most necessary to woman. Who could love and marry a bald headed woman? What charms could one array to offset such a disfigurement.

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet, right here in Hammond, there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences unless proper and prompt precautions are taken in time. Then again microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost anyone may rid themselves of dandruff and diseased scalp and hair if they will but use the right remedy. We have that remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. Rexall "93" Hair Tonic is the remedy that will grow hair and overcome all scalp and hair troubles. It will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. ## MAYOR SMITH SHOWS PRISONER LENIENCY

**Andrew Johnson, Whiting Man Charged With Forgery, Sent to Crown Pt.**

(Special to THE TIMES). Whiting, Ind., Nov. 6.—The case of Andrew Johnson, of East Chicago, came up before Mayor Fred J. Smith yesterday morning.

John was given thirty days in Crown Point. Johnson is charged with trying to pass a bogus check on the firm of Mizgatz & Stieglitz of the Hub Clothing store.

He went into the store and offered the check for \$24 in payment for goods he had purchased. When the check was given to Mr. Stieglitz, he at once doubted its validity and called an officer to place Johnson under arrest.

**DID NOT REALIZE ENORMITY OF IT.**

The case could not be called one of forgery, but seemed to be one of extreme ignorance, which was easily seen by the way the check was made out. The amount and the name of J. A. Patterson, an East Chicago attorney, was all on the same line. The check was on of the First National Bank of East Chicago. When questioned as to where he had received it, Johnson said he found the check on the street. He answered all the questions put to him in a straightforward manner, and all in the court room sympathized with him instead of censuring him as is usually the case in an affair of this kind.

**HAS A GOOD REPUTATION.**

The man's past reputation was looked up, and it was found that his reputation was the best, and that he had been employed in the acid department of the Standard Oil company for eleven years. He is married and has a wife and four small children.

John was taken to Crown Point this morning where he will be given an opportunity to ponder over his wrong doings for thirty days.

## WAS ON WRONG HORSE

Another freak election bet will be paid much to the amusement of those who happen to be on Broadway tomorrow night. Edward Morgan will wheel George Slicker down the street for six blocks and return. It is expected a large crowd will be on hand to cheer Morgan and lighten the burden of his toilsome journey.

The bet was the result of a wager several weeks ago when the two men met and started to discuss the chances of Bryan and Taft. Each were confident over the election of their candidate and as a result the bet was made.
