

FROM NEIGHBORING TOWN AND CITY

NEWS OF THE COUNTY SEAT

CENTER TOWNSHIP WENT FAR ASTRAY.

Republican Organization May Be Continued in Future.

The Center township republican club will meet at their headquarters to-night for a business meeting and to discuss the results of the recent election. It is possible that a permanent and active organization may be made of the club, and instead of disbanding they will probably continue their activities for the republican cause. The recent election has shown that Center township has gone far astray from the republican fold, and an earnest effort will be made to get the republicans back into the marching line before another election. Center township might as well get off the political map as to continue the work recently done at the election, and although Center has not been favored with a candidate recently, it is high time, politically speaking, that they "get right" if they expect to be so favored in the future.

Installing the Machinery.

An expert machinist is employed at the Crown Point Electric company's plant installing the big engine and dynamo to be used in supplying Lowell and Cedar Lake with electric light and power. The company will probably have everything completed and in readiness to supply the juice by the end of this month. The new business has required the expenditure of a big amount of money, but the officials believe it will be a paying venture.

The Hebron high school team will play the Hebron high school eleven tomorrow afternoon at the old fair grounds on Court street. Hebron is reported as having a good team this year, and the spectators will have a chance to witness a good game. Crown Point tackles Hammond high school at 2.

CURES ECZEMA QUICKLY.

New Drug, Poslam, Now Obtainable in Small Quantities.

Since its discovery one year ago, the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin afflictions. Heretofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. The overcame this, and in response to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at J. W. Wells and other leading drug stores in Hammond or may be ordered direct from the Emergency Laboratories, No. 32 West 25th street, New York City. In all eczema cases poslam stops itching with that application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

Harrison Park, Hammond, a week from tomorrow.

This Can't Be True.

A good story is told on a certain Crown Point democrat who is a loyal adherent of Fred Carter. In discussing the voting of the previous day the Crown Point democrat told his friends how he supported Carter in his race for sheriff, and they asked him if he voted for Carter. "Voted for Carter," said the Crown Point democrat, "you bet your life and voted for Carter, fact is, that is all I cared to vote at all for. Why in order not to make any mistake so that my vote might be lost for Carter I stamped the eagle so hard he screamed. You bet your life, I voted for Carter." And they let him think he did.

Mrs. Eunice Youche at her home on Main and South streets will entertain a party of ladies at a bride's shower and musicale on Saturday. The function is given in honor of the approaching marriage of Miss Ray Rockwell to Victor Dyer of Hammond. A feature of the affair will be a musical program in which members of the Thomas orchestra of Chicago will participate. A Hammond caterer will serve refreshments.

Old couples 70 years young and young couples 70 years old come daily to the clerk's office for marriage licenses without an appreciable let-up, and all of them seem to have town happy, for how long one now knows.

There is quite a contest on over the trusteeship of Winfield township, in which Stewart won over Clausen by a vote of one. Clausen and his friends claim the vote to be illegal, it being cast by a man employed at the county farm. There is quite a little discussion over the matter by the friends of both men and the end of the affair is not in sight.

The certainty of Marshall's election has quieted the political "rab-fests" in Crown Point and things have resumed their normal tenor of going. The defeat of Watson is deplored by hundreds of loyal supporters who nearly idolize Jimmy in Crown Point, and although they are compelled to bow to the will of the majority, there are many who remember Marshall's speech made in Crown Point and will wait the next two years with interest to see if the democratic candidate will fulfill his pledges. Had Watson had the vote of the women in Indiana there is not a question of a doubt, but what he would have received an overwhelming majority. As nearly all received the defeat of Watson with expressions of regret. At the best it is only a temporary democratic victory, the reaction would come at a later date will probably make many think a defeat preferable.

Its high time that activity was resumed in landing the interurban line from Crown Point to Gary, and those in charge can make a hit with the population of both towns by pushing the matter to a successful completion. Recent developments have shown that an interurban line between the two towns would be of incalculable value to both communities, and would be hailed with satisfaction by everyone.

Sheriff-Elect Tom Grant was in town from Lowell yesterday, accepting congratulations on his success at the recent election. Grant has not named his deputies as yet and probably will not until nearer time to take his office.

The picture show and 5-cent theater content draw good crowds each night and the promoters, while not realizing a fortune each night, make enough to call the business a paying venture.

The saloonkeepers at Cedar Lake are beginning to "sit up and take notice," and the refusal of licenses to two of the proprietors there has gotten most

of the saloonkeepers on the anxious seat.

The marble tile flooring at the court house is receiving a course of holystoning at the hands of several workmen, and the second story will soon be completed. The grounds have been put in fine shape for seeding, and by next spring will have their old-time appearance.

One of Valparaiso's most prominent democrats said two or three days before election that Bryan would win by the largest plurality ever given a presidential candidate, but if Bryan should fail of election on Tuesday, Wednesday morning he (the democrat) would become a socialist. We'll lose for the local democrats one of its principal leaders?

Whiting High School Contretemps Results in Cancellation of Gary Game.

PROF. HOLIDAY SAYS "NO"

Adventure of Sophomores Is Not at

All to Their Liking and Still

Less to the "Pac."

(Special to THE TIMES.)

Whiting, Ind., Nov. 6.—The Whiting high school students have been taking liberties during the past few days, which have terminated more seriously than the students had anticipated, being the cause of the Whiting and Gary football game on next Saturday to be cancelled. On last Tuesday the seniors did not show up at school, having made up the day before that the day would be spent in taking in the sights of Gary, and especially to visit the Gary high school. Spurred on by the seniors taking this liberty the sophomores decided they, too, would take a vacation, so instead of coming back after the morning recess the entire class went to Robertsdale park.

Professor W. W. Holiday was very angry when the sophomores failed to appear, and started out on a search. Not being able to locate them he returned to school. In the afternoon the truants all returned, but were much surprised when, after being given a severe lecture by Professor Holiday, the entire class was sent home.

This was much more than they expected, so to have something to do all walked to East Chicago. When they reached this place all were about worn out after the morning's rampage in addition to this walk, and it was here the trouble began. Very few of the fifteen had money to ride back home, so various ways and means were devised to raise the car fare for the crowd. They all managed, however, to ride home much tired by their day's adventures. When they went to school the next morning another lecture was awaiting them. It was then they were informed by Professor Holiday that the sophomore class were barred from all athletics for the year. Whether he will relent or not remains to be seen, but at any rate the game with Gary for which great preparations were being made has been cancelled, as several of the best players were members of the class which is now in the limelight.

The cancelling of this game has caused the remaining classes much regret, as this would have been the first football game to be played in Whiting this season.
