

EAST CHICAGO AND INDIANA HARBOR

EAST CHICAGO.

Rev. J. H. Palmer last evening addressed a splendid congregation upon "A Man with a Mission." Taking as his text Judge 13:5, "And he shall begin to deliver Israel," the pastor of the First M. E. church showed the necessity of every individual selecting some aim in life. The highest aim in every life is the advancement of humanity, and to this end we must all attain, declared the pastor. The sermon was well preached and was but one of the many interesting topics handled at the M. E. church during the past month.

High School Notes.

Of course we all like to see and help our classmates attain high places in school. But what naughty freshmen caused Roy to rise with loud exclamation by placing a tack on his seat Friday morning.

The Pedestrian club held a meeting in the English room Friday evening and elected the following officers: President, Howard Clark; vice president, Bert Peterson; secretary, John Dreesen.

Ben forgot to leave his gum on the tree just outside the school door this morning.

Miss Krouse has resumed her classes in the high school.

What is the "noise" that issues from the English room every noon? Can it be the senior-sophomore male quartette? Must be!

Know any high school news? Well, tell it to the reporter.

CHOICES WIN WHEN BETS STOP
Repression of Betting in New York Sees Racing Truer to Form.

New York, Nov. 9.—Shutting down betting in New York boosted the percentage of winning favorites to a good margin last season. About 47 per cent. won and on the very first day that betting was ordered wiped out, but when bookmakers were still taking wagers, every favorite scored.

After open betting stopped the basis of figuring was made on the odds posted by the "Mets" in a morning tip sheet.

Now that the racing season is over for the time and the horsemen will have to shift for themselves for the balance of the winter, prospects are gloomy for the future of the game. Statistic compiled from the amount of purses hung up show that the purses hung up for 1908 amounted to more than \$1,000,000 less than the total of 1907.

M'FARLAND IS HARD AT WORK
Is Training at Essington, Pa., for His Bout With Tommy Murphy.

Philadelphia, Nov. 9.—Pac-Man Farland is hard at work at Essington, Pa., for his bout with Tommy Murphy in this city Nov. 18, but the followers of the game here think that he is underestimating the New Yorker.

Farland seems to be supremely confident and smiles when told that Murphy is a master at the six-round game.

This is the fourth time the men have been matched but something has always intervened on previous occasions to prevent the bouts. Murphy's friends probably back him heavily when he steps in the ring, as they do not believe that McFarland can stop him in the six-round limit.

Joe Gans is somewhat disgruntled over the position he now occupies in the ring. It was at first expected that he would make a tremendous hit at the six-round game, but so far there have been hitches in the all the arrangements. The really good men steer clear of him, recognizing him as a dangerous customer, and falling back on the "color line" when he flies a protest. There would be little money for the former champion in taking second raters on and as a result he is practically left without engagements.

In the meantime his hotel, which is already heavily mortgaged, has proved anything but a paying proposition. So the former "champ" is disgusted with the outlook and the ring may see him again in big bouts.

GARDNER WINS FROM CLABBY IN 15 ROUNDS
New Orleans, Nov. 9.—Jimmy Gardner of Lowell, Mass., won the decision over Jimmy Clabby of Milwaukee after

CAPT. HOLLOWAY

fifteen rounds of hard fighting before the New West End Athletic club here last Saturday night. The battle between the welterweights was the fiercest and was witnessed by a large crowd. The men put up a hard earnest battle and the fans were delighted with the encounter. Gardner's cleverness and ring experience stood him in good stead against the youngster and earned him the verdict. Clabby fought back gamely and gave the Lowell fighter the best he had in stock from start to finish.

WISCONSIN TO MEET MAROONS FOR TITLE

Victory Over Gophers Puts Barry's Eleven in Line for Championship.

Wisconsin has drawn the task of beating Coach Stagg's maroon team to the western collegiate football championship this season by virtue of the former's triumph over Minnesota Saturday and dope makers will have little to do save study the form sheets until the clash of the old rivals at Madison on Nov. 21. The fall of Dr. Williams' athletes was not unexpected and while the badgers scarcely captured the game, Wisconsin's have begun to label their warriors the champions of 1908.

Northwestern re-entry in "big eight" circles resulted in a heavy blow to the Methodists, although Purdue's victory of 15 to 10 scarcely shows the relative strength of the two divisions. With the battle half over the purples looked like sure winners until the loss through injuries of many budding stars crippled the chances of the suburbanians. Purdue sprung a stronger array of offensive tactics than in any of its previous contests.

TAKES STEPS TO LAND THE RACE

Crown Point Man Aids Chicagoans in Going Over Motor Course.

(Special to THE TIMES.)

Crown Point, Ind., Nov. 9.—Chairman Joseph F. Gunther, of the racing committee of the Chicago Automobile club yesterday added another chapter to the proposed motor race next May over Indiana's boulevards for the Thompson trophy and chances for the West landing the classic took another upward bound.

Accompanied by Harold Wheeler of Crown Point and G. C. Sinsbaugh of the automobile club Mr. Gunther slipped down into Indiana and photographed several of the lightening fast stretches of road and the pictures will be forwarded to Jefferson DeMont Thompson, donor of the cup, with a petition urging him to visit the course and render an early decision awarding the race to the C. A. C.

When the race was first proposed by the automobile club officials, plans were laid to run the event this month, but the presence of the Vanderbilt and Grand Prix races on the calendar of speed events prompted the local motorists to abandon hope of conducting the Thompson trials. Racing men who have gone over the Hoosier pikes say the course arranged by the Chicagoans, approximately twenty-two miles to the lap and not crossed by the railroad line, is superior to the circuit used last spring in the Briarcliff cup run.

the student body of Arkansas university is momentarily expecting to hear that the faculty has made this move now on account of the death of Ernest Dickson, half-back, who succumbed in Austin, Tex., from pneumonia. It is said, after receiving injuries a week ago in Oklahoma. Saturday's game with the Drury college team had to be cancelled, but Professor Futrell, in charge of the athletics, does not anticipate abandonment of the game.

LAPORTE TRIMMED 'EM

Indiana Harbor's Husky Team Up Against Boys from Gunnessville.

Indiana Harbor, Ind., Nov. 9.—About twenty rooters accompanied the Harbor football aggregation to Laporte yesterday morning, where the local lads suffered defeat to the tune of 15 to 6. The game was not without honor to them, however, for the boys played an excellent game and their defeat was due entirely to the experience and additional weight of the LaPorte team. "Forty minutes of the hardest football ever played on a northern Indiana grid-iron" was the way one of the spectators expressed himself after watching the attacks of the Harbor boys on the apparently impregnable bulwark of the LaPorte team.

The game was not without its distinguishing features, nearly every man on the Harbor team showing up in some play or another. Captain Sternberg, as usual, played a brilliant, heady game, while Hascall, Finnerty and McShane proved themselves stars from start to finish. The single score was made by Snedden, one of the Harbor's snappy pass attempted by one of the LaPorte players. His rapidity in gaining ground with the entire field strung out behind him was marvelous to the three or four hundred spectators who saw the game, and the little end was made the recipient of the congratulations of many upon his splendid dash. The LaPorte team, however, tried to interfere and following an illegitimate play by one of their men attempted to claim "touch-back" rights. The Harbor lads, however, were upheld in the umpire's decision and thus saved them from a shut out score.

by the new organization, their good showing against the fast and experienced LaPorte crowd augurs well for splendid victories before the end of the season. No game has been scheduled as yet for next Sunday, although it is likely that Whiting will be played at her home field.

OUTLOOK APPEARS FAIR FOR RACING ON COAST

President Thomas Williams is Enthused Over the Prospects.

San Francisco, Nov. 9.—President Tom Williams of the California Jockey club, was much elated over the success of the opening day's racing at Oakland, but he and all the rest of the turfmen on the coast are in doubt as to the future of the game here. Efforts have been made to shut the sport down at Los Angeles and these succeeded in so far as keeping the game outside of the city limits is concerned.

That an effort will be made to stop the racing here in the pending legislature is certain. Reasons advanced against the game are the same as those which killed the sport in New York—the class of men employed to handle the various branches of the business, especially those who work in the books.

Families Should Have Dogs.

An Edinburgh clergyman says: "Every family should have a dog. It is like a perpetual baby; it betrays no secrets, never sulks, asks no troublesome questions, never gets into debt, never comes down late to breakfast, and is always ready for a bit of fun."

Becoming Pikers.

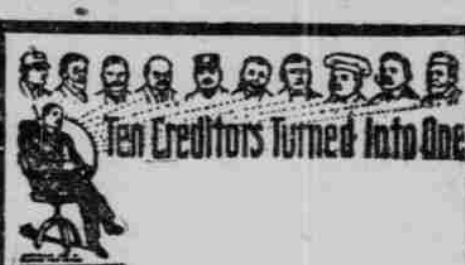

The treasury department reports an increased demand for one-dollar bills. Are we turning pikers?—Buffalo Express.
