TO LOCATE IN HARBOR

Attorney Who Has Organized G. O. P. Clubs Will Practice There.

(Special to THE TIMES.) Indiana Harbor, Ind., Nov. 10.—Indiana Harbor is to have a new attorney. Hon. L. Leon Gould, of Indianapolis, was in the city yesterday afternoon looking for an office location.

Mr. Gould, it will be remembered, was the gentleman sent to Indiana Harbor and vicinity during the recent campaign to organize republican clubs among the foreigners. His work in this region impressed him with the advisability of having an attorney in this city who can converse in foreign languages. Mr. Gould can fluently speak five different languages, and is exceptionally well read as a lawyer. For some time he has been a member of a prominent Indianapolis law firm, and has won quite a reputation for his powers of pleading and knowledge of lower court practice.

In addition to being an attorney, Mr. Gould will likely be the next vice-consul from Austria-Hungary for the northern district of Indiana. Arrangements are now being made in Chicago leading toward his appointment, and it is more than probable that Indiana Harbor will have consular office in her midst before the first of January.

RELICS SOLD FOR JUNK

Last of East Chicago Water & Light Co. Physical Property Gone.

(Special to THE TIMES.) East Chicago, Ind., Nov. 10.—The last relics of the old East Chicago Water and Light company were disposed of yesterday when the four boilers, installed some fifteen years ago in the local plant, were sold as "junk" to the Chicago House Wrecking company.

The machinery was sent to the scrap pile several months ago and the sale of the boilers removes from East Chicago the last of a once valuable plant.

The building formerly used for electric light plant purposes will be remodeled and used by the City of East Chicago as a central fire hall. Stables will be arranged and rooms provided for the safe-keeping of the city department wagons, as well as the buggy used by the chief of police. It is likely that the building will be in readiness before the first of the year, and opened at the same time as the new city hall, giving to the city an admirable set of municipal buildings.

WHAT CAUSES DYSPEPSIA?

And Incidentally Constipation, Coated Tongue, Nervousness, Headache and Other Symptoms.

Did you ever know that the stomach is a churn? That just as soon as you are done eating, the healthy stomach commences to roll the food around, and mixes it thoroughly with the juices of the stomach?

And did you know, dear reader, that if the stomach is run down or flabby, so that it cannot do the churning, that dyspepsia is the result?

If the food is not churned, it lays heavily on your stomach, turns sour, and causes all kinds of distressing symptoms, such as headache, coated tongue, constipation, etc.

And so, as every physician will tell you, the way to cure dyspepsia is to fix the churn, or in other words, build up the stomach so that it will properly mix the food.

If you have dyspepsia and want to get rid of it before it gets rid of you, go to Summers' pharmacy, the drug-gist, and get a large box of Mi-o-na tablets. The cost is only 50 cents, and every read of THE TIMES is welcome to his or her money back if Mi-o-na does not cure.

WILL TELL ABOUT LIFE OF CANNIBALS

Native of Maori Islands Will Lecture in East Chicago.

BORN AMONG MAN-EATERS

Stereopticon Slides Will Be Used to Elucidate Talks at Odd Fellows' Hall Friday.

(Special to THE TIMES.) East Chicago, Ind., Nov. 10.—East Chicagoans are to be given a literary treat on Friday evening of this week, when F. Rawel, a native Maori, will give his celebrated lecture on "From Cannibalism to Culture." Mr. Rawel has been secured by the First Methodist Episcopal church and a percentage of the proceeds will be turned over to that body. The entertainment will be held in Odd Fellows' hall and should prove exceedingly interesting to the growths of the neighborhood as well as students in the various schools of the city.

The entertainment will be stereopticon in nature, special slides having been provided showing the typical modes of life in Maori and New Zealand settlements. Mr. Rawel was born in the wilds of New Zealand himself, among cannibals of the worst sort, but was adopted when he was 12 years of age by an English lady of wealth. Struck by his beauty and manner, he was given a good education, and graduated from Christ Church university, in London, with the highest honors. For over twenty-five years he has been touring the world as a preacher and teacher, although he modestly declares that he and his family are not professionals, but tourists traveling for their own instruction and pleasure.

Nevertheless, they have unmistakably earned a splendid reputation for their work as unique and brilliant entertainers, and it is to be hoped that their lecture in this city will not be rewarded by a small audience. Admission has been placed at 25 cents and 15 cents.

ROUMANIAN PRINT SHOP

Harbor To Get a Plant For Accommodation of the Foreigners.

(Special to THE TIMES.) Indiana Harbor, Ind., Nov. 10.—Indiana Harbor is to have a Rumanian printshop, capable of handling contracts for church printing in the native language of the many Lithuanian and Rumanian residents of this city and Lake county. Such are the plans of John Campian, manager of the foreign exchange department of the Harbor state bank, and Rev. Simeon Maltan, of the Rumanian Greek Orthodox church.

It is estimated that there are upwards of 5,000 Rumanians in Lake county and the adjoining Illinois districts. These families should patronize a printshop equipped with the type used in their native land. The Harbor gentlemen who are backing the proposition, believe it will be a profitable investment.

A company will be organized shortly and stock sold at moderate rates to foreigners of this city. The plans have not yet been fully completed, although Mr. Campian is positive that the project will be successfully culminated.

Warfare of the Past.

Hamclur went from Carthage and landed near Palermo. He had a fleet of 2,000 ships and 3,000 small vessels and a land force of 300,000 men. At the battle in which he was defeated, 150,000 were slain.

SPORTING NOTES

EXPECTED NOTHING ELSE

Iroquois Football Eleven Gets Raw Deal from Soldiers.

The members of the Iroquois football team are still talking about the deal they got with the First Regiment team which was to have played here last Sunday.

They claim that the First Regiment boys felt sure that they would get their trimmings at the hands of the Hammond aggregation and for that reason failed to show up.

They are known to have been without a game on their schedule for that day and their conduct in turning down the Hammond boys, when the local team had been preparing for them for a week and had advertised the game, is said to be indefensible.

"The First Regiment team is afraid of us," was the way one of the members of the local team seized upon the situation and his opinion was concurred in by the others.

match, will have his first appearance here tonight with Al Kaufman. Billy Delaney thinks well of his man but Baron Long, the manager of Jim Jeffries' club, believes that Mustain may furnish a surprise for the fans here.

The opening event tonight will be "Bobo" Dougherty and Young Hugo at six rounds. Jeff Perry and Young Dempsey will meet in the semi-wind-up. Dempsey is sparring partner for Freddie Welsh and Perry was one of Nelson's workmates when the latter was here.

There is little betting on the bout, but what there is remains around even money.

ALL THE SPACE IS TAKEN UP

Exhibit Will Be Placed in Basement and Armory Galleries Twenty-Two on List.

All of the space in the automobile section of the Chicago Automobile Show which is to be given at the Coliseum and First Regiment Armory February 6-13, has been taken up according to Manager Samuel A. Miles. The list of exhibitors already numbers the manufacturers of ninety-two pleasure cars, several commercial vehicles, practically all of the leading motorcycle manufacturers and the prominent makers of accessories.

Not only are all of the manufacturers on the list who have exhibited before, but a number whose machines have never before been seen on view at the annual feature. The list at the Chicago show includes several makers who will exhibit at no other show.

MORAN IS LAID UP IN NEW YORK

New York, Nov. 10.—Owen Moran's condition here is worrying his manager, Moran has been afflicted with rheumatism and is said to be a very sick boy at present. His proposed match with little Frankie Neil has fallen through on that account. Johnnie Frayne, who is here, may quit the game altogether.

NOTRE DAME IN BASKET-BALL

Notre Dame, Ind., Nov. 10.—Fourteen men answered the call for the varsity basketball candidates yesterday evening. Among the number are: Captain Scanlon, Maloney, Fish, Heyl, Vaughan, Murphy, Gibson, Matthews, and Honan. A number of football men will join the squad later. A very strict schedule, including an eastern and also a southern trip, is being arranged. The local season opens November 23.

JONES TO MARRY AND QUIT

Hamilton, Ohio, Nov. 10.—"Tad" Jones Yale's star quarter last year and now head coach, will give up football after this season. Announcement was made at the Jones home in Excelesior that Tad will marry Miss Bette Shearn of New York and Denver in December next year. He will come to Hamilton to be superintendent of a new paper mill his father and his uncle, Congressman J. E. Hastings, are to erect here.

CORNELL HAS EYES ON MAROONS

Every Player on Squad Put Through Three Hours' Practice.

Ithaca, N. Y., Nov. 10.—Regardless of the severe pummeling they received in the Amherst game, every man on the Cornell football team turned out on the field shortly after two o'clock yesterday afternoon and for three hours the team was put through the hardest kind of practice. The hours will be from 2:30 to 5:30 every day until the team leaves for Chicago Thursday, which marks an epoch in Cornell coaching methods.

The practice was in secret and a number of new plays for the Chicago game were worked out. The ends and backs were taught Larkin's defense for Chicago's open play, and the two linemen were put through a hard scrimmage.

Caldwell was in the line-up for the first time in two weeks. Hoffman returned to the field after a week's absence in the infirmary, but a weak ankle made him cautious. Hurley was shifted to scrub quarter today for the first time.

A combination of a lump of soap of the size of a hickory nut, a pint of boiling water and four tablespoonsful of turpentine is the familiar solution used to transfer newspaper cuts to another piece of paper or to cloth.

POLO TEAM'S NEW GAME

Indiana Harbor Team To Play at Their New Skating Rink.

(Special to THE TIMES.) Indiana Harbor, Ind., Nov. 10.—Indiana Harbor's polo team will play the fast "Chute's Park" players at the local rink on Thursday evening, if plans being prosecuted by Manager H. E. Stephens do not miscarry. The boys were to have played a return game with the Sans Souci Stars tomorrow evening, but the game has been postponed for another week, and will be played on the Chicago rink a week from this evening.

The boys are in fine shape, Captain Cooksey having given nightly training to the entire team until they now understand thoroughly the rules and methods of the game. Their 3 to 4 score against the Sans Souci park aggregation showed their mettle to be of the highest grade and the lads should be able to win the majority of their winter season games.

WITH the PUGILISTS.

Fighting in other cities is about all the local boxing fans can look forward to at the present time. As Roosevelt might say, the boxing game is about beaten to a frazzle right here in New York. However, the good boxing clubs may give the anxious boxing admirers of this city something in the way of some bouts later in the season, and then again they may not.

California seems to be the only place where the boxing game is really in the limelight. There is still some hope left of getting the Nelson-McFarland match for Jim Coffey's club at Colma on New Year's Day, although Nelson says that the stock yards wonder will have to beat Joe Gans before he will talk business with him. The coast will also pull off the Stanley Ketchell and Papke fight on Thanksgiving Day. There is some slight hitch in the Ketchell camp just at present, but not enough to call the bout off.

According to Jack Gleason, who is handling the bout, Papke will not receive \$10,000 win, lose, or draw, but if Ketchell can beat the Illinois thunderbolt in their coming encounter he will receive the long end of the money for winning.

California will then have another fight in which Papke will figure. He has agreed to box Hugo Kelly once again before Jim Jeffries' Vernon club, near Los Angeles, some time during the month of September and this will be their third contest.

"But" Busy in the "Light." Battling Nelson leaves nothing untended in order to keep his name before the public. The latest now is that he and McFarland came near coming to blows when talking about why Nelson should fight McFarland and why Nelson will not. The latter says he is busy writing a book. The stock yards had insinuated that he write the book before he fights him, as there would be no book if he mixes with him before he gets it finished. Summing up the whole thing it looks as if Nelson and McFarland have a fight just the same. It's a good thing for both men at the present time. It won't be long now before the public will be hearing that Nelson and McFarland have been matched. There is a large sum of money waiting for Nelson and McFarland to fight for.

Fitz Has a Pup. Bob Fitzsimmons has a heavyweight pupil and it may be that he will make a heavyweight champion out of him, and it may be that he will not. The big man that Bob is taking in charge was formerly a wrestler, and was recently defeated by Frank Gotch. Dr. B. F. Roller of Seattle is the man that would like to break into the fighting game. The other day, according to reports, Fitz gave his pupil an illustration of the famous shift followed by a hard punch, and the pupil has been absent from school for some time, and has threatened to go back to the grappling game.
