NEWS OF THE COUNTY SEAT

EDITOR GETS A GOOD POSITION IN COURT HOUSE.

R. B. Bradford, formerly of Hammond, will be Deputy Treasurer.

It is reported that Ralph B. Bradford has been engaged as deputy treasurer under Albert Maack for his coming term of office, and will serve in that capacity at once. Mr. Bradford is eminently fitted for the work, and his friends are congratulating him on his new position. Miss Mayne Maillet will continue her work in the office for some time, when she will probably retire after years of able and efficient work, active in the capacity of deputy treasurer, and her many friends will be sorry to see her leave.

EASTMAN BUYS SOME VALUABLE FARM LAND.

John C. Eastman, owner and editor of the Chicago Journal, made a big purchase of farm land in Lake county yesterday, the tract being situated five miles northwest of Crown Point, consisting of 180 acres, known as the Peter Newdort farm. The price per acre was near \$70 with the improvements. The deal was made through Herman E. Sasse, the local real estate man. It is reported that Eastman will make great improvements on the place and will have his country residence on his newly-acquired property. Lake county land is being rapidly bought by Chicago capitalists, who realize that it is a good place to make a profitable investment.

Sheriff Fred Carter has returned from Michigan City and Jeffersonville recently, where he took three prisoners to the former place and seven to the latter. Carter says that the officials of those institutions know a Lake county bunch of criminals as far as they can see them, and they say that the county is not being a bit backward in helping to fill both institutions, and that either crime is on the increase or the county is getting much larger. The officials are probably right in both their statements for never has the jail been as full as it has been for the last year.

THE VICTIM OF DRINK

Needs Orrine Treatment—Cure Effected or Money Refunded.

Drink first destroys ambition; breaks up ties of friendship; kills and buries love and eventually destroys the family life.
Some of the best men in the world have been victims of drink and if there is not some member of your family that is afflicted with this disease, you are indeed fortunate.
Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary to destroy the craving, and this Orrine will do.
It destroys the desire for liquor, so that the drink will not be missed, also cures the deranged digestion, weakened nerves and other ill effects of excessive drinking, restoring the patient to perfect health.
The remedy is absolutely harmless, is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee entitling you to a refund of your money if Orrine fails to effect a cure. Booklet on "How to cure drunkenness" sent free on request in plain sealed wrapper. The Orrine Co., Washington, D. C.
Orrine is in two forms, No. 1, which can be given secretly without the patient's knowledge; No. 2, in pill form, for those who wish to be cured. The price of either is \$1, mailed on receipt of price in plain sealed package, and both are sold under the guarantee. Orrine is sold by the Lion Store Pharmacy.

FOR PIMPLES, TOO.

A few months ago the dispensers of poslam, the new discovery for the cure of eczema, decided to allow the druggists of the country to handle it. Previous to that time it could only be obtained direct from the laboratories.

Since this change in the method of distribution, poslam has met with the most phenomenal success of anything introduced to the drug trade in the last 30 years. All leading druggists, including J. W. Wells in Hammond, are now carrying the special 50-cent size recently adopted, also the \$2 jar.

This great success is not surprising when it is remembered that, in eczema cases, poslam stops the itching with first application, proceeds to heal immediately, and cures chronic cases in a few weeks. In minor skin troubles such as pimples, blackheads, acne herpes, blotches, rash, etc., results show after an overnight application. Experimental samples of poslam are sent to anyone by mail free of charge, by the Emergency Laboratories, 22 West Twenty-fifth street, New York City.

WHITING NEWS

Closing of Forty-Hour Devotion.

The closing services of the forty-hour devotion of the Whiting Polish church was held on Sunday evening.

The church during these services presented a most unusual spectacle. The decorations which were elaborate, consisted of palms, ferns, white carnations and chrysanthemums, the color of green and white being carried out in every detail.

The priest of this parish, Rev. Felix Serocynski, is much pleased with the success of these services as the attendance was very large at every service, many out of town persons, particularly from East Chicago, being in attendance.

As it was Moore won, so it is now up to Scholz to ride him in a wheelbarrow from Whiting to the White House at Forsythe. This is a rather long distance, but Scholz surely won't go back on his word.

BIG FIGHT ON FOR THE PLUMS.

(Continued from Page One.)

Chicago. They both think they have a claim on the deputyship and are doing their best to land the office.

Three at Indiana Harbor.

In Indiana Harbor there are three aspirants for the deputyship. Judge Hemmoff who worked for the success of the party during the campaign and was one of the most efficient workers in the Harbor now seeks the deputyship.

He is opposed by J. A. Patterson, who made the race for the nomination against Greenwald and had the Indiana Harbor delegation with him. Willard B. VanHorne is another of the aspirants for the deputyship in Indiana Harbor.

At Crown Point there are two candidates. August Bremer made the race for the nomination against Greenwald and he took his defeat gracefully and turned in and worked for party success during the campaign. Mr. Bremer is opposed by M. J. Smith who was an important party of the republican machinery there.

At Lowell there is but one applicant for the position. He is J. W. Belshaw who has held the position during the administration of the present incumbent.

Two Candidates in Gary.

At Valparaiso the logical man seems to be C. W. Burkhardt who, at the present time, is the only man in the field. In Gary there is expected to be several candidates for the office. They have not all yet made themselves known, but the office in Gary is something of a plum and there will probably be a number of applicants for the position. The names of Attorneys Hodges and Fox are both mentioned.

The cities of Hammond and Whiting will be taken care of by Mr. Greenwald himself. It is likely that the prosecutor-elect will establish an office in Hammond and he will try to get the county commissioners to give him office room in the court house.

It will then be possible to find him at all times and he can look after the Whiting business when he is in his home city and the Hammond business while in his office here.

Mr. Greenwald will not take office until January first and so there is no pressing necessity of his making any appointments at this stage of the game.

Few people realize the importance of the prosecutor's office in Lake and Porter counties. It is safe to say that the prosecutor has more strings to pull than any other office holder in the county. If he uses good judgment in the selection of his subordinates his office may become a political force.
