

FROM NEIGHBORING TOWN AND CITY

NEWS OF THE COUNTY SEAT

Hunting Season Begun.

The open season for shooting game, which commenced yesterday, made hurry to take out hunting licenses, and the clerk's office was besieged by those who want to get in on the ground floor of the game slaughter. It is reported that rabbits and small game are quite plentiful this season.

Sunday Club Meets.

The study club met yesterday afternoon at the library building with a most interesting report on the Indiana State Federation convention recently held at Indianapolis. Mrs. Dinwiddie entertained the club with an interesting paper on "John Milton," and was followed by Mrs. David A. Root with an excellent lesson on "Household Management." Mrs. Congdon gave an interesting little talk on "Fish Laws of Pennsylvania," and after the critics report the club was adjourned.

May Have Skating Rink.

Crown Point may have an up-to-date skating rink built near the court house square in the near future if the present plans of the East Chicago men do not go awry. The deal is yet in embryo and the men in question wish to have their names withheld for obvious reasons, but enough has transpired to warrant the statement that the project will materialize and that enough money will be expended by the promoters in installing an up-to-date skating rink on the pattern of those that are making money for their managers in other Lake county towns. The site of the proposed rink will be on the old Wolf lot, opposite the postoffice.

Fight Pictures Exhibited.

The Gans-Nelson moving pictures of their recent fight shown at Central Music hall last evening under the management of Clarence Rudolph, the local 5-cent theater man, drew a large crowd, who view with interest the faithful representation of six rounds of the famous battle between the lightweight champions of the world.

It is reported that Henry Rosenthal has recently repurchased his interest in the saloon business he sold some time ago to Casper Volmer, and the two men will run the establishment in conjunction, one having charge of the hotel and the other the bar.

It is reported that John Wilson and family will soon leave Crown Point for Iowa, where John will engage in business. Crown Pointers are loath to believe the report and hope it is only a rumor, as every one would regret to see Mr. Wilson and family leave the city. John is one of the progressive, and Crown Point needs all she has of that kind.

Joe (Brigham) Young of Eau Claire, Wis., arrived in town on Sunday and will probably make Crown Point his headquarters for the rest of the winter. Joe has recently undergone two serious operations for gall-stones in the Eau Claire hospital, and his condition was such as to cause alarm among his friends. Joe has disposed of his business in Eau Claire, and will regain his health and recuperate in Crown Point. The latest love story at the Hub: She—"Dear, do you love me?" He—"Vep."

She—"Well, how much, dear?" He—"Oh, big as your hat." And she was satisfied.

The prosperity that is reported as being handed around the country in large chunks has not made its appearance in Crown Point in any appreciable manner, but for that matter the panics was not felt here either, and if it hadn't been for the daily papers it is a question if Crown Pointers would have known that anything out of the usual tenor of going had happened.

Owing to a change in the arrangements the Q. A. M. club met last evening.

Doan's Kidney Pills will do this for you. They watch the kidneys and cure them when they're sick.

Mrs. F. W. Nimmon, formerly living at 22 Plummer avenue, Hammond, Ind., says: "For a year my daughter suffered continually from kidney disease. Her kidneys had been weak from babyhood and she had no control over the secretions especially at night. This caused us considerable worry and extra work. She was run down in health, pale and delicate looking, and in a nervous condition. Having often read of the cures brought about by Doan's Kidney Pills, I purchased a box at Dicknell & Co's drug store, deciding to give them a trial. They were given to the girl according to directions and they took immediate effect. Within a week the secretions became less frequent and the headaches disappeared, and after taking the contents of four boxes, her condition was excellent. This was over a year ago, and today she is in the best of health.

Feminine Fads and Fancies

VOGUE OF THE STRIPE.

The beauty of many of the new striped materials will protract the vogue of the stripe, but in suitings, indefinite plaid, and check designs are newer and are receiving more favorable attention in Paris. Beautiful color combinations and designs are shown in these new plaids, the blending often being so subtle that at a short distance the material looks almost like a one-tone color.

Of all pronounced fads of the moment buttons take the lead. They are put on for service, and
