

# A DAY IN GARY LAND

## GARY TIMES NOW IN ITS NEW OFFICES.

Patrons Are Advised of Change in Location of Newspaper Office.

The Gary Evening Times is now located in the new office on the first floor of the Call building on Broadway, between Sixth and Seventh avenues, and all friends and patrons of the paper are welcome there. All business for the paper, in both advertising and circulation, will be done from this office. Subscribers may reach the office by means of telephone, Gary 2681, and all news items will be welcome.

## GARY POLICE MAKE A LOT OF ARRESTS.

Eight Persons Are Landed in the Drag-net For Petty Offenses. The following arrests were made by the Gary police last night:

Thomas Thornton, drunk.  
J. Costello, pointing a pistol.  
George Devick, petit larceny.  
GoVerge Dörbrick, petit larceny.  
Mike Fedorovich, petit larceny.  
Nick Rabarovich, petit larceny.  
Martin Miller, drunk.  
J. H. Campbell, drunk.

## OPENS A STENOGRAPHIC OFFICE IN GARY.

Raymond Cleveland, Formerly of Hammond, Will Set Himself Up in the Gary Hotel.

Raymond Cleveland, of Hammond, started a public stenographic office in the Gary hotel today, which will be established as a permanent business. Mr. Cleveland is prepared to do all kinds of work for business, professional men and transients. He is an experienced stenographer and is well and favorably known in Hammond, where he has lived and has been employed in that capacity for years.

## JOHN O BOWERS LETS CONTRACT FOR BUILDING.

Gallagher & Williams Are the Successful Bidders When the Bids Were Opened Yesterday.

The contract for the new two-story brick building for Attorney John O. Bowers, of Hammond, was awarded to Contractors Gallagher & Williams yesterday afternoon.

The foundation for the new building was recently put in by Schmidt Bros. and work will be started on the general contract as soon as the material arrives.

## GARY BRIEFS.

Gary hotel serves Noontday lunch, served from 11:30 a. m. till 2:00 p. m., 40 cents.

Miss Theresa Mayhak, who has been confined to her house with an injured knee for the past few days, is able to be at her work again in Gary. Miss Mayhak was compelled to use crutches, but it is thought that these will be discarded tomorrow. Miss Mayhak was injured by a fall in the skating rink recently when one of her skates became loosened.

Why cook when you can get a Sunday dinner at the Gary hotel at 75 cents, served from 12 to 2:30 p. m.

Miss Hulda Lager, who recently underwent an operation on her foot in Chicago, went to Chicago today for treatment.

Gary hotel serves club breakfasts, 30 cents to \$1. Served 6:00 a. m. till 9:30 a. m.

E. G. Johnson, the Northwestern Life Insurance man of Hammond, was in Gary yesterday on business.

Loan Office—Money loaned on anything valuable. Gottlieb, 20 Eleventh avenue.

Altering the Room.

Every room that is occupied should be thoroughly aired each day. It should be remembered that a large volume of air rushing through the house will remove the impure air more effectively in ten minutes than an hour's airing with windows partly opened and doors closed.—Good House-keeping.

## MONEY

Steuben County Wine Co. Distributors, CHICAGO, ILLS.

## HEARD BY RUBE.

If your wife is spending more than \$30,000 per year just take her aside and tell her it may be possible by being economical to get along on less than that sum.

Later on some of our contractors may get a chance to repair some of those pavements made of good intentions.

About the most useless thing we can think of at this moment is the campaign appeal carefully written and decorated with a 2-cent stamp, which does not reach the man to which it is addressed until after he has voted.

The Mothers' club of Gary is the latest social acquisition to enroll on the roster of the organization in Gary.

Several Gary men have already thought of chartering electric launches to carry excursion parties down the Burns' ditch next summer.

Chief of Police Martin also received congratulations yesterday on the capture of the Chicago horse thief.

The Mothers' club was organized for the purpose of the mothers becoming better acquainted with their children.

Although the Gary coal man is smiling with the rest of us he is just thinking of what he will do in the course of a few weeks when the city is in icy grip of winter.

It is now time to get out your last year's Christmas trees and brush the dust off the pinnacles.

All the turkeys around Gary and Tolson are pleading for a safe and sane Thanksgiving.

One thing is sure if the Gary town board want safety gates at the Michigan Central crossing they are pretty sure to get them.

If the town board are contemplating changing the time of their meetings we would offer as a suggestion \$:07 a. m.

As we said some time ago we are still open to all engagements for Nov. 26.

P. S.—This was not meant as a hint.

## PLAYER GRABS THE POT

Card Game Among Gary Foreigners Ends in the Police Court.

An attempt of one of five Hungarians to steal all the money in a card game which was going on in a shack in the south end of town today, resulted in the arrest of all the men engaged in playing, by Officers Johnson and Nestorovich, and they were booked for petit larceny.

The game broke up in a row as one of the men suddenly gathered up the glittering silver, making the charge that the other players were cheating him, and started for the door. Before he could make much headway, however, he was stopped by the other three. During the commotion some one telephoned for the police, and the two officers arrived on the scene just as an attempt was being made to take the money away from the foreigner who had done the "grand grab" act.

The men were not booked for gambling, but were all charged with the more serious offense of petit larceny. None of them were able to furnish bond and are being held to await trial.

## WHAT CAUSES DYSPEPSIA?

And Incidentally Constipation, Coated Tongue, Nervousness, Headache and Other Symptoms.

Did you ever know that the stomach is a churn? That just as soon as you are done eating, the healthy stomach commences to roll the food around, and mixes it thoroughly with the juices of the stomach?

And did you know, dear reader, that if the stomach is run down or flabby, so that it cannot do the churning, that dyspepsia is the result?

If the food is not churned, it lays heavily on your stomach, turns sour, and causes all kinds of distressing symptoms, such as headache, coated tongue, constipation, etc.

And so, as every physician will tell you, the way to cure dyspepsia is to fix the churn, or in other words, build up the stomach so that it will properly mix the food.

If you have dyspepsia and want to get rid of it before it gets rid of you, go to Summers' pharmacy, the druggist, and get a large box of Mi-o-na tablets. The cost is only 50 cents, and every read of THE TIMES is welcome to his or her money back if Mi-o-na does not cure.

## WESTERN ROADS ENTER MARKET FOR ROLLING STOCK.

Western roads have entered the markets with a vim for new rolling rolling stock and for the first time this year the Pressed Steel Car company and the Standard Steel Car company are making a showing at their respective plants. The Pressed Steel Car company has received orders for two months, and the light steel plate industry, which builds passenger coaches and does not require heavy plate, as do the freight cars, are beginning to get orders.

## Land of Utopia.

The word "Utopia" is from two Greek words meaning "nowhere." It is an imaginary island representing the "best state of a public weale," described by Thomas More.

Try a want ad in THE TIMES.

## SAYS LAKE COUNTY IS ENTITLED TO BANNER

Gary Man Offers Figures in Answer to St. Joseph's Claims.

## MORE REPUBLICANS HERE

William H. Parry Predicts Bigger Vote in This County Than Neighboring Sister in 1912.

William H. Parry, of the Hydraulic Pressed Brick company, in Gary, enters a strong protest against the assertion made by some of the well-known politicians of St. Joseph county, where he formerly lived and with whom he is personally acquainted. Among other statements is that of the county chairman of that county, Samuel R. Thomas, who in an article in the South Bend News, has the following to say:

"It may not be generally known now but it is a fact that St. Joseph county is the banner county for the republican ticket in the entire state. In fact, I have had telegrams of congratulation from some of the leading republicans of the state during the day and each one of them have been high in their praise for the work done and the showing made in the city of South Bend and the county."

**Speaks of Club Work.**  
"In all the twenty-four years that I have been in politics I have never seen such a good organization and never in the history, I believe, have the members of the party worked so diligently and harmoniously for success. I am speaking particularly about the Hungarian, Belgian, Polish and Jewish clubs. Every member of these clubs worked exceedingly hard, and I would like to meet every one of them personally and express my thanks. My thanks are also due to the speakers who have given their time and influence to the success of the ticket without any show of a reward beyond their loyalty to party principle. Every one of them called on were faithful and willing and did good work."

Mr. Parry says that the above is not the case, and he has the figures of each of the two counties to show that it is not. The vote of St. Joseph county is larger than that of Lake, but the plurality for the republican party is much less. In Lake county, Taft received a plurality of 4,076, which is more than a thousand more than that given in St. Joseph. In the next presidential election Mr. Parry says that Lake county will not only exceed St. Joseph county in the republican plurality, but in the total vote as well.

## WILL CARRY CAMPAIGN INTO THE LEGISLATURE

Joint Committee Favoring Reforms in County Affairs Will Soon Formulate Final Plans.

Within the next few days active work of outlining a plan for legislative reform in the conduct of city, township and county offices, which was instituted some weeks ago by the Indianapolis Merchants' association, will begin. Several members of the committee, which took the initiative in starting the reform movement, have been out of the city for several days, and for that reason the work that was outlined has been somewhat delayed.

W. C. Bobbs, chairman of the Merchants' association committee, returned yesterday after an absence of several days.

"A meeting of the joint committee representing each of the civic bodies will be called in a short time," said Mr. Bobbs, and after a report from the committee on permanent organizations has been received, the work that was outlined some time ago will be resumed."

Mr. Bobbs says that the original plans to secure legislation for a uniform accounting system in county offices, and other reforms which were proposed by the committee, will be taken up and carried out and a fight made before the legislature in January.

## TURKEY FOR PRESIDENT ROOSEVELT THANKSGIVING.

Providence, R. I., Nov. 12.—On Thanksgiving as usual a mammoth Rhode Island turkey is to grace the holiday table at the White House. And as usual the turkey in all probability will come from Connecticut. Most of the Rhode Island turkeys now come from the Nutmeg state, just as most of the Vermont birds, formerly the best accepted substitutes for the Rhode Island bird, now comes from Kentucky.

Horace Vose of Westerly, this state, known all over the country as the Thanksgiving provider for the president—who has furnished the turkey to every president from Grant to Roosevelt—is on the alert for the best bird reared in this section of New England for the Thanksgiving in the White House. Mr. Vose says he hopes to be able to send him a bird that will be a record-breaker, both as regards size and fine flavor. Mr. Vose has been looking over the flocks, but as yet is undecided as to what particular turkey will be sent to the president.

**The Greatest Happiness.**  
To make an end of selfishness is happiness. This is the greatest happiness—to subdue the selfish thoughts of "I."—Buddha.

# Ask Your Neighbors

So many people scattered all over the American Continent have been cured by Dr. Pierce's Family Medicines that there's scarcely a hamlet where some of these grateful people are not to be easily found—ever ready to say a good word for the medicines which cured them and which very likely may cure you, if similarly afflicted. Look them up. They are walking advertisements for Dr. Pierce's medicines—ever ready to pass the good news along that these medicines cure when many others fail. Little advertised NOW, because their record of 40 years of cures makes great displays of their merits unnecessary. The great American people, pretty generally know of their unequalled record.

As a Stomach and Liver invigorator, and Blood cleanser

Pierce, M. D., President, Buffalo, N. Y.

## WATSON STILL RUNNING

Makes No Stop After First Heat, and Is in Race Already for 1912.

Bloomington, Ind., Nov. 11.—In endeavoring to impress on the students of Indiana university the importance of having an ideal in life and sticking to it, James E. Watson, at a mass meeting in the gymnasium—here Tuesday, declared that his ambition was to be governor and that he would remain in the fight until he won.

"I am going to confide a secret to this crowd," he said. "Ever since I was 6 years old I have cherished an ambition to be governor of the state of Indiana, and I always have believed I will be. I want to serve notice right now to my democratic friends that, though I have lost the first heat, I do not expect to give up the whole race. In 1912 I expect to be a candidate again for the office of governor of the state."

Mr. Watson was here attending a regular meeting of the Indiana university board of trustees, of which he is a member.

## IS NOW ON THE JOB

Representative E. D. Crumpacker Favors Tariff Revision Downward.

Congressman E. D. Crumpacker has reached Washington to appear before the ways and means committee for the tariff revision hearing. Judge Crumpacker has further strengthened his position here with his constituency by favoring tariff revision downward. A Washington dispatch says: "Representative Crumpacker took his seat as a member of the ways and means committee of the house of representatives today, succeeding James E. Watson, who resigned from the committee last spring. Mr. Crumpacker will be here right along on account of the tariff hearings before the committee. He says he is in favor of tariff revision down, and will, as a member of the committee that is to frame the bill, do all he can to bring about general reduction."

## NEW METHOD OF REDUCING FAT.

A new item from Paris informs us that the American method of producing a slim, trim figure, is meeting with astonishing success. This system, which has made such a wonderful impression over there, must be the Marmola Prescription Tablet method of reducing fat. It is safe to say that we have nothing better for this purpose in this country. Anything that will reduce the excess flesh a pound a day without injury to the stomach, the causing of wrinkles, the help of exercising or dieting, or interference with ones meals is a mighty important and useful addition to civilization. Just such a catalogue of good results, however, follow the use of these pleasant, harmless and economical little fat reducers. We say economical, because Marmola Prescription Tablets (made in accordance with the famous prescription) can be obtained of any druggist or the maker, the Marmola Co., Detroit, Mich., for seventy-five cents the large case, which is a decidedly economical price considering the number of tablets each case contains.

## NEGRO FAIR AT AUGUSTA.

Augusta, Ga., Nov. 12.—The Negro State Fair, for which preparations have been going forward for some time past, had an auspicious opening today at the grounds of the Georgia-Carolina Fair association. The exhibition embraces a good display of live stock, agricultural products, and manufacturers. A program of athletic sports and other attractions has been arranged for the entertainment of the visitors. The fair will come to a close Saturday. The work of judging the exhibits and awarding premiums was begun this morning.

All the Virtues in One. There is but one virtue—the eternal sacrifice of self.—George Sand.

## TARIFF REFORM IS URGED.

(Continued from Page One.)

and South America would be stimulated by our being enabled to compete there with England, Germany, and other European countries where labor is comparatively much cheaper than here."

Mr. Clues referred to the strongly fortified position of the farmers after four years of abundant crops. He pointed to the revival in the textile industry, as evidenced by the shipment at Savannah last month of more than 100,000 bales of cotton.

Coincident with this, he said, the leading dry goods houses are reporting a gradual recovery after a ten months' standstill in business. Textile manufacturers at Fall River and other hard hit centers were growing more cheerful, he said.

## Improvement in Railway Traffic.

The steel corporation earnings, too, he said, he increased nearly seven millions in the quarter ending Sept. 30, over the previous quarter.

Gradual improvement in railway traffic was shown in idle car reports of the American Railway association, the latter showing 101,837 idle cars in the United States and Canada on Oct. 14, a decrease of 28,841 from a fortnight before, and of more than three-fourths from the maximum total of 413,000 idle cars on April 29.

Mr. Clues takes an optimistic view as to the banking outlook. He said the sweeping plurality for Taft shows the confidence of the people in the man and his future administration. This confidence he regards as a bulwark of strength to the country—financial, industrial, and commercial.

He attacked the proposed plan of guaranteeing national bank deposits. He said the plan was paternalistic, involved centralization of power, both political and financial, and was certain to lead to abuses and corruption. It was also open to criticism because it means discrimination against state and trust companies.

Mr. Clues said the country needs a currency well secured and automatically responsive to its needs at all seasons. A factor in a scientific financial system, he said, involved a gradual change from bond secured national bank notes to the system based on reserves of specie and bank assets. He criticized the sub-treasury system, which forced out of circulation large amounts of money at times when trade is active. He said the government should use national banks instead of sub-treasuries.

## FOR RIVER IMPROVEMENT.

Huntington, Ala., Nov. 12.—The Tennessee River Improvement association met in convention in this city today with a good attendance of delegates from the several states interested in the improvement of the waterway. The association purposes to put forth every endeavor to secure an appropriation from the coming session of congress to carry out the plans for the improvement of the river in order to make it navigable.

## VICTIM'S BROTHER HAS GUNNESS NOTES.

(Continued from Page One.)

vegan, for Mrs. Gunness could not write English, and in them are many references to Lamphere, of his threats against her and her children and of Lamphere's jealousy because Andrew Helgelein had been a guest at her home. She refers to Lamphere as "that crazy Lamphere" and "that jealous Lamphere."

It is considered by the state that in the letters of Mrs. Gunness to A. K. Helgelein, it is evidence of the strongest possible moment to support the theory that Lamphere, jealous of Helgelein's attentions and angered because

he thought that he had been supplanted in the affections of the widow, assisted the widow in putting Helgelein out of the way and that afterwards, to become revenged upon her, he set fire to her house.

With ten jurors tentatively accepted by both the state and the defense, court adjourned until today, in order that a fourth special panel of twenty-five veniremen could be summoned. The ten men, who likely will be on the jury finally sworn to her the evidence are:

HENRY MILL  
CHARLES ENGSTROM  
JARED F. DROLLINGER  
WILLIAM E. CRICHTON  
CHARLES F. NELSON  
CHARLES TRAVIS  
JOSEPH BENTZ  
L. B. COLLINGS  
ARBA KIMBALL  
W. G. KYLE

All are farmers. To date eighty-seven talesmen have been examined and seventy-seven of these have been either excused for cause or peremptorily challenged and excused.

## Getting Evidence Ready.

That the remaining two jurors will be obtained today is expected by both sides, and in anticipation thereof the attorneys are busy lining things up for the introduction of evidence. Fol-

lowing the swearing of the jury, Prosecutor Smith will make the opening statement. That the defense will serve its statement until after the sates evidence is expected.

In offering the evidence Prosecutor Smith announced last night that his program was to place first on the stand Coroner C. S. Mack, and follow him with Dr. F. T. Wilcox, Dr. J. L. Gray, Dr. J. H. William Meyer and Dr. H. H. Long.

Through Coroner Mack and the physicians facts learned in the inquest will be brought out. The report of the inquest will probably be offered by the state, but its value as direct evidence is small, because it is an ex parte statement. In the impeachment of witnesses who told one thing to the coroner and another on the stand lies its greatest value to the prosecution.

Reports that additional skeletons have been found at the Gunness farm were in circulation on the streets, but these stories have arisen from the fact that D. M. Hudson, one of the chief witnesses for the defense, several days ago picked up some bones which are declared by experts to be the bones of a dead hog, although it was first reported that they were human bones. The officers declare the alleged finds to be valueless.
