## NEWS OF THE COUNTY SEAT

### EXPERT ARRIVES AT THE COUNTY SEAT.

Republicans View the Democratic Activity with Much Amusement.

An expert sent out by the democratic state central committee arrived here yesterday and commenced his labors on the vote recently cast at the Lake county election. The democrats are charging all manners of fraud, and are endeavoring to have the Lake county ballots nullified, but the republicans cannot see where any of their contentions will hold water, and are viewing the activity with unconcern and amusement.

The only thing they are wondering is whether the democrats will continue their tirade against the "Hunkies" up to the eve of the next election, and wagers are being made that most of them will be patting the self same Hunkies on the back long before next ballot time shifts around. Politics make strange bedfellows, and either party is willing to occupy the same bed for a night or two before election. Before election it was the fellow that lines the "Hunkies" up, after election it was them because most of them voted as they pleased.
