PITIFUL STORY OF CHINK SMUGGLING

Six Chinamen Are Dead Because of Trial to Get Over Border.

HAMMOND POLICE INTERESTED

Another Chapter In Serial Which Hitherto Has Included the City of Hammond.

The authorities of Hammond were much interested in the sensational story regarding the death of six Chinamen who were drowned while being smuggled across the American border yesterday.

Hitherto Hammond has been the stumbling block for Chinamen who want to get into the United States, and many have been arrested at the Washab depot in this city, after they had been taken from trains coming through here for Canada.

At Buffalo six Chinese are dead, four are under arrest and three smugglers are missing as the result of an attempt to smuggle ten Celestials into Buffalo early this morning.

The ten Chinese were being brought across the harbor end of Lake Erie in a motor boat and two clinkers. When the boat piled up on the rocks the white smugglers deserted the Chinese, saying they would come back and help them.

A heavy sea was running and the boats were completely wrecked. The Chinamen were tossed out, six being thrown onto the wall and either killed by the fall upon the rocks or drowned before they could regain their senses.

Four of the dead men were lying not far apart on the breakwall and their bodies were easily picked up by the life saving crew. Two other bodies of the Chinese were so wedged in between rocks on the breakwall that the life savers were unable to release them until they secured appliances.

The police were notified by a watchman who is employed on a dredge which is tied to the breakwall near the gap through which the Chinese were attempting to enter. The watchman had been startled by the crash of the timbers in the two small boats and the flying bodies which were thrown onto the breakwall.

STRING OF CARS BURNED

Foreigners in Erie Yards Burned Out of Homes Last Night.

The burning of ten box cars, used to house the foreigners in the Erie railroad yards, last night after 11 o'clock lit up the neighborhood until it looked like an enormous conflagration.

An over-heated stove in one of the box cars set it afire, with the result that others burned as fast as the flames could reach them. The foreigners managed to save their few belongings to the main, and the cars, too, would have had better fire protection had the departments been able to reach with water. Both Nos. 1 and 4 turned out and by connecting with the water tower managed to get a stream of water.

Nos. 1 and 3 were called out to the scene of the Michigan Central train wreck, near Hohman street. While there was no work for them to do Chief Dilschneider this morning said that it was a wise plan to summon the department as it might have been a serious wreck, and lives have been endangered.

HAHLWEG KNOCKED OUT

Hammond "Pug" Loses His Fight With Tim O'Neil of Irondale.

Before a good crowd in Meeker's hall at 101 One Hundred and Fifty-fifth street, Emil Hahlweg's backer threw up the sponge in the third round in the ten-round boxing contest between Tim O'Neil of Irondale and Emil Hahlweg. The Hammond boy was groggy in the second round, and it was clearly demonstrated that he is not in O'Neil's class. Warren Renne refereed the bout, and gave good satisfaction. Dolski knocked out his opponent, Al Hammer, of Hegewisch in the third round, while "Kid" Lavene of Chicago got the decision over Jimmy Armond.

The fans now look for Carl Anderson to go on with Tim O'Neil.

HEALTH IS VERY POOR

Judge Reiter May Appoint Temporary Successor to Prosecutor Boone.

Judge Virgil S. Reiter is one of the Hammond Shriners who took the trip to Murat temple in Indianapolis. The judge is taking advantage of the fact that the illness of D. E. Boone, the prosecuting attorney, will delay the work of trying the criminal cases until after Monday.

If Mr. Boone is not better by Monday he will probably appoint some one to act as prosecutor in his place.

M. C. TRAIN'S RECORD RUN.

Special Carrying Vice President New York Central Lines Beats All Records.

C. E. Schaff, second vice president of the New York Central lines, made a record-breaking run over the Michigan Central from Chicago to Niles yesterday, his private car attached to an inspection engine passed through Michigan City without stopping at 1:40, says the Michigan City Dispatch. The special left Chicago at 12:30 and reached Niles at 2:30, covering the distance in ninety-three miles in exactly two hours. But one stop was made and that was at Grand Crossing. As far as is known this record has never been equalled. When the train reached the curve west of the depot the engineer shut off his steam and the speed of the train was checked slightly until it reached Franklin street, where Chief Dispatcher Whipple gave the engineer a signal indicating that the track was clear. The steam was again applied and the train went through the lower yards like a streak. Conductor W. E. Hutson and Brakeman J. F. Ducey were in charge of the special from Chicago to Detroit, the engine being in charge of a man who is employed regularly to operate it.

MASSONS WANT TO BE "ANCIENT"

To restore a word to its corporate title which was dropped fifty-three years ago by an oversight, the Grand Lodge of the State of Illinois, Free and Accepted Masons, yesterday obtained permission from the secretary of state at Springfield to change its name to "Most Worshipful Grand Lodge of Ancient Free and Accepted Masons of the State of Illinois."

According to General George M. Meaton, past grand master, the original charter, obtained in 1847, contained the word "ancient." In 1855 a new charter was taken out, extending the powers of the grand lodge, and "ancient" was left out of the name. The word is part of the traditional title of the order, and the grand lodge recently decided to use it in the charter.
