NEWS OF THE COUNTY SEAT

Sidney Ainsworth Demolishes a Pony Cart Yesterday.

While returning from the football game yesterday Sidney Ainsworth, driver of the Williams' automobile, ran into the pony cart belonging to the Weiner family and demolished the outfit. The accident occurred at the Banks' corner on Court street, and although there were two children in the rig at the time no one was seriously hurt. It being quite dark at the time, and Ainsworth, not having started the automobile lights, failed to see the cart and the collision resulted.

DEATH OF MRS. AHLES EXCITES SYMPATHY.

County Treasurer Albert Maack Bereaved of his Mother.

Mrs. Catherine Ahles, mother of Albert Maack, treasurer of Lake county, and to the Ahles' boys of Hammond, died here yesterday morning after a lingering illness of months. Mrs. Ahles was 66 years of age, and was a widow, her husband dying about three years ago. The funeral will take place on Tuesday morning at 10 o'clock from the Maack's home on Court street, after which the remains will be taken to Brunswick to be buried on the Ahles' family lot.

The aged woman was well known throughout Lake county and was respected by all who knew her.

Were Ready to Go.

A report from St. Johns yesterday said that the entire town was in danger of being burned to the ground and that help from Crown Point would be much appreciated.

The fire alarm was sounded here and the old hand engine gotten in readiness to start to the seat of the fire, but it was learned that water could not be procured in any quantity in St. Johns, consequently the trip to that town was not made with the fire apparatus from here. Later reports say that the entire lumber yard of the Gerlach Bros. was destroyed, quite a little damage done to their store and surrounding buildings.

The fire it is thought started from sparks from an engine. The loss is considerable, but is partly covered by insurance.

News Causes Surprise.

The news of the appointment of M. J. Smith as deputy prosecuting attorney for Crown Point in Saturday Times was received with quite a little surprise here Saturday night, as many were unaware that a change would be made in that office here.

However, it is the opinion that Mr. Smith will fill the position in an admirable manner, and his many friends are congratulating him on his new appointment. Mr. Smith has been a strenuous worker in the recent campaign and deserves recognition for his services. Mr. Bremer, the ex-deputy, will continue his law practice as usual in Crown Point.

Crown Point the Winner.

In a well played game of football the Crown Point "all-star" team defeated the Lowell eleven at Oakland park in that city yesterday afternoon by a score of 6 to 0, and when the fact that only a week was taken in practicing for the game the article of football presented was marvelous. It was a clean fought battle, devoid of roughness and rag-chewing, and the crowd on both sides seems entirely satisfied with the result. Although the Lowell team was much heavier than the Crown Point men, the ability of Crown Point to hold them in crucial stages was apparent. It was a friendly hard-fought

DOING THEIR DUTY

Scores of Hammond Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick. Backache and many kidney ills follow.

Urinary troubles, diabetes, Doan's Kidney Pills cure them all. Hammond people endorse our claim. Mrs. J. W. Addy of 307 Indiana avenue, Hammond, says: "Why will women suffer from kidney disease and other allied troubles when they can obtain such a grand remedy as Doan's Kidney Pills. Perhaps they were like myself. I felt weak and miserable for a long time but never stopped to ask myself the question, 'Are my kidneys the cause of my trouble?' I went right on suffering until at last I had to seek relief. I gave every remedy I thought would help me, a trial, but without being benefited in the least. Finally I heard about Doan's Kidney Pills and how many cases of kidney diseases they had cured, after doctors had failed. I decided to try them and procured a box at Bicknell & Co's. drug store. I improved soon after I began taking them, and before I had finished the contents of one box the benefit I had received was unmistakable. I used in all three boxes and by that time I was cured. I advise all suffering as I did to try Doan's Kidney Pills."

battle, and Crown Pointers who witnessed the game are loud in their praises of the treatment received in the hands of the Lowell crowd. The old-time partisan feeling with the enmity and ill-feeling that is sometimes aroused seems to be a thing of the past, and it is getting so that people can enjoy a game solely on its merits, and their desire seems to be that the best team shall win, whether it be their own or not. Such feeling goes a long way toward clean sport and athletics and ought to eliminate a lot of the old-time rancor and ill-feeling that was aroused between the different towns on account of the defeat of their favorites.

The football enthusiasts in Crown Point received with regret and disappointment the news of the defeat of the Crown Point high school team at the hands of the Hammond aggregation on last Saturday. Although Crown Point high school hasn't been showing a very classy article of football this season, suffering several defeats, it was thought that they had a fighting chance to win and many expected a third game would be necessary to settle the championship. However, the Crown Point team accepts their defeat in a sportsmanlike manner and say that the best team won, fair and square, and give the honor to the Hammond boys, being entirely satisfied with the treatment they received at the hands of the Hammond crowd.

Quite a number of Crown Point people attended the funeral of Miss Mary Teigart at St. Johns this morning. Geisen & Don, the local undertaking firm, had charge of the funeral.

About fifty of the lovers of football in Crown Point attended the football game at Lowell yesterday afternoon in spite of the cold raw weather, and all report a good game considering the practice that the Crown Point team has had.

The Fortnightly Musicals will be held at the home of Mr. and Mrs. D. A. Root on South street this evening. The local artists will be assisted in the program by Chicago talent.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, deafness will be permanent. VALPARAISO

Decker Has Invention.

Joseph Decker of this city has applied for a copyright on what he calls "The Winner," an inducement novelty to stimulate cigar sales. It consists of a set of dice and a chart for the recording of throws which determine the number of cigars won by a customer. Mr. Decker says that he is meeting with considerable success in the sale of his chart wherever dice are thrown for cigars, and is in the possession of a large number of references from well-known Fortier and Lake counties cigar dealers, who testify as to the value of the game as a money-maker.

Joe is spending nearly all of his time on the road now, and expects soon to organize a local stock company for the handling of his enterprise. He expects to take a trip to towns in Lake county next week.

Manager Heineman will probably book the Morris-Thurston Stock company for a return engagement during the fair week next year.

After 6 Years Agony

Dr. Taylor's Eczema Remedy

Gentlemen—I have suffered from burning, itching Eczema for six years, which tortured me so that I could not endure my undecorated skin. My back, neck and face were one mass of eruptions, and I was so unsightly I was ashamed to go out. I purchased a set of Dr. Taylor's remedies and was cured. I hope this testimonial will come under the notice of other sufferers of this terrible disease, so that they will also get relief.

Funeral of Jerry Bresnahan.

The funeral of Jerry Bresnahan, who died on Thursday at St. Margaret's hospital after a short illness with pneumonia, was held yesterday morning, interment taking place at Mount Olivet cemetery in Chicago. Impressive funeral services were preached at the Sacred Heart church at 8:10 a. m. by Rev. J. B. Berg, after which the funeral cortege proceeded to the Pennsylvania depot, where the 9:45 was taken to Chicago.

The death of Mr. Bresnahan is one of the saddest which has occurred in this city for some time.

For several months he was laid up with typhoid fever. Upon recovering he was anxious to return to his duties as fireman at the Standard Oil company, so he went before his constitution was strong enough to stand the hard work, and he was taken with the fatal attack of typhoid-pneumonia, which was the cause of his death after one week's illness.

Mr. Bresnahan was born in Knockwagool, County Kerry, Ireland, in 1873. He came to Whiting about fourteen years ago. He has been very popular in all circles in this city and was known as a man of exceptionally fine character. A sad incident connected with the death is the fact that the family just moved into their cozy home in Central avenue, which they built, with the intention of enjoying the comforts of, together, only about three weeks ago.

The deceased was a member of division No. 2, A. O. H. E. K. O. T. M. No. 64, Whiting Eerie, E. O. E. and the Whiting Mutual Benefit association of the S. O. C. All of these orders were represented and accompanied the body to its last resting place. The floral tributes were of unsurpassed beauty, showing the high esteem in which he was held.

The untimely death of Mr. Bresnahan will be especially mourned by his wife and two little children, aged 2 years and 6 months, respectively, and to the sorrowing family the sympathy of their many friends is extended through the columns of THE TIMES.

EAST CHICAGO GETS DOSE OF PROSPERITY

German - American Tank Line Company Puts on New Men.

(Special to THE TIMES).

East Chicago, Ind., Nov. 16.—The first glint of prosperity has arrived in East Chicago. The German-American Tank Line, located near One Hundred and Forty-eighth street, has announced that it will shortly add twenty-five men to the operating force of its local plant, giving them a full running capacity of over 100 men daily.

The German-American Tank Line, while small in size, is an active industry in the Calumet region, and furnishes steel tanks and tank cars to several independent oil companies throughout the United States. The cause of their sudden addition of workmen is explained by the fact that during the past week they have received orders sufficient to keep them working for the next six months.

In an interview with Superintendent Jones, it was learned that on Friday orders for 185 cars had been received from eastern concerns. "The Proctor & Gamble company of Cincinnati," said Mr. Jones to a TIMES reporter, "have given us orders for 100 cars of about 7,000 gallons capacity, all of steel construction, while on the same day we received orders for 85 cars from various other eastern manufacturers."

The Interstate Iron and Steel company is operating at very nearly its full force, while the Republic mills—Chicago avenue—are adding to their working force just as rapidly as possible. All in all, the labor position in East Chicago is brightening and within a few weeks will be at its normal degree of energy.
