

THANKSGIVING DAY PROCLAMATION ISSUED

Gov. Hanly Recounts the Blessings that the State Has Received.

THURSDAY NOV. 26 IS NAMED

"Turn From the Busy and the Complex," Says the Governor and "Give Thanks Unto Him."

Governor Hanly Saturday issued his Thanksgiving proclamation, urging that the people turn aside from their "busy and complex life" and acknowledge the "tender mercies and the unfailing care of the Infinite Father." The proclamation in full follows:

On Thursday, the 26th day of November, 1908, a day designated and set apart by the president of the United States for that purpose, the people of this land, stirred by high impulse and united by common intent, will pause in the stress and hurry of their busy, complex life, turn aside from the paths of trade and traffic, gather around family altars and about public channels, and there make grateful and sincere acknowledgment of the tender mercies and the unfailing care of the Infinite Father.

Believing that the people of the state of Indiana desire to share in the observance of said day, in its ceremonies, its reunions, its renewal of family ties, its joys and its benefits, I, J. P. Hanly, as governor of the commonwealth, do also designate and set said day apart as a day of praise, of prayer and of thanksgiving, and do hereby declare it to be a legal holiday throughout said state.

The year now closing has been crowned with goodness. Material possessions have increased. Riches have multiplied. Seed time and harvest have been ours. "The pastures are clothed with flocks and the valleys are covered over with corn." "The earth is full of the goodness of the Lord." He has shown us His ways. He has led us into the knowledge of His truth, and has made the light of His countenance to shine upon us. He has saved us and blessed our inheritance, and has taught us the value of integrity and uprightness.

We have not always understood. Our ways have not always been His ways. But we are finite, and He is infinite. We see but dimly, are sometimes impatient and often mistake both time and place. But He sees clearly, is never in a hurry and His purposes do ever. His "thoughts to all generations" shall stand forth.

tions." Time and place are always His. Therefore, let us publish His mercies "with the voice of thanksgiving and tell of His wondrous works." With "broken and contrite hearts" let us confess our sins. Let us pray that our hearts may not henceforth turn back, nor our steps depart from the paths He has set for them. Let us trust Him even as our fathers trusted Him. Let us "depart from evil and do good."

MAKES GOOD SHOWING

Food Inspector's Report from Gary Shows City in Good Standing.

The Indiana state board of health in their report for September, show that typhoid fever and tuberculosis have caused the majority of the deaths in the state during that month.

In making their reports the food inspectors show that the food-stuffs inspected to be above the average of those inspected in other cities in the county. They make the following report:

Out of eighteen groceries inspected, two were good, eleven fair and five poor. Out of twenty meat markets inspected, two were found good, twelve fair and five poor. Of ten bakeries and candy shops inspected, two were found good, four fair, two poor and two bad. Of six hotels and restaurants inspected, four were found fair; one poor and one bad, being unclear. One milk depot was found fair. A large amount of meat in the markets was condemned.

GAME WAS A FARCE

Hegewisch Team Asks Iroquois to Be Kind to Them.

The practice game in which the Hammond Iroquois team tried conclusions with the team from Hegewisch, was a farce from start to finish. The Hegewisch boys represented themselves to be several pounds heavier than they were and when the Hammond players lined up side of them the locals looked like giants. There was a crowd of 600 present.

The Hegewisch aggregation then asked that the Hammond team agree not to make any plays through the line and a most unique sort of handicap to put on a team, but Hammond agreed to the proposition.

When the first half was started the Hegewisch boys knew that the play would be around one end or the other and so all they had to do was to concentrate their strength on the ends. The result was that Hammond could not make any appreciable gains on either end, the first half ending with the score 0 to 6. In the second half one of the Hegewisch boys got mad and went home.

The Hegewisch team recruited another player from the crowd and the game went on after some delay. The second half was played on the agreement that the Hammond players could make gains through tackle.

In a short time the score was run up to 21 to 0 in favor of the Hammond team and that was the score when the game was called. The local players are preparing for the game with the First Regiment team on Thanksgiving and they were glad to have the practice that the Hegewisch boys gave them.

If there was a star in the Hammond team it was Frank Bick, who went into the game and played center when he had never been in a football game before. Bick was voted the star of the game for the reason that he dared to get into the game and let other members fall on him during a whole half.

REPRESENTS GARY AT DEDICATION

Dr. J. W. Nieuirkirk Goes to Indianapolis for Communication.

Dr. J. W. Nieuirkirk of Gary left this morning for Indianapolis, where he will attend the sixty-first annual communication of grand encampment, L. O. O. F., and the dedication of the grand lodge building on Wednesday, Nov. 17. Dr. Nieuirkirk has the honor of being one of the high officers of the Gary encampment, and will represent the local lodge at Indianapolis.

The dedicatory ceremonies will take place in the afternoon of Wednesday and will be attended by representatives of the various Odd Fellow lodges in the country. It will be followed by a big torchlight parade, in which it is said that 5,000 Odd Fellows will take part.

The dedicatory address will be delivered by Sir John L. Nolan of Nashville, Tenn., at Tomlinson hall, after the parade. Following this there will be a degree which will be conferred by Indianapolis lodge No. 465.

WHO IS SAM BROWN?

The Gary police department last evening received information that a man by the name of Samuel Brown had been attacked by two highwaymen in Chicago earlier in the evening. Brown told the Chicago police that he was a salesman from Gary, and although a persistent search has been made for record of such a man, the police are unable to identify him among their acquaintances. The attack occurred at the corner of Adams and Peoria streets, and Brown was a loser to the extent of a railroad ticket and some \$29. The Chicago reports indicate that he was severely beaten before he relinquished his possessions.

JUG HELD A CHEMICAL

Somebody in Gary has undoubtedly by this time learned to his sorrow that the jug which he stole from the steps of the Gary police station last night did not contain whiskey, but a chemical fluid for the fire department. The word went around yesterday that the police were in possession of considerable liquor which had been confiscated in the raid of the "blind tigers" last Saturday night. While this is true the officials were careful not to place it on the porch, and their thoughts were far from mischief when they placed the jug containing the chemical on the porch.

But there surely was wailing and knocking of teeth, if some one tilted the jug to meet his lips without first smelling the contents.

ENTERS CAMP; STEALS

Thief Is Traced to Johnson's Place and Tries to Sell Horse.

On Sunday morning at 10 o'clock a man entered the camp of St. and Lamb in Gary and stole a horse valued at \$200. The camp is located along the Lake Shore tracks, in the vicinity of Virginia street, and a white man was seen leading the horse away.

The thief was traced to Dave Johnson's place, on Washington street near Seventeenth avenue, and there the thief tried to dispose of the horse. One of the men there suspected that the man had stolen the horse and the police were notified.

The man who was trying to dispose of the animal and he hastily left the saloon just as Sergeant Catey entered. The horse was recovered by the thief escaped.

WILL BOOM THE CITY

Captain H. S. Norton, of the Gary Commercial club, has announced the list of delegates he has appointed to the Indiana Federation of Commercial clubs, which meets at Richmond, Ind., Nov. 18 and 19 for its annual meeting.

The members of the delegation will be, Harry Cail, H. J. Carr, H. S. Norton, George Manlove and W. H. Fitzgerald. Four rooms have been rented in one of the hotels there and the Gary boomers will be in charge of a Gary exhibit with which it is proposed to give the city some desirable advertising.

SHOPS ARE OPENING UP

A St. Louis dispatch is to the effect that the American Car and Foundry company will soon open up its Detroit shops and will soon have its entire capacity in operation.

The Republic Iron and Steel company announces that it will have all of its nine blast furnaces in operation in a few days. For several months only six have been active.

The United States Steel corporation and three other important makers of pig iron and steel are increasing the number of their charters for the down-take of lake ores to the end of the season, as the revival of the market will draw more largely upon ore stocks than was anticipated as lately as a month ago. The greatest possible expedition will be made in loading and discharging ore ships, and orders have been issued that the time of voyages between upper and lower lake ports must be reduced.
