CLEAR THE COMPLEXION OVERNIGHT.

Pimples, Rash, Eruptions, Etc., Quickly Eradicated by New Skin Remedy.

Since its discovery one year ago, poslam, the new skin remedy, has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the eminent specialist who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurement of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset.

In less serious skin affections, such as pimples, rash, herpes, blackheads, acne, barber's itch, etc., results show after an overnight application only a small quantity being required to effect a cure. A mucky or sallow complexion is noticeably improved by a single application. Those who use poslam for these minor skin troubles can now avail themselves of the special 50-cent package, recently adopted to meet such needs. Both the 50-cent package and regular \$2 jar may now be obtained in Hammond at J. W. Wells, 98 State street and other leading drug stores.

Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 21 West Twenty-fifth street, New York City.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is like a rubber band around the neck of a bottle. The tube is closed, and the air cannot reach the eardrum. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Sent for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists.

URGES SCHOOL SANITATION

Report for the Year 1907 Is Completed and Law of 1891 Is Criticized.

The state board of health in its annual report for 1907, just issued, makes a number of recommendations relating to the health of the state and the best means for preserving healthful conditions. The board suggests a statute, requiring that all schoolhouses hereafter built shall conform to natural sanitary laws. It also suggests that the act should contain a clause requiring that hygiene be taught in the public schools.

"Not less than 10 per cent of the money are now wasted" says the report, "on account of unsanitary schoolhouses, in which start most of our epidemics, and in which
