Install New Engine.

The electric light plant at this place has just been completed, installing their new mammoth engine and dynamo to be used in supplying Lowell with light and electric power. The line is nearly constructed and in all probability the plant will be in operation before the first of the year. The new improvements have cost the company thousands of dollars, but it is said to be money well spent. A further enlarging of the building in Crown Point may be necessary before the plan will be able to meet the demands made upon it.

Accept Auto Agency.

Will Handley and Dr. Houk have the agency for Lake county for the celebrated Reo automobile and anticipate a good sale on these popular machines next season. They will have a machine for demonstration in the near future, and will probably go into the business on an extensive scale.

A number of our football enthusiasts will journey to Madison, Wis., on Saturday to witness the Chicago-Wisconsin game on Randall field. The betting here is slightly in favor of Chicago, but no one is taking any long chances, all realizing the wonderful gameness and ability of the Wisconsin eleven.

The merchants here anticipate a good holiday trade and are laying in a good stock of goods to supply the demand. A good idea to let the people know just what you are carrying in stock would be to advantage in THE TIMES, Lake county's best advertising medium.

The farmers are "on edge" on account of the milk shipping regulations which have recently become rather stringent, and many of them are wondering what is coming next. What with the milk laws, and the liquor laws, the cisterns empty, and the pump rather

AGE NO B.R

Everybody in Hammond is Eligible.

Old people stooped with suffering. Middle age, courageously fighting. Youth protesting impatiently. Children, unable to explain. All in misery from their kidneys. Only a little backache first. Comes when you catch a cold. Or when you strain the back. Many complications follow. Urinary disorders, diabetes, Bright's disease.

Doan's Kidney Pills cure backache. Cure every form of kidney trouble. Mrs. D. B. Hunt, of 265 Fayette street, Hammond, Ind., says: "Doan's Kidney Pills are a fine remedy and one that should be in every home. We have kept them in the house ever since their value was first demonstrated to us. My little girl was the first to use them. We gave them to her as her bladder and kidneys were so weak that she could not control the secretions, especially at night. She was greatly run down in health and became weak, puny, and nervous. Doan's Kidney Pills, procured at Bicknell & Co's drug store, stopped this trouble in a short time and she has since had no return of it. Other members of my family have used Doan's Kidney Pills after this occurrence for lame back and pains in the kidneys with equally good results. They have our highest endorsement."

For sale by all dealers—Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Deacon—"I couldn't see his face. It was dark. Now, for heaven's sake, Amelia, leave me. I feel worse than a sneak thief caught robbing his mother."

Amelia—"I would suggest that before sister arrives you go into the garden and eat a few leaves of parsley."

The world doesn't condemn you when you fall trying, so long as you don't fall crying. It does hate a quitter. You can still get everything you set out for if you set out with a determination, but if you haven't enough confidence in yourself to feel that success is merely postponed you surely can't hope that we will rate you higher than you estimate yourself.

CURES ECZEMA QUICKLY.

New Drug, Poslam, Now Obtainable in Small Quantities.

Since its discovery one year ago, the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin affections. Heretofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, nerples, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. The overcome this, and in response to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at J. W. Wels' and other leading drug stores in Hammond or may be ordered direct from the Emergency Laboratories, No. 32 West 26th street, New York City. In all eczema cases poslam stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.
