

FROM NEIGHBORING TOWN AND CITY

NEWS OF THE COUNTY SEAT

JOHN FOSS RECEIVES MEDAL THIS WEEK.

Marksmen Breaks Twenty Out of a Possible Twenty-Five.

In the weekly shoot for the medal at the Crown Point Gun club grounds, west of town, on Thanksgiving afternoon John Foss proved to be the best marksman, breaking twenty out of a possible twenty-five clay birds. The high wind prevented accuracy in the shooting, and most of the members present shot below the average.

Following is the scores of the contestants: Foss 20, Swartz 18, Wietz 11, Shade 17, Thomas 16, Keiser 15, Haberzety 12, Barr 10.

The next meeting will be held on Friday afternoon.

CROWN POINT MERCHANTS VIEW WITH ALARM.

The merchants in Crown Point are viewing with alarm the invasion of commercial interests from other towns in their efforts to get a parcel of the trade here, and have taken the first steps to combat the intrusion and keep the trade where it belongs—at home—and at the same time making an appeal and catering to the farmers' trade. One store here has instituted a business on a strictly cash basis, and it is said that others will soon follow in his footsteps in their efforts to meet the outside competition. What Crown Point has long needed is an organization of merchants to take up these problems of protecting home interests, meeting outside competition with prices that are attractive to the home consumer. No one merchant can do these things alone, but an organization can accomplish wonders in trade getting. Who will make the first move toward this end?

Twelve Gypsies There.

The county clerk's office was visited by a band of about twelve Gypsies yesterday afternoon, their intention being to procure a marriage license for a young boy and girl, the son and daughter of members of the band. The boy's age was given as 17 and the girl's was young that it had to be whispered to the license clerk. Their efforts proved futile, however, and they were told to let the "kids" grow up for about twelve years.

Remodels Building.

Don Cadwell has entirely remodeled the sanitarium building on Grant street, and has it fitted up now as a first-class board and rooming house, with all the modern conveniences. Mr. Cadwell moved his family into the new quarters recently and the new concern will be ready for business immediately, and the proprietor expects a lucrative business in the new venture.

It is reported that Ed. Muzzall, who formerly conducted a livery business here but sold his interests and moved to Royal Center, Ind., is at present in a precarious condition, being afflicted with typhoid pneumonia. His friends are much alarmed and are hoping the report has been greatly exaggerated.

A reception was given at the Kramer home on East Joliet street last evening in honor of the marriage of George Kramer to Miss Katie Almsworth, the event taking place in Hammond on Thanksgiving day, as reported in these columns recently. The affair last evening was attended by the many friends of the bride and groom. Many beautiful gifts being presented to the newly-married couple with the best wishes of all for a long and happy married life.

Mrs. Minot Putser, who has been making an extensive visit with Mrs. Murphy of this place, left for Denver, Colo., yesterday, where she will meet her husband, who has been in that state for his health.

A reception was given to the Crown Point high school football team by the Johnson boys on Main street last evening. A delightful time is reported by all those present.

Mr. and Mrs. V. Zimmerman have returned to their home in Rochester, Ind., after spending a few days with relatives here.

The work on the jail building is being considerably delayed on account of lack of material.

Nearly all the college students are home for their Thanksgiving vacation.

Joseph B. Young has returned from a short visit with relatives in Rochester.

The moving picture show continues to play to good houses each evening.

As far as weather is concerned the present November is accorded the medal by old timers on account of the delightful weather that has been experienced here during the last three weeks.

The Crown Point merchants are beginning to display their holiday stock in their respective windows, and from all appearances there will be plenty to choose from in selecting a Christmas present at, probably, not a higher price than if purchased in Chicago. It will pay you to investigate. You can't make a live town out of Crown Point by putting your money into the pockets of Chicago merchants.

Lake county certainly has gotten the craze for ditches and drains and enormous amounts of money are spent yearly in draining the land. So far it has been a question whether or not the proposition is a good one, as the last dry season has shown most of the land would have been just as well undrained. However, the high prices and ready sale of farm acres in Lake county has made its owners anxious to reclaim all the land possible, which is

partly responsible for the extensive draining.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
