## NEWS OF THE COUNTY SEAT

### Married In Wheaton.

Word reached here yesterday announcing the marriage of Miss Katherine Stelb to Wilbur Barrett, of Chicago. The couple were married at Wheaton, Ill., on Wednesday and stole a march on their friends going to the above named town where a simple marriage ceremony was performed. The bride is the eldest daughter of Mr. and Mrs. Stelb of this place. The couple will make their home in Chicago where the groom has a lucrative position. Their many friends here join in wishing them a happy married life.

### Advised Mail.

List of letters remaining in Crown Point postoffice for week ending Nov. 23, are as follows: Mr. Charles H. Ausel, Mr. Doc. Denman, Mr. Albert Heinan, Mr. Daniel Kelly, Mr. Gus. Larson, Mrs. Henry Guernsey, and Mrs. Margaret Spalding.

### Plans Are Indefinite.

It is not known whether many of the brewery's workmen will accompany the company when they move to Hammond. The plan here is non-union, while in West Hammond they will probably be compelled to run a union brewery, which will necessarily increase their pay roll quite an amount. It is rumored that the plan here will not be dismantled but will be kept in its present condition, awaiting an emergency, and in the event of their leaving this section of the county it is said that other breweries will make a bid for the business now controlled by the local concern.

### Appointed Representative.

Fred Ruff has been appointed as solicitor and manager for the Lake county directory his territory embracing all the region south of the Calumet. Fred reports he is meeting with signal success, even at this early date, and that the directory is a winner, nearly everyone subscribing for it, and many seeking places for advertising matter. The book will be from the press soon and the promoters hope to have it in circulation some time in January.

### Brings Load of Business.

Gary's "Black Maria" made another trip here yesterday with a load of prisoners and they were all looking cheerful. It is getting to be no uncommon thing now to see the wagon rumbling up Main street with the county jail as its destination. For law-breaking and general cussedness there is a certain element in Gary that can handle the triple cross to any town in Indiana.

The women of the Methodist church will give a county fair and bazaar at the church parlors this evening. The proceeds to be used in missionary work. Good entertainment will be provided and many choice articles suitable for holiday gifts will be on sale. A small admission fee of 10 cents will be charged.

The members of the town board will probably receive lots of unsolicited advice as to where the new lights should be put and nine cases out of ten every citizen will yell for them in front of his own house. Pleasing everybody is a hard job, something like lifting yourself by your boot straps. It can't be done.

Contractor Crowell's gang of workmen are still working on his concrete bridges, but it is said they will soon be compelled to stop on account of the cold weather.

It is reported that Peter Schmal's two daughters are confined to the house and under the care of a doctor. Miss Emma Krost entertained a party of her lady friends at the Krost home in Main street last evening and a delightful time is reported by those who were fortunate to attend.

Watch the kidney secretions. See that they have the amber hue of health. The discharges not excessive or infrequent. Contains no "brick-dust like" sediment.

Doan's Kidney Pills will do this for you.

They wash the kidneys and cure them when they're sick.

Mrs. F. W. Nimon, formerly living at 22 Plummer avenue, Hammond, Ind., says: "For a year my daughter suffered continually from kidney disease. Her kidneys had been weak from babyhood and she had no control over the secretions. At night, this caused us considerable worry and extra work. She was run down in health, pale and delicate looking, and in a nervous condition. Having often read of the cures brought about by Doan's Kidney Pills, I purchased a box at Bicknell & Co.'s drug store, deciding to give them a trial. They were given to the girl according to directions and they took immediate effect. Within a week, the secretions became less frequent and the headaches disappeared, and after taking the contents of four boxes, her condition was excellent. This was over a year ago and today she is in the best of health."

THE PUBLIC BENEFITED

Hammond People Greatly Interested in the Generous Offer of Kaufman & Wolf.

The people have already demonstrated that they would rather trust a man who is naturally honest, than one who was honest only because he had to be.

Kaufman & Wolf have a firmly established reputation for square dealing and sterling honesty. When they told the people that Rexall Remedies are the purest and most dependable remedies that it is possible for modern science to produce, and that they would tell the public exactly what each one of these 300 remedies contained, and that they sold Rexall Remedies on their own personal guarantee that they would give entire satisfaction or the medicine would not cost the user a single cent, they were believed.

Ever since this announcement the stores of Kaufman & Wolf have been crowded by people buying Rexall Remedies; all of which proves that Kaufman & Wolf have the confidence of the people and that honesty is the best policy.

There is no "cure-all" among the Rexall Remedies—there are 300 different and separate medicines; one for each human ail, and each unquestionably the best of its kind.

Rexall Dyspepsia Tablets are particularly recommended for the positive cure of stomach irritation, indigestion and dyspepsia. They are rich in Bismuth, Subnitrate Pepsin and Carminatives, and are prepared by a special process which perfects and enhances the great curative value of these well-known medicinal agents. This remedy sells for 25c a package. Everyone suffering from a stomach disorder should try Rexall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

Kaufman & Wolf are certainly fortunate in securing control of the sale of these remedies, and we urge everyone in need of medicine to investigate and take advantage of their frank and generous offer.

East Chicago High School Students Enjoy a Fine Treat.

(Special to THE TIMES.)

East Chicago, Ind., Dec. 4.—As an educational feature of the local high school's music course, a program was rendered in the high school auditorium last evening that for excellence of tone and rendition has never been surpassed in this city. The high school students for some time have been

studying the lives of Bach and Handel, two of the German composers, and the program of last evening was representative of the work of these two men. The high school itself had but little personal interest in the work, the majority of the numbers being given by Evan Lloyd, J. A. Parks, Miss Mary A. Stone and Miss Townsend, who compose the East Chicago quartet. The work was excellent and as may be seen by the following program, which comprised of selections from the greatest works of the two masters. The program is appended:

Back—1655-1750.

Prelude..... Leonard Smith An Exercise..... Charles Jepperson Choral No. 23.—St. Matthew's Passion.

Near There Would I Be Staying. Quartet.

A Fugue..... Miss Lillian Williams Choral No. 52.—St. Matthew's Passion. What'er May Vex or Grieve Thee, Quartet.

Two Voiced Invention..... Miss Cohen Song—If Thou Thy Heart Bestowest..... Miss Mary A. Stone Choral No. 63.—St. Matthew's Passion. O, Thou with Hate Surrounded. Quartet.

Handel—1685-1759.

Aria—Honour and Arms..... "Samsom." Mr. Lloyd.

Scene and Aria—Largo..... "Xerxes." Miss Stone.

Recitative and Aria..... "Messiah." He Shall Feed His Flock..... "Messiah." Come Unto Me..... Miss Stone Recitative—Thou Saviour of the Lord..... "Messiah." Aria—But Who May Abide His Coming..... "Messiah." Mr. Lloyd.

Hallelujah Chorus..... "Messiah." Misses Van Klee, Townsend and Stone; Messrs. Parks and Lloyd.

The selections rendered by Miss Stone, who is instructress of music in the East Chicago public schools, were rendered in the original German, thus making the moonstruck more interesting to the German students of the high school. The program should have its effect upon the students' work as by its associations it enabled them to make accurate and valuable comparisons of the styles and moods of Germany's contemporary composers.
