

A DAY IN GARY LAND

IN THE SUPERIOR COURT

After being out until 12 o'clock last evening, the jury which tried the case of Korff vs. the Federal Cement Tile company returned a verdict of \$700 in favor of the plaintiff.

The trial of the case had taken a day and a half, and in the suit the attorneys for Korff attempted to show that he had been injured by a twenty-two foot fall through the roof of the Chicago Heights Motor works, which was being roofed by the Federal Cement Tile company.

There were 119 interrogatories to be answered and that is the reason the jury was out so long. At first it was believed that the jury would have to return a sealed verdict, but the judge finally waited until 12 o'clock and the verdict was returned and the jury was dismissed.

The case which will come up this morning is Decowski vs. Wajelechewicz. This is a suit on account and will be tried by jury. This case is expected to take up most of the day.

It is thought, however, that the case of the Bartholomae-Roseng Brewing company vs. the Michigan Central will come up late in the day.

The trial of this case will not take long and then the case of Clara vs. the city of Hammond, which is a damage suit, will be taken up next.

"CENTRAL" CARES NOT FOR OFFICER JURIC.

Gary Policeman Tells His Chief About Abuse Inflicted Upon Him.

A complaint against the telephone company was lodged last night by Officer Juric, of the police force, who reported to chief Martin that he could not secure an answer to the call which he had tried to make during the night for ten minutes. With the police, the necessity of prompt service is absolutely essential, as they may be reporting a fire or a crime which needs immediate attention.

Juric said that last night he took the receiver from the phone and held it to his ear for ten minutes without getting a reply from central. The police have reported inefficient service for several nights in succession.

WILL BE THE "GREAT WHITE WAY" OF GARY.

City Dads Plan to Have More Lights Placed on Broadway—Additional Arc Light to Be Placed in Each Block.

Bary's Broadway is to get the "Great White Way" of the new steel city. It was decided by the city officials to have an electric arc street light between the blocks as well as on the street corners.

This decision was arrived at partly because the blocks are long and partly because the street is so wide that it needs more city illumination than would ordinarily be provided to make it as light as Gary's principal street should be.

From Fourth avenue to Eighteenth avenue there will be an arc light every 225 feet, and it is expected that this, with the illumination of the stores on the street, will make Indiana's Broadway brilliant.

FEW MEMBERS FIND TIME TO ATTEND LUNCHEON.

Gary Real Estate Board Held Monthly Meeting Yesterday and Enjoyed Banquet.

The monthly luncheon of the Gary Real Estate board at the Gary hotel was poorly attended last evening and there were only nine of the forty members present. The meeting was the regular thirty day social session, but it was expected that the matter of the establishment of a superior court at Gary would come up for consideration.

President Fitzgerald was in Hammond attending the meeting of the Lake county Bar association and there were others of the members absent, and so the matter was only discussed informally.

There was no action taken as there was not a quorum present and the matter will probably not come up until the next meeting of the board.

WHITING CONSTABLE AFTER A REAL PIG

Forgets His Chase for Blind Variety and Drives a Bargain.

WESTFALL HAS A FINE TASTE

Brings Home the Bacon and Gives Ears and Tail to Mr. Kuffner.

(Special to THE TIMES.)

Whiting, Ind., Dec. 8.—Once in a while a Whiting constable instead of keeping after the blind pigs gets after a real porker and in one instance, at least, he got the ears and the tail.

While several constable cars on the Lake Shore railroad were standing on the side tracks last week a young pig weighing about 200 pounds, managed to get out of a break in the door.

Seeing the pig running at large, August Beaubien, with several of his employees, finally succeeded in landing Mr. Pig.

Once in his possession Beaubien began to wonder what he was going to do with the animal. After keeping it for several days he decided it cost too much to keep it from being hungry. Upon reporting the matter to headquarters he was instructed to sell it.

Offer Three Cents.

Inquiry at every meat market in town revealed the fact that no butcher would pay Beaubien more than 3 cents per pound for the pork.

This looked like rather a small sum, so the agent hesitated in letting the butchers have it, feeling confident that it would certainly bring a larger price.

Mike Kostinolic, who keeps the saloon at One Hundred and Nineteenth and Center streets, heard about the stray animal, and went to see Mr. Beaubien and offered him \$4.

No sooner had Kostinolic offered the \$4 than Constable Kuffner came running into the Lake Shore freight office almost out of breath. He said he wanted to buy the pig and offered Beaubien \$7 for it.

Kuffner Gets Nix.

Having overbid Kostinolic by \$1 the pig was his. Kuffner, who knows considerable about the value of pork, laughed up his sleeve at the bargain he was getting, as he well knew that he could make quite a sum on it.

No sooner had Kuffner taken it home than Attorney Westfall, who had also by this time heard of the covert animal, offered the constable \$10 for it. The pig next went into the hands of Westfall, and a short time later went into eternity, Kuffner doing the butchering act. As his compensation he was given the pig's ears, tails and pluck. In addition to making the \$3 Kuffner will have some fine sausage, which Kuffner will undoubtedly divide up with Beaubien.

TAFT PREDICTS BREAK IN SOUTH

Guarantees Prosperity and Says no Old Wounds Will Be Opened.

New York, Dec. 7.—Without threats, but with promises, the breaking of the solid south was predicted tonight by William Howard Taft, president-elect of the United States, in his first New York banquet speech since election.

He was talking as a guest of the New York Society of the State of North Carolina in the Hotel Astor ballroom.

Many southern states were represented and if they had helped to make him president the reception could not have been more enthusiastic. Mr. Taft approached his ticklish subject diplomatically. In fact, his train mates on the train from the Virginia Hot Springs declared that the speech had been thrice rewritten.

Deplores Sectional Lines.

"Prosperity in the north is accompanied by prosperity in the south, and a halt in the one means a halt in the other. Northern people meet southern people and find them friendly and charming and full of graceful and grateful companionship.

"What it is that sets the south apart and takes from the southern people the responsibilities which the members of republic ought to share in respect to the conduct of the national government? Why is it that what is done at Washington seems to be the work of the north and west and not of the south? Should this state of affairs continue?"

"We can answer these questions as the historian would and we can explain the situation as it is, but I don't think we can justify or excuse a continuance of it. Looking back into the past, of course, the explanation of the difference between the south and the other two sections was in the institution of slavery.

"It doesn't help in the slightest degree in the present day to stir up the embers of the controversy of the past by attempting to fix blame on one part of the country or the other in respect to an institution which has gone, and happily gone, one the one hand, or in respect to consequences of that institution which we still have with us on the other."

TAG DAY NETS \$329.09

Thirty Whiting Young Ladies Cover Themselves With Glory.

(Special to THE TIMES.)

Whiting, Ind., Dec. 8.—The committee of the Whiting Relief and Aid society, composed of Mesdames William Warwick, chairman; George T. Gray, Alexander Hamilton and John Schaub, gathered in the directors' room of the First National bank yesterday afternoon, and counted the proceeds of the tag day collection, which was held in Whiting on last Friday afternoon.

As was announced in THE TIMES last Saturday the committee thought the contributions would be between \$400 and \$500. This was only a rough estimate for an accurate account. Yesterday it was learned that the amount of the collections is \$329.09.

Of this sum Mesdames Alannah Morse and Florence Schaub received the two largest sums. The collections of Miss Morse was \$35 and of Miss Schaub was \$29.

Expenses Were Small.

The expenses attached to the work was very slight, the cost of the tags being the only expense attached. These costing a very small sum, almost the entire amount of the money will go into the treasury of the Whiting Relief and Aid society.

Each of the thirty young ladies who worked so hard to make the affair a success may well be proud of the work they have done.

They will receive their reward on next Friday night when they will be given a reception at the home of Mrs. Warwick by the ladies of the committee under whose supervision they worked.

The society have been promised a donation of \$10 from the Owl club, and also one from the city of Whiting, together with the large amount collected on tag day, will swell the treasury of the relief and aid society to quite a sum, especially considering that it was organized only two weeks ago.

Kaiser Watching Airship That Might Win A War

The Kaiser is taking an intense interest in the Zeppelin dirigible balloon, which has been built at an expense of \$600,000, and which Germany believes would bring victory in a war, were one to break out now before other nations succeed in building aerial craft as good as the Zeppelin.

BITTER FIGHT IS NOW PROMISED.

(Continued from page one.)

"Gary's action is an indication that they are either going to have their own way or they are not going to play." The Gary attorneys defend their action by saying that with the rejection of Gary's minority report their usefulness in the deliberations of the meetings was ended.

After the reports of the committee had been heard and had been acted upon the Gary delegation left the court room to catch an early train out of the city, and the other members of the Bar association proceeded to carry their plans for additional court facilities into effect.

TWO BILLS DRAFTED.

A motion was made that a committee be appointed to draft two bills embodying the two plans for the relief of the Lake county courts, i. e., a bill to provide for the continuous court at Crown Point and a bill to provide for the extra judge at Hammond.

President A. F. Knotts appointed on this committee Johannes Kopelke of Crown Point, T. M. C. Hemmoff of Indiana Harbor, Frank Gavitt of Whiting, William J. Whitney of Hammond and President A. F. Knotts was authorized to act as an ex-officio member.

Another committee was appointed to present these bills to the legislature. This committee was composed of men who were especially well qualified to go before the legislature because of their acquaintances in that body or because of their experience as lobbyists.

A STRONG COMMITTEE.

This committee is composed of J. G. Ibach, a personal friend of Governor Marshall; Mr. Herbert Barr of Crown Point, Scuyler C. Dwyer of Lowell, a former member of the legislature; Judge Palmer, who is well known all over the state; and Frank Gavitt of Whiting, who was active in securing the superior court for Hammond several years ago.

Before the meeting adjourned Attorney W. J. McAlister suggested that steps ought to be taken by the Lake county bar to secure the passage of a bill to give the attorneys a right to file a lien on judgments in damage suits were the clients failed to pay the attorney's fees. Adjournment was taken for two weeks.

OFFICIALS DENY RIDICULOUS STORY

Crown Point Marriage Officials Say Girls Married Chinamen Willingly.

Chinamen Willingly.

GIRLS ARRESTED IN CHICAGO

August Double Wedding at County Seat Results in a New Sensation.

(Special to THE TIMES.)

Crown Point, Ind., Dec. 7.—As the result of a visit to Crown Point on the 6th of last August, when two white girls were married to to Chinamen by a justice of the peace, the Chicago police yesterday, in a raid, discovered the Chinese buy white girls for wives in Chicago.

Detective George Graham broke into a house at 1439 Roscoe boulevard in Chicago and arrested two Chinamen, Charles Poy and Shuck Ju, and Anna and Lillian Stady, 16 and 18 years old, who are said to have married the Chinamen. In the house was found Rose Stady, 15 years old, the younger sister of the two.

In Milwaukee Edward Doerner was arrested on the charge of having persuaded the older girls to come to Chicago, and to have been interested in holding them here for unlawful purposes.

Retrayed by Sister.

Rose Stady declares that she has been held as a prisoner in Chicago, and that her sister had completed arrangements for her marriage to the Chinese proprietor of a north side laundry.

The sisters told Detective Graham that they had been lured from their Milwaukee home by Edward Doerner on the promise of positions as cashiers in Chicago restaurants, and that on their arrival in Chicago they were
