

MR. LYONS IS STILL SCRATCHING HIS HEAD

Contests in Regard to Election of Candidates on State Ticket Depends a Great Deal on Whether or Not Hammond Man Gets His Papers Back.

(Special to THE TIMES.) Indianapolis, Ind., Dec. 10.—Congressman Lincoln Dixon of the Fourth district has taken a hand in the effort to get from the department of commerce and labor at Washington the information regarding the alleged fraudulent naturalization of foreigners at Hammond, which was refused to Peter J. Lyons, the Hammond official at New York. Dixon has asked Secretary Strauss to instruct the commissioner of immigration at New York to give Lyons the desired information as to the dates on which these foreigners arrived in this country, but Strauss says he wishes to investigate a little and will give his decision later. Dixon is interested in the matter because he represents the defeated democratic candidates for state offices in their contest before the legislature, and the information regarding the voting of foreigners in Lake county is one of the strong points on which they will rely to sustain their case.

Arrive for a Conference. Today the republican senators are here for a conference. While they have several matters on hand the principal one relates to the control of the senate when the session opens. The republicans are framing things up so as to throw the hook into Lieutenant Governor Hall, the affable democrat from Rushville who will preside over the senate. They propose to make all committee assignments themselves, as well as all appointments and distribute all the plunders. Hall will only be permitted to put the motion when a motion is made. Aside from that he will be merely ornamental.

Another matter that is occupying the attention of the republican senators is that of the contest of the defeated democratic candidates for state offices with the legislature against the republicans who were elected by small pluralities. A line of action is being laid out to be followed by the republicans.

For Sale Cheap! 10,000,000 feet good new and second-hand LUMBER of all kinds. Doors, Windows, Plumbing Goods, everything necessary to build a house with. Call with estimates. **J. G. RUEL**, 7337 Jackson Park Ave. CHICAGO

BREWERY COMPANY WATCHES QUESTION

Crown Point Concern Getting Ready for a Dry or Wet County.

Crown Point, Ind., Dec. 10.—It is said that in spite of all the straws which point that way at present, that it is very unlikely that the brewery will abandon its operations in Crown Point when the new plant is started in West Hammond, and it is very probable that the plant here will continue in operation, although on a smaller scale. The Crown Point plant was taxed to its full capacity during the season when their product was in demand and required the continuous operation of a night and day force to meet the requirements, and it is said the West Hammond concern was started to meet this demand and the additional business that will occur, in order to relieve the conditions at this end of the line. It is also stated by those who are in position to be conversant with the facts, that the officials have provided against the event of the county going dry and have built across the Indiana border in order to escape any damage to their business in the event of the success of county option or state-wide prohibition. Let Lake county remain "wet" and it is said there will be very little likelihood of the Crown Point plant discontinuing its operations here, although they will probably be on a much reduced scale.

TUNGSTEN LIGHT ATTRACTS ATTENTION

South Shore Gas & Electric Company Has a Pretty Show Window.

The new tungsten light which is being exhibited in the window of the South Shore Gas & Electric company is attracting great deal of attention. The light is an incandescent globe which has several little platinum wires instead of a single one.

The lights are very brilliant and it is claimed for them, and the claim is proven by meter tests, that one of the ordinary lights will consume 3 1/2 kilowatts per candle power, while the tungsten light will consume but 1 1/2 kilowatts per candle power.

The lights are especially desirable for the lighting of store windows and the lighting of stores and public halls where a large quantity of light is desired.

The new lights are said to be very durable and while they cost more than the ordinary incandescent light, they are said to last much longer and to be far more economical in the end.

The windows of the South Shore gas office are filled with them.

TELLS WIFE HE IS DEAD

John Newcomb Comes Within an Inch of the Law's Strong Arm.

John Newcomb, living at 242 Fayette street, came within an inch of coming into conflict with the law today. Incidentally, he played a trick on his wife this morning that has been denounced by the neighbors as an outrage.

Going into a saloon in the business district he telephoned to Walker's saloon on Fayette street and told the bartender, O. H. Stephens, there, to notify Mrs. Newcomb that her husband was at Burnham in a dying condition, he having been struck by an Erie train last night. Very much frightened, the anxious wife hurried to the Erie depot at 8 o'clock this morning, when she met her husband on the street. Later in the day he stirred up enough trouble again to need the presence of a policeman. When the officer arrived the wife, wishing to avoid trouble, told him that her husband had quieted down and was asleep.

RAILROAD ASS'N APPEALS

Case of Roper vs. Nickel Plate Goes to Appellate Court.

Claiming that the verdict was excessive when the jury of the Porter county superior court awarded \$1,900 damages to George Roper of Hobart against the Nickel Plate railroad because of the fact that the farmer's house had been burned down from fire which spread from the company's right-of-way the corporation has appealed the cause to the appellate court.

The case was originally tried in the Lake superior court at Hammond, Attorney W. J. McAleer representing the plaintiff. Two thousand dollars were asked for, the reasonableness of the claim being shown in the verdict of the Valparaiso jury. The company took a change of venue to Porter county and is now appealing the case. The fire which destroyed the property occurred last summer.

DIES OF APPENDICITIS

Mrs. Trenton Thompson Passes Away After Short Illness.

Mrs. Trenton Thompson, 24 years old, passed away yesterday afternoon at the hospital, a victim of appendicitis. Her illness lasted two weeks and for a time her condition was most hopeful. Suddenly, however, it took a turn for the worse, from which she did not recover.

Mrs. Thompson leaves a son, Roy, 22 months old, and a husband, who is employed at the Simplex. They lived at 519 Michigan avenue.

The funeral services have been arranged for next Sunday afternoon and will take place at the home of her parents, Mr. and Mrs. Henry Sullivan, 264 Soli street. Services, at which the Rev. W. F. Switzer, of the Methodist church, will officiate, will be held at 2 o'clock. Interment will be in Oak Hill. The grandparents will take care of the little child.

THE IDEAL SCHOOL

If you want to make a nation of "bookies" by all means cram the boys and girls in your schools with plenty of arithmetic, but if you would rather have a nation of good men and women, then train your children to love all that is beautiful in nature and in art, all that is noble in life or in death. The school of the future will be a beautiful building in a beautiful garden.—Clarion.

the poor woman had her money returned.

Before she got her money back, however, she precipitated a scene as only a foreign woman can who has not learned even the first lessons in American self-control.

She cried and wrung her hands and pulled her hair. She seemed to think that the more of a fuss she makes the greater would be the effort of the police to recover her money.

After the woman had been quieted the police learned that the purse had been found and that the money was safe. The good news simply changed the character of the woman's hysterics and she went wild with joy.

CROOK IS GATHERED IN

Frank Crook and Pete Gardner, two Gary junk dealers, whose place of business is at Jefferson street and Twelfth avenue, were arrested last night on charges of grand larceny preferred by C. H. Maloney and V. U. Young.

The two men are charged with having been in possession of at least \$500 worth of property which was held illegally.

The specific charges against the two men are that they dealt in material which really belonged to the Gary Casino, which burned down recently.

The two junk dealers spent the night in jail and had their trial set for this morning.

To Cure Love Madness. Dr. Berillon of Paris says that love is simply a "fixed affective idea," and the symptoms are an increased sensitiveness of the left side, hand, wrist and left temple. To cure it all one has to do is to set up a counter irritation, give the boy or girl physical exercises that will bring into play the muscles of the right side, and behold, the madness is cured.

Decided. Gabby caller came into our office to-day and asked us whether we called our job a profession or a business. We answered—right away, without stopping to think—that it was a profession while we were writing the dope,
