A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the weak and emaciated system. It is not expected to work miracles. It will not cure consumption except in its early stages. It will cure very severe chronic, hang-on chronic coughs, bronchitis and various troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (external inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

Funeral of W. S. Hall.

The funeral of W. S. Hall of Sheridan avenue, who died at St. Margaret's hospital, Hammond, Friday morning after a lingering illness with cancer of the stomach, was held yesterday afternoon.

The service, which were in charge of the K. O. T. M., were preached by Rev. M. C. Wright at the Methodist church. The sermon was very impressive, and many were the words of consolation spoken to the mourners by Rev. Wright during the course of his sermon.

The interment was at Oak Hill cemetery in Hammond.

W. S. Hall was born in Belmont, N. Y., in 1866. He came to Whiting from Ohio with his family several years ago. He was a most trusted employee of the Standard Oil company, holding a responsible position in the paraffine department.

A little over three years ago death entered the family circle and took the mother from their midst. Two years ago this month Mr. Hall re-married and it is this wife, two daughters, Mrs. Guy Drew of Chicago, and Miss Maude Hall of Whiting, and a step-daughter, Pearl Hall, of the immediate family who are left to mourn his early demise.

In addition to the members Mr. Hall is also survived by his mother and father, five brothers and two sisters.

The deceased, in addition to being a member of Whiting tent No. 64, K. O. T. M., was also a member of the Mutual Benefit association at the Standard Oil company.

The beautiful floral tributes were evidence of the high esteem in which the departed was held and the deepest sympathy of the entire community is extended to the family in their hour of trouble.
