

# A DAY IN GARY LAND

## NEGRESS IS STABBED FOR GOING TO A DANCE

Edward Green, a Gary negro, 32 years old, was arrested last night by Officers Mulcahy and Titus on the charge of assault and battery with intent to kill. According to the facts already ascertained, Green went to a respectable negro dance given by Charles McGregor on Fifteenth avenue, near Madison street, and there showed bad blood because some of the "cullud ladies and gentlemen" had seen fit to attend the McGregor dance when there was another negro dance on in some other part of town. Green made himself generally obnoxious and in short order made Maggie Butler, a colored girl, the victim of his knife. He stabbed her, the blade entering her left lung, and for a time she was thought to be in a serious condition. Green will be held pending the outcome of the girl's condition and will be arraigned later.

## WHOLE SHOW IN HIMSELF IS OFFICER GUS NEWMAN.

Whenever He Sees Smoke He Is a Fire Department and Policeman in One.

Officer Gus Newman of the local police station simply can't get out of the habit of putting out a fire. If Gus sees a little smoke issuing from a house or building that looks a little suspicious, his ears begin to prick up and he will run several miles to find out the cause. Yesterday afternoon Newman discovered a prairie fire near the power house of the Gary & Interurban, which if let burn, would have destroyed a number of sheds and other properties. "The only thing to do, thought Newman, is to put the fire out myself." "I'll do it." So securing a shovel from one of the employees of the street department he started to pound out the flames. A call had been sent in to the local fire department, but by the time they arrived there was nothing doing. Newman gave them the go-back signal and proceeded to put out a few more sparks that if given a chance might have given the department another run. Hereafter in case that department No. 1 is busy just call up No. 2, "Gus Newman's own fire department."

## FROSTS DO DAMAGE TO BROADWAY PAVEMENT.

Brick Laid by Gary & Interurban Is Ruined to Such an Extent That Some of the Work Must Be Done Over.

On account of the cold weather the frosts have done much damage to the new brick pavement, now being laid on the right-of-way of the Gary and Interurban on Broadway. On Saturday and yesterday long stretches of the brick was laid, but this morning it was found that the frost had raised the brick, so that certain sections of the brick had to be removed and relaid.

## CHANCE TO SEE GOOD GAME.

Gary basketball enthusiasts will have an opportunity to witness a good game tomorrow evening in the Jefferson school, when the Gary high school team meets the Sheridan Park Athletic club of Whiting. The game promises to be a good one and ought to draw a good crowd.

## GARY BRIEFS.

Mrs. Ingwald Moe was the guest of Chicago friends last night.

The Indiana Steel company have arranged to pay off their employees today in order that they may do their Christmas shopping before Christmas.

We carry a fine line of jewelry, watches, clocks, sterling plated ware, and hand-painted china. Also a fine line of small diamonds, in rings and studs. Baldwin, 660 Broadway.

The R. & S. for largest display of Christmas goods, Fifth avenue.

H. A. Vossler left last night for Wheeling, W. Va., where he will spend the Christmas holidays.

Fred Baldwin, the local Broadway jeweler, was in Chicago yesterday on business.

Mrs. V. U. Young, who has been confined to a Chicago hospital for several weeks, is reported to be very much improved and will be able to be brought to her home in a few days.

J. H. McGregor of Pittsburgh was in Gary today looking over the town with the view of purchasing real estate.

Shoe Sale on now. See the R. & S.

Walter S. Ross transacted business in Chicago yesterday.

Contractor Joseph Frost went to Chicago yesterday on business.

If you can't find what you want in

## HEARD BY RUB.

At last the long-awaited-for moment the opening of the steel mills has passed and gone.

The number of days remaining to do your Christmas shopping is so small as to be scarcely worth mentioning.

Now that you have waited so long the safe and sane shopping days are over and the rush is on.

There seems to be sufficient money in circulation in Gary, but the trouble is to get it to circulate our way.

The fellow who bought his girl a nice piece of jewelry at Baldwin's, 660 Broadway, proved he was a wise "Rube."

Now that the Armour cold storage plant is being opened there is no reason why Gary should go short evening in the time of a railroad strike.

Stirring times at the local police station. One arrest for drunk in a week.

The long looked for arrival of cold weather has not yet appeared and the Gary weather predictor is at a loss to know what to do next.

Now that the Lake county directories have been installed in the Gary schools, it is hoped that every pupil will become familiar with all the names.

Officer Gus Newman simply can't get out of the habit of fighting fire. It comes as a second nature to him.

The employees of the Indiana Steel company are to get their pay checks the day before Xmas. It is to be hoped that they won't spend it all in one place.

Have you selected the half dozen poor children in Gary to whom you are to be Santa Claus.

Keepers of cigar slot machines should be careful how they slumber during working hours. Counterfeit pennies are at large.

The engagement ring. It's just the thing. Why study more when Baldwin's store has toilet sets and you just bet they're right in price and awful nice.

the line of Hand-Painted China or Jewelry in Gary it's because you haven't seen Baldwin, 660 Broadway.

Attorney Harvey Curtis was in Hammond yesterday on legal business.

Frank Borman of Hobart was in Gary yesterday looking after his business interests.

Mr. and Mrs. Claude DeGrush have moved into the Bretsch flats near Seventh avenue on Broadway.

The professional men's team of Gary gave the high school boys another try-out last night in the latter's gymnasium and were defeated because of the disadvantage of not having any practice. The high school boys played a strong game and feel in good shape for their game tomorrow night.

Cut prices on Rubber Ware at the R. & S. Co., Fifth avenue.

Attorney H. F. McCracken was in Hammond yesterday on legal business.

Fred Baldwin, the local jeweler, was in Chicago yesterday purchasing more Christmas stock.

Louis Meketinski of the Mack Realty company has returned from Elkhart, South Bend and other cities in the vicinity, where he has been with his agents for the past few days selling real estate. The dealer reports that the business was good and he expects to leave again in a few days.

## REAL ESTATE TRANSFERS

## NEW BARBER IN TOWN

Chicago Tonsorial Artist Locates in the Gary Hotel.

Last night in the store room of the Gary hotel, recently vacated by A. S. Cantwell, Mr. Frank Deem, of Chicago, started one of the best barber shops in the city. Mr. Deem came to Gary at the personal request of several of the prominent business men of Chicago who have known him in that city where he has been the manager of several large shops.

Mr. Deem will operate six chairs, and the barbers which have been secured are said to be the best that could be secured. He will also have cigars and a manicurist. Baths will also be run in connection with the shop. The shop will be run by union men.

The proprietor of the place was formerly of the Briggs House, Chicago, where he had charge of their shop. He has also worked in some of the largest in the city as manager. All of the fixtures and equipment in the place will be new.

## WARNS AGAINST PERJURY

Judge Reiland Says It Is Becoming Very Serious.

(Special to THE TIMES.)

Indiana Harbor, Dec. 22.—With several large bruises on his cranium, Geo. Chirca, an intelligent Roumanian, residing on Beach street, yesterday told Judge G. E. Reiland that he had been assaulted by two of his countrymen. The three men were arrested Sunday night on a charge of rioting, and at the time the arrest was made, Chirca was in an unconscious condition from the effects of the blows. His alleged assailants, Nick Drushon and John Hentes, maintain that they merely pushed Chirca out of the saloon of George Gerchak on the Beach street district, and that he must have bumped his head in falling against the door.

"That's a lie," interrupted Chirca. "Nick had a pool ball in his hand and threw it at me and John hit me with a bottle of beer." He explained then that both had taken full effect and that it was after they had struck him that he was thrown outside of the building.

Judge Reiland was unable to ascertain the truth from the statements of some ten or twelve bystanders, all of whom were of biased opinions for either the complainant or the two defendants. The court has issued subpoenas for an additional six witnesses who will give their evidence this afternoon and from whom the court expects to secure the true story in the case. From the present outlook it would appear that there will be several prosecutions against certain of the witnesses on charges of perjury, Judge Reiland declaring that the practice of perjury is becoming too common among the foreigners tried in his court and that such and forcible action is necessary to put an end to the practice.

## TOOK LAW IN HIS HANDS

Harbor Man Collects Board Money; Pays It to Court.

(Special to THE TIMES.)

Indiana Harbor, Ind., Dec. 22.—When Joseph Sasovitch, of Deodar street, attempted to collect \$20 worth of board money, due him from Thomas and John Ensek, two laborers in the employ of the Inland Steel company, he did not think that he would be compelled to pay over the entire amount to Judge Reiland's court.

Sasovitch attempted to collect the money due him by novel means. Grasping one Ensek by the hair and threatening to throw him out of the window unless he liquidated the indebtedness promptly, Thomas promised to pay his share of the \$20 and was released, Sasovitch then turning his attention entirely to John Ensek. Ensek was somewhat larger than Sasovitch, and the latter decided to use a more persuasive method, so pulling a revolver from his pocket, he threatened to shoot unless John handed over the remaining \$10. Of course, John assented, but immediately caused the arrest of Sasovitch on a charge of carrying concealed weapons.

When arrested by a constable from Judge G. E. Reiland's court, the revolver was still on his person and he could not do otherwise than plead guilty. He was fined \$21.40, or \$1.40 more than the amount of his claim against the Ensek brothers. He promptly paid the fine and left the court-room, declaring that he had been bunked and that the Ensek brothers could no more stand lodging near his roof. Frenzied finance—perhaps, yes?

## ISN'T ANDY THE "PAWKY CHIEF"?

Carnegie Says That Only Twelve Men Will Be Employed at Gary.

## WORK DONE BY MACHINERY

Plant at Gary Will Be Ready to Roll Open Hearth Steel Rails in January.

WHILE foreign concerns pay less wages, they use more men for the same output. There is a new building going up at Gary, where they will turn out 40,000 tons of steel rails in a month and only 12 (?) men will be employed in the plant. The work will all be done by machinery.—ANDREW CARNEGIE.

The plant at Gary will be ready to roll open-hearth steel rails in January. This mill does not propose to make Bessemer rails at all. The rolling of open-earth rails is not a complicated process and any well equipped mill can roll them. It is slower and more expensive than making Bessemer rails, and the railroads are willing to pay \$2 more for open-hearth than for Bessemer rails. In Canada the make of the open-hearth rails is about equal to half the total output, which was 300,000 tons in 1907.

Officials Are Uncertain.

Railroad officials are by no means unanimous as to the superiority of open-hearth over Bessemer rails, notwithstanding the growth of the new idea. It is thought by many that the quality of Bessemer rails will be improved when experiments now being made by the Illinois Steel company are perfected. Other railroad men have no hesitation in saying that the days of the Bessemer rail are numbered. The rail mills which are now prepared to make open-hearth rails in more or less quantity are those of the Tennessee Coal & Iron company, Colorado Fuel & Iron company, Bethlehem Steel company, Pennsylvania Steel company, Cambria Steel company, Carnegie Steel company, and the Lackawanna Steel company.

Began in 1881.

The manufacture of open-hearth steel rails in this country may be said to have begun as early as 1881, when 25,115 tons were rolled. The production fell off gradually to 500 tons in 1897. Since 1900 the output has been as follows yearly:

Year.	Tons.	Year.	Tons.
1900	1,332,190	1904	145,883
1901	2,023,190	1905	183,264
1902	6,026,190	1906	136,413
1903	45,054,190	1907	252,754

## THINKS IT WILL SPOIL ALL.

Crown Point Editor Says Other Counties Are Getting Jealous of Lake County.

If Hammond, Gary and Crown Point go before the legislature requesting a relief in court work the end is already in sight. Neither place will get it. Many of the other counties in the state are already getting jealous of Lake and the members will have to be handled with kid gloves if anything is done favorable for this territory. Some of them will scratch us off the map if an opportunity is offered.—Crown Point Sun.

## LAKE CO. BAR MEMBERS GET COMMITTEE REPORT

Bill Drawn Up to Be Taken Before Legislature Provides for Appointment of Judge Until Election Can Be Held in Two Years.

The members of the Lake County Bar association, excepting the Gary delegation, met in the superior court room last evening and received the report of the committee which was appointed to draw up a bill to be presented at the next session of the state legislature.

The bill which was offered is a simple one and provides simply that the Lake superior court shall consist of two judges instead of one and that the additional judge shall be appointed by the governor to fill a term of approximately two years, until an election can be held.

This would make it necessary to elect a judge of the Lake superior court every two years, although the judges would serve for a four-year term.

The members of the bar association received a report from Johannes Kopelke of Crown Point, in which he said that he was not quite ready to report his bill for the establishment of a continuous circuit court at Crown Point.
