## Musical a Rare Treat.

A rare treat was afforded Crown Point music lovers at the "opera night" of the Fortnightly club held at the home of Mr. and Mrs. D. A. Root on Monday evening in which the talented Chicago artists Miss Minnie Bergman, vocalist, and Miss M. Dolling, pianist, appeared and won the applause and appreciation of the assembled audience by the rendition of a selected program of vocal and instrumental numbers in a manner that is rarely heard outside of the musical centers of the larger cities. Both artists were at their best and the repeated encores were evidence that their selections were appreciated by the club members and its friends. The only regrettable feature of the enjoyable evening's musical entertainment was the fact that the audience was smaller than it should have been, considering the excellence of the talent. The following is the program of the evening:

## WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Household People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down. Overwork, strains, colds and other causes, injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood. Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ills. Hammond cures are the proof. Mrs. C. Wise, of 407 Indiana avenue, Hammond, Ind., says: "I was told by a friend that Doan's Kidney Pills were a fine remedy for kidney trouble and on her suggestion, I purchased a box at Hickman & Co.'s drug store. I began taking them as directed and in a couple of days could see that I was being benefited. The pain in my back was less severe, the kidneys were more regular in action and I felt much stronger. After a week's use the pain had entirely disappeared from my back and this encouraged me. I continued until entirely cured. I will always speak a good word for Doan's Kidney Pills when I have the opportunity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

It seems as though the South Bend line is a great favorite of the weather man. The company couldn't wish for

anything better in the line of weather even if they have it made to order. They are taking advantage of it, too. Little remains to be done until the first car can run. The poles are all set almost to the end of the line. To string the wire requires but little time, it being all completed to the Wabash. The crossings are all here. The railroads are not objecting any more. No wonder Lewis Meyer smiles.

The name of Martha street could be changed to "Pole avenue." The telephone poles, electric light poles and the poles of the street car company on both sides makes it appear as though it (the street) were going to be boarded up on both sides. Nothing of beauty about that.

## A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our forests and while the formulas are perfect, a much better agent is used, both for extracting and preserving the medicinal principles used in them, viz., pure triple refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, arising by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis and kindred ailments, and consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hacking coughs caused by irritation and congestion of the bronchial mucous membrane. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected or badly treated, lead up to consumption, it is the best medicine that can be taken.

## Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, you will be deaf forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent by circular, free.
