

## THE LATEST IN FASHIONS

LATE SUMMER CLOTH WRAP.

This exquisite evening wrap was imported recently from a Paris maker who has won world-wide fame for his originality and refined style in outer garments. Clifton broadcloth of a delicate shade is the material employed in this instance for the garment proper; while folds of soft satin of the same shade laid one over the other form a vest-like trimming at each side of the front. Gold soutache embroidery edging the vest is an effective finish. Silk cords and tassels of the same shade as the broadcloth adorn the sleeve and fasten the garment in front.
