

## In a Hurry—Telephone

**T**HE value of a Bell telephone is particularly evident in emergency situations. It opens a quick way to relief.

Accidents, delays, hurried departures, unexpected arrivals, sickness, fire, burglary—all come in this category.

Time, money, convenience—often life itself—depend upon prompt communication.

Relief may be in sight, or a thousand miles away. It matters not. The Local and Long Distance Bell Telephone can be used in either situation.

### CHICAGO TELEPHONE COMPANY

## EAST CHICAGO H. S. HEARS BACCALAUREATE

Dr. J. H. Sell of Chicago Delivers Address Before a Big Crowd.

(Special to THE TIMES.) East Chicago, June 13.—The Methodist church was crowded last evening, the occasion being the delivering of the baccalaureate address in connection with the high school commencement now in progress. Dr. J. H. Sell of Chicago, was the speaker, he being introduced by Rev. J. B. McNary, the pastor of the church, who also pronounced the invocation and read the scripture lesson.

The church was elaborately decorated with flags and flowers, the work having been done by the juniors, eight of whom served as ushers in the evening.

Dr. Sell delivered a splendid sermon,

the keynote of his discourse being the fact that character is the greatest thing in the world. There was music by the Methodist church choir and a solo "Rock of Ages" by W. J. Funk, Jr.

This evening the event is the reception to the senior class, the faculty of the high school and the members of the board of education and their wives. This will take place at the home of Professor and Mrs. H. H. Clark, who will receive alone. The house will be prettily decorated in cut flowers and ferns and the class colors, green and gold, will be displayed.

Tomorrow will take place the union reception to the senior class and high school faculty, the event to take place in the Harrison building. A feature of this occasion will be the banquet which will be served by the ladies of the Congregational church.

### MANY VISIT THE SOUTH BAY

(Special to THE TIMES.) Indiana Harbor, Ind., June 13.—The South Bay hotel is daily coming into favor with Chicagoans as a destination for pleasure parties who require a dinner to top off their outing. Es-

pecially since the yachting season opened, although many automobile parties round up there for a bit and sup. The trip to Indiana Harbor is an especially good one for yachting parties and among the latest to take advantage of the convenience and good cheer offered at this hostelry was a party in the Cyma of the Jackson park fleet.

The Cyma, which is a dainty craft of enviable speed record, appeared off the shore in front of the hotel about 3 o'clock yesterday afternoon and sent a dory ashore with a number of the yacht's passengers to make arrangements for dinner. The host of the party was Frank P. Spierling, owner and skipper of the Cyma, and those with him were P. O. Relmer, Ray A. Dellason, C. C. Morrison, W. S. McClellan and Misses Evelyn M. Hood, Bernice Harting, Mary E. Carroll, Myrn Babcock and Ruth Crocker.

The Cyma is entered in the yacht race to Michigan City on Saturday and, according to Skipper Spierling, has a corking good chance to win the event.

## BREWSTER TO RESUME HIS TESTS

State Bacteriologist Arrives in Indiana Harbor to Test Water off Shores of Every City That Touches Lake Michigan in Indiana.

(Special to THE TIMES.) Indiana Harbor, June 13.—J. H. Brewster, of Indianapolis, connected with the state board of health, will arrive in Indiana Harbor this week, to resume his tests of the water in all localities where Lake Michigan borders upon Indiana.

He was here two years ago for the same purpose, the result of his investigation being taken before the state board of health and by that body transmitted to the war department.

Mr. Brewster will this year be accompanied by his wife and they will live at the South Bay Hotel, where they have engaged rooms for the summer. The tests will be made however off the shores of every city and town that depends on Lake Michigan for its water supply, between Chicago and Michigan City.

Mayor Schileker regards the presence of Mr. Brewster in this region as a good omen. If it can be proven by authentic tests, to the satisfaction of that august body, the war department, that the water of Lake Michigan is sufficiently polluted by sewage, as to be a menace to the communities which derive their water supply from the lake, Uncle Sam will himself step in and take steps for the protection of these communities, by prohibiting the further dumping of sewage into the lake direct, and into rivers and streams that empty into the lake. This seems the only salvation for the people of the lake cities, who have for years suffered from serious typhoid epidemics.

If this step is taken by the war department it will be up to the department to suggest and compel some means for relief and the result of these deliberations may be the building of a drainage canal, which will divert the sewage from the Calumet river, which now lies stagnating in the river bottom in weather when the wind does not create a current in the river, or is carried out to the lake when the current runs that way, to carry disease to people obliged to use the water for drinking purposes.

The completion of the Indiana Harbor canal, while a grand commercial benefit of the cities of East Chicago and Indiana Harbor, will be as Mayor Schileker pointed out in a recent speech before the Home school club in East Chicago, a further menace to the water supply, being one more outlet for the sewage which defiled the Calumet river. Thus is the water problem still further complicated for the people of the Two Cities, but if it will serve as the last straw to compel the remedying of conditions, it will be indeed a blessing in the matter of improved water supply.

## KNOCKS DOWN THE BRITISH ARMY DOES PAT

(Special to THE TIMES.)

East Chicago, June 13.—Timothy Lucay is the latest champion that has risen to promulgate the freedom of Ireland. Yesterday he spent in a cell in the East Chicago jail, holding religious services off and on all day, and calling upon the British army to stand up in a row before him, its members to be knocked down as fast as they presented themselves. As near as could be ascertained, several hundred imaginary soldiers suffered this fate.

Lucay has shown signs of dementia for some time, but on Saturday he became so seriously affected, that it was deemed necessary to confine him in a cell, until his case could be passed upon by an insanity commission. Religion and the freeing of Ireland are his hobbies and ever since his incarceration he has raved almost continuously. His home is in Stieglitz Park and he has a wife and one little daughter, about five years.

The unfortunate man told Sergeant Leo McCormick that he had but one fault to find with the police. This was that they affect gold buttons on their uniforms, and these he found too suggestive of the orange and he requested that they be substituted by Sergeant McCormick told the prisoner that with the chief, and Lucay was satisfied.

A commission will be appointed today to look into his case and he will most likely be sent to the state institution at Logansport.

### WHITING MAN ON A BAD RAMPAGE

(Continued from Page One.)

grabbed the ax upon reaching the scene, just as he was going to strike the defenseless man again.

Hasko lay there on the ground with his arm up to protect his head, for which the assailant made an aim every time. Streachka was taken in possession and Hasko who was found to be most terribly wounded was hurried to the office of Dr. Putnam. His injuries consisted of seven ugly cuts inflicted by the ax, three in his back, one on his hip, one on his forearm and two on his elbow. In the effort to protect his head, Hasko also had his arm broken by the blow of the ax.

It is feared that blood poison will set in, for the ax was very rusty. Streachka is now in jail being held without bonds, pending the outcome of Hasko's condition, and Hasko is also at the city jail, where he is receiving the attention of the physician. The police still hold the warrant against him on the charge of provocation.

From what can be learned of the circumstances of the case, the Streachka family had an adopted daughter, Mary Streachka, who married about six months ago against the wishes of her foster parents, who had raised her. For his offense she was disinherited by them. Hasko who is a brother of Mrs. Streachka, did not think this just, and it was over an argument concerning this, that the affair of Saturday arose.

Streachka was very angry when Hasko disappeared without having been arrested, and deciding to take the law in his own hands he lay in wait until Hasko came home to go to bed, when he committed the assault.

The ax seems to be a favorite weapon of his, for about two years ago he hit his wife with an ax, injuring her so badly that she was in a very dangerous condition for several weeks in St. Margaret's hospital.

### DAILY CASH PRIZES GIVEN BY THE TIMES

(Continued from Page One.)

of seventy of Hammond, East Chicago and Indiana Harbor's leading business interests.

From several of these announcements one word has been purposely omitted, and the first person who brings or sends to this office a list of these missing words on Tuesday will be given one dollar in cash. This page will appear in thirty issues of THE TIMES—every other day—

at most reasonable rates and easy terms.

Monday, Wednesday and Friday, but each day different advertisements will be changed and one dollar in cash given to the successful contestant. There will never be many of these words left out—just enough to make the contest interesting. Today there are four words missing and no one, not even the advertisers themselves, know what these words are, except the "Missing Word Editor." After today the number of missing words will not be announced, but it will never be large. It will not be hard to find the places where these words have been taken out, and a little thought will reveal the words. If you don't get the prize the first day try it the next—one person may win all or most of the prizes if he or she is bright and quick enough. No one is barred from this contest except the employees of THE TIMES and their families, and it is not even necessary to be a regular reader of this paper to win a prize. Boys and girls will find this an easy and pleasant way to earn spending money, and parents should give them assistance by reading over all the advertisements so that none of the words may be missed.

The simple, but necessary, rules which govern this contest will be found at the top of the missing page ad. Turn to it now and be the first to get a prize.

The money, in new, crisp one-dollar bills, is on exhibition in the window of Lawrence Cox & Co., on Hohman street.

DITCH AUTO TO AVOID A COLLISION

at the top of a thirty foot hill. Mr. Crum at the wheel was going at a high rate of speed and did not notice the turn in the road which is at the top of the hill. It was too late to slow down the machine before Mr. Crum saw the steep ten foot drop before him. Jamming on the emergency brake the speed was slackened somewhat just as the driver turned the machine to go down the hill the big car with its occupants toppled for a moment on the brink and then dashed down.

Luckily everyone of the party were thrown to the ground before the machine reached the bottom otherwise they would have been crushed to death beneath the wreckage. Mrs. Johnson was the most seriously injured. Her injuries consisted of a broken arm and her hip was badly wrenched and bruised. She was unconscious for over an hour. The little two year old baby of Mr. and Mrs. Crum was also cut and bruised about the face and head but the injuries will not prove fatal. Every one in the party were more or less shaken up and bruised.

A cab was sent for and Mrs. Johnson was taken to the Commercial Hotel where a physician attended to her injuries. The party went back to Chicago last night on the 6:24 Pennsylvania train. Their machine was badly wrecked and is now in charge of a repair man who was sent out from Chicago today to take it back to the city.

The turn in the road where the accident occurred is one of the most deceiving on the route to Crown Point as the thick woodland near by obscures the view or the deep inclosure of the hill, until the driver is upon it and many serious accidents have occurred at this point in the last two years.

TOLLESTON CITIZENS WRATHY

Many citizens of Tolleston are

wrathful because their town is not a part of Gary. Sometime today pursuant to the resolution of the town board Judge Gillette will draw the remonstrance from the superior court.

Had not the injunction writ obtained by Ballard and Stanton, attorneys, Saturday tied up things the withdrawal of the remonstrance would have removed the last obstacle in the way of annexation. The return on the writ is dated for next Monday and Judge McMahon will then decide whether it shall be sustained.

Should the injunction which now has the effect of a temporary restraining order be dissolved Tolleston will with in a short time be merged into Gary. Until the decision is given which will either uphold or kill the injunction the Tolleston annexation matter remains up in the air.

## WISCONSIN CHEAP LAND AND MILD CLIMATE WIN SETTLERS

Opening of Round Lake Country Brings Rush of Landseekers.

The rush to the Round Lake Country of Wisconsin, where 150,000 acres of fine farm land in Sawyer County have been released to settlement by the big lumber interests, promises to become a veritable stampede of eager homeseekers. Farmers in the Middle and Southern states have come to their senses on the question of Wisconsin climate. The government reports have dissipated the "cold weather" bugaboo by establishing the fact that the Wisconsin winters are mild. There is only 9 degrees difference between St. Paul and Leavenworth, Kan. The average annual temperature in the United States is shown by these official figures: St. Paul, 42 deg.; Leavenworth, Kan., 51 deg.; St. Louis, 51 deg.; Indianapolis, 51 deg.; Des Moines, 49 deg.; Austin, Tex., 57 deg. The American Immigration Co. of Chippewa Falls, Wis., is selling this vast body of rich land at \$6.50 to \$20 per acre. A man with a few hundred dollars can secure title to his farm and pay the balance in five or ten years, with interest on the crops. For books, maps and full particulars address:

Men Make Shawls for a Diversion

Expert Engineers Employ Spare Time in a Novel Manner.

To while away the weary hours when they are too tired to make the two-mile "hike" to town, the engineers and office force of the American Bridge company of Gary have engaged in the occupation of making shawls.

There are twenty of them living in the house built for their accommodation by the bridge company and they have already turned out in the neighborhood of a hundred fleecy coverings for the shoulders of their fair friends.

It is a novel sight to see these fellows at work upon their shawl frames. Some of them are so expert that they can turn a finished shawl out in seven hours.

The shawls are in great demand among the young ladies of Gary and are made of a soft yarn which renders them especially desirable.

NEEDFUL KNOWLEDGE

Hammond People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Hammond proof:

E. S. Stevens, 153 Morton court, Hammond, Ind., says: "I am glad to say that since Doan's Kidney Pills cured me of a bad attack of kidney complaint about three years ago, I have had no recurrence of the trouble. I procured Doan's Kidney Pills at Summer's Pharmacy and I give them the entire credit for my present good health. My advice to all kidney sufferers is to try this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
