

GARY TO BE FOCAL POINT OF RAILROAD TO ST. LOUIS

According to articles of incorporation, which have been filed with the secretary of state of Illinois, Gary is to have a new railroad, giving it the means of direct communication with St. Louis, Mo., and affording direct connections with practically every railroad in Missouri, Illinois and the northern part of Indiana. The line is to be operated as a high tonnage railroad in carrying coal from the Indiana and Illinois coal fields and steel products from the Gary fields. Only sixty miles of the line remain to be completed.

A dispatch to The Times says the following concerning the new road:

"Springfield, Ill., July 29.—The secretary of state yesterday issued articles of incorporation of the Valley Park, St. Louis and Eastern railway. The line is to cross the state from the Mississippi river opposite St. Louis to

Gary, Ind. The capital stock at present is \$100,000. The incorporators are Will C. Plasse and Ormond B. Plasse, St. Louis; Henry Schrader, Belleville, and Charles Newstadt and John H. Sues, East St. Louis.

"The line is to be operated exclusively as a high tonnage railroad. It will afford connections with practically every railroad running through Missouri, Illinois and some in Indiana. One purpose of the road will be to haul steel from the steel mills at Gary to various destination points. Only sixty miles of new road will have to be constructed to complete the line, other roads being used as parts of the new system. Big compound mogul engines will be used, capable of pulling ninety cars, more than three times the number at present. The different connecting roads are to have representation on the board of directors."

MEN ARE BOUND TO HIGH COURT

DEVELOPMENTS IN PAYROLL TANGLE.

Three more timekeepers suddenly dismissed last evening.

Special Judge White binds Foreman Walter Thomas and timekeepers Bloomhoff and Caldwell to the superior court. The charge against them is conspiracy to commit grand larceny.

Sensation created at close of hearing, when the court ordered the three men to be placed under arrest until they gave bond. Their attorneys declared that the special judge had no jurisdiction in the case as he was not sworn in and no record was found that he had been. Trial declared a farce.

William Hillis, superintendent of the carpenter department, who was arrested on the complaint of a workman who avers that the official tried to charge him for a position, will be given a preliminary hearing on Aug. 2.

Developments came thick and fast yesterday afternoon and evening after Special Judge White, sitting in the city court, bound over Walter Thomas, Chas. Bloomhoff and John Caldwell to the superior court. Their attorneys, Boone & Bretsch, declared that Judge White had no jurisdiction in the case, as he had not been sworn in, and they for a while refused to give bonds. Pending their doing so the trio were kept in custody of the police.

Stock Malt Shaken Follows.

Within two hours after the three men had been bound over to the upper court on a charge of conspiring to commit grand larceny, considerable uneasiness was evinced inside the Indiana Steel company's plant, when a dismissal order affecting three timekeepers was given out by L. M. McNamee, general auditor of all of the United States Steel Corporation's subsidiary companies in and around Gary.

The order affected Bert Atkinson, R. O'Mara and J. Brooks, all of the timekeeping department. Atkinson was chief of the department until a few months ago, and is said to have been associated with Auditor McNamee for the past twelve years.

Did Atkinson Discover Frauds?

It is reported that Atkinson, who is well known in Gary and who has a reputation for integrity both here and in Joliet, where he was formerly located, is the man who really discovered the payroll frauds. The story further continues to the effect that he persisted in telling his superiors that Bloomhoff and Caldwell were not the culprits and that the company was making a mistake in not prosecuting them and going after the real offenders.

Atkinson, it is said, was chief of the timekeeping department when the alleged frauds occurred. After he made the reputed discovery of the discrepancies in the accounts he was superseded by Chief Timekeeper Nygaard. It is said that the fact that Atkinson was head of the department at the time and not because that he is involved in and with him went the other two timekeepers.

Closing Hours Are Sharp.

Most of yesterday was occupied in the final arguments in the preliminary hearing. No witnesses were introduced by the defense. Judge Greenlee, attorney

ney for the steel corporation, made a strong plea for the holding over of the men claiming that they were guilty.

He was followed by Attorney Bretsch, who delivered an oratorical masterpiece in behalf of Thomas. Then Attorney Boone took the floor and his arguments were none the less pointed.

Bretsch claimed that the auditor, McNamee, did not spend enough time in getting evidence against the men, while Boone added to this by saying that the supposed evidence was merely an "excursion into the realms of possibilities."

Nevertheless the men were held to the higher court and were ordered into police custody until they furnished a new bond. The attorneys for the defense claimed that as Judge White was not sworn in as special judge that his status was merely that of a private citizen and that he had no jurisdiction over the case. This will be fought out later. The men were released after they gave bonds for their appearance in the upper court.

E. J. & E. RY. TO SPEND A BIG SUM

Owing to the heavy traffic on the Elgin, Joliet and Eastern railway occasioned by the steel plant at Gary, the railroad will enlarge its facilities at the west terminal of the local division, Joliet. Improvement and additions are contemplated at the Gary terminal also. Regarding the expenditures the Joliet repairing work is being brought to Joliet, while its central location in the Herald says:

"Announcements made yesterday state that the Elgin, Joliet and Eastern railroad will expend \$50,000 in Joliet in the spring in the improvement of its car shops here, making the local repairing place the largest of the system."

"Plan indefinitely perfected call for the extension of the shop, 350 additional feet and its equipment with modern machinery. Behind the proposition is the desire to bring the greatest percentage of the remodeling and repairing of engines and freight cars to this city."

"How many more men would be employed in the shops when the extension is made could not be estimated by the officials of the company, but it is certain that close to 200 laborers, and fully fifty experienced mechanics will be necessarily added."

"At the present, all of the difficult 'J' system makes it an ideal location for the repairing of cars, such as break down while on the road."

GARY CAMP TO ATTEND FESTIVITIES

Members of the Gary camp, Modern Woodmen of America are making preparations to attend the festivities to be held by the order in Michigan City, August 6. It is the intention of the steel city lodge to out rival any of the Lake county camps in the size of turn out.

Michigan City will be the Mecca of the Woodmen of northern Indiana, northern Illinois, southern Wisconsin. It is expected that 50,000 woodmen with their wives sweethearts and friends will attend the celebration. Rail and interurban lines will operate excursions from a radius of three hundred miles and the sand dune city will swarm with visitors.

John Sears, venerable counsel of the Gary camp, and Frank Huff, trustee, with the other officers, are making arrangements for the Gary delegation. They have secured special rates over the South Shore interurban and have arranged every detail for the trip.

CLASSIFIED WANT ADS.

NOTICE.

Will parties who have replies to classified ads addressed care Lake County Times kindly call promptly for same?
