Joseph Faversham Finnegan Tinker came back short stop and rapid fire thinker, with some assistance from eleven other players, beat the Giants 8 to 6 yesterday in the opening game of their series here after a battle that worked a big crowd to a high pitch

with its forked lightning vicissitudes. In his effort to demonstrate that he is no indifferent player and has no inclination to manage Cincinnati—until next year—Tinker broke all his own records for breaking up games with New York. He smashed out four hits at four times at bat, one of them a triple and another a double, scored three runs, one of them by a clean steal home, drove in four other Cub runs with his swats, and accumulated nine fielding chances, twice participating in double plays that killed off what looked like absolutely cinch Giant tallies.

GARY SHAMROCKS LOSE TO ALL SAINTS

The Gary Shamrocks, who went from Gary to Hammond for something soft, bucked up against one of the strongest amateur teams in Lake county for their ages—the All Saints. It did look pretty bad for the Hammond nine toward the last of the game and it was only through O'Rourke that they won the game. The All Saints finally found Le Roy, and with three men on bases and O'Rourke up to bat he poled out a long fly over the left fielder's head and cleared the bases, making a home run and bringing in four runs. The score then stood 15 to 12 in favor of the All Saints. The lineup:
All Saints—J. Tague, c; W. Flynn, p; W. Shafer, cf; C. Tague, ss; O'Rourke, 2b; G. Kregar, 3b; C. McKernan, 1b; C. Prindel, rf; R. Prindel, lf.

Leading Laundries of the Calumet Region

Getting Under Cover

The crusade for patronizing white-laundries spreads. The people of the Calumet region, who have made it a practice of shipping their laundry to the Chinaman out of the back door early in the morning or late at night to avoid the gossip of their patriotic neighbors who give all their laundry work to the more progressive steam laundries, conducted by men of character, men of the highest worth, men who are believers in and boosters for the community in which they live, men who spend all their money where they live, should consider the matter seriously before they try to cheat the white man out of an honest living. The campaign against filthy Chinese laundries has come to stay now. This campaign of education was entered upon for the purpose of righting an inexcusable wrong. First, last and always, there is positively no excuse for the business man, the professional man, the office holder, the society woman to proclaim to the world that they are staunch believers in home protection and woman's rights and are at the same time miserably guilty of greatly misrepresenting the facts by preaching one thing and doing another.

It is up to you to head in the right direction on this question before it is necessary to use the life saver. We are determined to take a firm stand in this matter, let the Chinks fall where they may.

Philadelphia, Pa., Aug. 8.—In two desperate games that took up almost five hours of time, the ambitious White Sox were noosed twice, losing each game by one run in extra innings. The first went to the champions, 2 to 1, after fourteen innings of wonderful pitching and fielding, and the second was handed them, the count being 3 to 2, and the winning run coming over in the tenth.
With just a bit more strength in the first game the Sox would have won, and with a bit more care they would have taken the second. With so much at stake, the Athletics seemed to have a small bit of reserve power to call out in critical times, and it was just enough to give them the double victory and increase their lead a trifle over the ferocious Detroit Tigers.

RACING TEAMS ARE AT ELGIN FOR PRACTICE

Grant, Lee and Hartman, Alco Drivers, Arrive For Race.

Grant, Lee and Hartman, drivers of the Alco team, entered for the Elgin National, reached Chicago from New York yesterday and went to Elgin immediately, where they located themselves on McCormick's farm, the camp Grant had last year when he was the American Locomotive company's sole representative in the big race.
It's worth just \$200 in cash to make the fastest lap in the Elgin National Trophy race, the big event of the American Automobile association's national stock chassis run at Elgin on Aug. 26. The fastest lap in each of

VAUGHN, ATHLETE, GETS IN CONDITION AS DAY LABORER

Crawfordsville, Ind., Aug. 8.—In order to put himself in the best possible physical condition, Robert Vaughn of this city, former captain and full back on the Notre Dame university football team, and a promising candidate for full back on the eleven at Princeton university this fall, will work for the next month shoveling concrete and doing other hard manual labor here. He has just gone to work on the new Ben-Hur building that is being erected in Crawfordsville.
Vaughn will shovel concrete and perform other strenuous manual labor right alongside the best men on the heaviest work of any connected with the erection of the building. Early in the summer Vaughn was captain of a life saving crew at Coney Island, but left his work a fortnight ago to spend the summer with his parents in this city. Since coming home he has taken on weight rapidly. He expects to stick to his work here right up to the time for reporting for initial practice at Princeton. He will return to Princeton in September weighing just a little over two hundred pounds.

the other three races, the Illinois, Kane county and Aurora, means \$100 in gold coin.

This added money was dropped into the purse yesterday by the Stromberg Motor Devices company of Chicago, to get the drivers to put forth their best efforts and also to keep every one running to the end in the hope that a fast lap might bring them some financial returns.

The Stromberg contribution brings the total of the prize list for the meet up to \$5,610. Of this the Elgin association gives \$2,500, the Fendelsen & Kropp manufacturing company of Chicago, maker of the Rayfield carburetor, \$800, and the Bosch Magneto company, \$850. It is expected other contributions will be made by the accessory people, the Remy Magneto and the Michelin tire people having practically agreed to come in.

Charles M. Hayes, local representative of the Halladay car, yesterday gave the Chicago Motor club \$250 for the privilege of furnishing the pathfinder for the local organization's annual reliability contest, which is scheduled for October 6 to 13.

In addition to this the club also adopted the report of W. E. Stalnaker and Gaylord Warner, who investigated the route proposed by Dods.

GRAYS DEFEAT COLTS.

The Hammond Grays and Kindel Colts battled out a one-sided game Sunday at East Chicago, the Kindels being defeated by a score of 11 to 3. Kindel was hit hard all through the game, while Kistler pitched a fine game, giving the Colts only five hits. A Kistler was up to bat four times and out of four times up poled out two two-base hits, one single and got a pass on balls. Pat McShane, who was on the receiving end for the Grays, got a three base hit. All told the Grays got eleven hits. The two teams will come together again on August 20 at H. A. A. park. The game was witnessed by about 500 people from East Chicago and Hammond. The batteries were: Hammond Grays, A. Kistler and P. McShane; Kindel Colts, Kindel and S. Gratiwick.

UHLAN'S ATTEMPT TO BREAK MILE RECORD PREVENTED BY RAIN

Cleveland, O., Aug. 8.—Though rain-fall in the middle of the racing card in the opening day of the grand circuit meet here prevented the attempt by Uhlman, 1:58 1/4, to better Lou Dillon's mile in two minutes flat to wagon, scheduled for yesterday, 5,000 horse lovers saw some fair sport.
Vernon McKinney, favorite for the Edwards Stake of \$3,000 for 2:12 pacers, furnished the excitement of the card by winning the event after Sir R. Tommy Murphy's entry, had romped away with the first heat in 2:06 1/4, with the McKenzie entry far back in fifth, due to bad acting at the start.
Vernon McKinney had things his own way in the next two heats, though Sir R. drove him out in 2:03 1/4 and 2:06 in drives up the stretch. Hans James was presented with the beautiful silver Edwards cup for driving the winner.
Three preliminaries for the main go Friday of the Tavern Stake and amateur drivers' events produced only fair sport, Frank G. Jones' Argot Hal beating Chatty Direct and Ethel Linn in the first in 2:09 1/4 and 2:11 1/4, without trouble, while Robert Milrol, a Cleveland half miler, took the third event in 2:11 1/4 and 2:12 1/4.

"HACK" WILL SAIL FOR U. S. SHORES AUG. 9

George Hackenschmidt will sail from Southampton, England, tomorrow for the United States to meet Champion Frank Gotch for the wrestling championship on Sept. 4 at Comiskey ball park. He will be accompanied by Dr. Rolter, who is chief trainer of the Russian camp, Johan Koch, a German wrestler and strong man, a Russian masseur, and a German chef. Hack will sail on the Olympic.

While on the voyage across the ocean Hack will train daily in the gymnasium on the steamship. He also will be able to take his daily plunge in sea water in the tank aboard ship.

Manager Curley last night received a letter from Rolter announcing the details of the trip. "Never saw a man have so much endurance and strength," wrote Rolter. "He weighed 235 pounds today. The Gotch people will stare when they see how hard Hack looks."

If encouraging reports are received from the Hack camp, Manager Klank is not to be outdone in the exploitation of his big Iowa charge. "Gotch never looked in better condition," writes Klank. "He could whip three Hacks all in the same ring. He is so anxious to get into the ring that he has to be reminded at times to put on the brakes in his training."

Lid off in Kenosha

The boxing game is to be re-opened at Kenosha August 19, when Tony Caponi and Phil Schlossberg are scheduled to box ten rounds. Arrangements for the match were made yesterday by Jacob Geis, president and matchmaker of the Kenosha, A. C. who held a consultation with Larnie Lichtenstein, manager of Caponi, and Nate Lewis, who is looking after the interests of the fighting tar.

According to the articles for the bout the middleweights are to meet in the afternoon in a bout scheduled to go ten rounds without a decision. The contest is to be staged at the Kenosha ball park. The weight will be 162 pounds at 10 o'clock in the morning.
Schlossberg has made but one fight near Chicago, but in his one appearance the sailor boxer made a good impression. He held Tim O'Neill, the Ironside light heavy, to a draw in ten rounds of fast milling at Hammond. Should he win over Caponi he will have earned a place near the top of the heap in the middleweight division.
Johnny Coulon will not been seen in the ring again for six months. The bantamweight champion has announced that he could not think of engaging in a contest sooner, owing to the death of his father. The Logan Square boxer probably will be under the management of his uncle, Fred Coulon, who at one time was associated with George Dempsey and later acted as manager for Elbows McFadden.

BROWN WHIPS JOE FERGUSON

Baltimore, Md., Aug. 8.—Knockout Brown of New York received the decision over Joe Ferguson of Philadelphia at the end of a fast ten round go here last night. Brown had all the better of the bout, giving the Philadelphia boy a bad lacing. He knocked Ferguson through the ropes in every round and sent him down for the nine count. Ferguson used foul tactics throughout the battle, holding the Gothamite at every opportunity, despite warnings.
