

FATHER TIME HAS FAILED TO HALT THESE VETERANS

Upper right is Larry Doyle. Close-up is of Terry Turner. Jimmy Austin is spearing one and Slim Sallee is lobbing one over.

The batting and fielding averages show that several of the old boys who have been starring for years and years are still driving time and are continuing their classy work.

## GARY JUST SLAUGHTERED THAT'S ALL

There are a half dozen prairie teams around Hammond, who are fighting to get the first challenge to the Gary baseball aggregation, which was going to do such terrible things to Manager Nagel's husky outfit yesterday. The probability is that any one of the prairie teams could beat Gary and they certainly would if they played no better than they did in the awful rout at the Hammond ball park.

Hammond easily defeated Gary yesterday afternoon in a one-sided game that would have been devoid of features only for "Keckie" Moll who was the star of the afternoon with four safe slugs in an equal number of times at bat, giving him a perfect average of 1.000 for the day.

Hammond served up the game in the second inning. Walsh started with a single to right, Wallace later down a bunt and Walsh beat the throw at second. Cronin worked Leverett for a pass filling the bases with none down. Moll, next up, got his first hit, a line single to left, scoring Walsh with the first run of the game. Buckeye struck out on three and Walsh and Thompson forced Wallace at the plate on a cap to Cook. With two down Rhode cracked a safe one in right.

field good for a couple of more runs. Cronin and Moll crossed the plate on this hit, but Keckie hurt his ankle sliding into the catcher, causing him to limp the rest of the afternoon. With two runners waiting to score Kennedy came through with what looked like a long double to left field but he slipped and fell rounding first base and was an easy out trying to reach second on the hit. All told Hammond scored five runs in this inning on four hits, a base on balls and a fielder's choice.

There was nothing further doing on either side until the eighth when Hammond scored two more runs on four clean blows. Moll started the inning with his fourth hit of the day. Buckeye followed with a single to right and Moll scored on Thompson's safe drive to right center. Buckeye and Tommy, the two slowest men on the team, tried to amuse the fans with a double steal but Buckeye was an easy out at the plate. After Rhode went out, pitcher to first, Kennedy got his first extra base hit of the season, a long double to left, scoring Thompson. Kennedy was out at third on a close play when he tried to stretch the blow into a triple. The box score:

	ab	r	h	po	a
Klem, tb	2	0	0	2	4
Conway, ss	4	0	0	2	3
Cook, tb	3	0	0	2	3
Williams, rf	4	0	0	1	0

Kennedy, ss	5	0	2	1	0
Blank, 2b	8	0	0	2	3
Walsh, rf	2	1	0	0	0

The Australian mermaids, Wilhelmina Wylie and Fanny Durack, competed in the swimming events held in the Lincoln Park lagoon yesterday afternoon, both winning the events in which they started. Miss Wylie defeated Miss Helen Thompson of the Milwaukee A. C. in the 100-yard breast stroke, and Miss Durack captured the 400-yard free style swim by fifty feet from Miss Thelma Darby of Minneapolis.

Miss Durack and Miss Wylie, who refused to swim on Saturday because they understood they were to compete in championship events or exhibitions, yesterday morning received a telegram from Fred W. Ribien, secretary of the National A. A. U., stating they must take part in competitive events, or the remainder of their American tour would be canceled. Then they decided to swim.

The National A. A. U. senior women's high diving championship was annexed by Miss Betty Grimes of the Minneapolis A. C. and the four-oared crew of the Duluth Boat Club defeated the Lincoln Park Club by two lengths in the half-mile race.

The breast stroke event was the feature race of the day and was not won by Miss Wylie until she touched the finish line. The Australian is a powerful swimmer, but in Miss Thompson she nearly met her equal.

Another interesting race.

Nearly as interesting was the 400-yard race, in which Miss Darby finished Miss Durack for the first 300 yards. At the end of the first 100 yards, Miss Darby was only two yards behind Miss Durack. Miss Durack did this course in 1:18. Miss Durack led by three yards at the end of 200 yards, which she covered in 2:55 7-5. At 300 yards Miss Darby was ten yards behind.

As she started to swim her last century Miss Darby was interfered with by one of the other contestants. The collision cost her a lot of ground. Miss Durack would have won if the accident had not happened, but not by such a large margin. The Australian finished with a great burst of speed. She is by far the best and strongest woman swimmer ever seen in local waters.

Another interesting race.
