WANTS TO PLAY HAMMOND AGAIN

Whether Hammond will consent or not, Gary wants another crack at the leaders in the Chicago city league. Sunday, Hammond walked the bases. Earlier in the time of 7 to 0, but the Gary followers believe their idols can come back and have a side bet of \$500 to say that they can. Gary wants to play a series. Another game to be held at Hammond and in case of a victory, the saw-off will be played in Gary.

Bids Are Rejected On Verplank-Stultz Road.

Yesterday was a big day in road building circles at the regular weekly meeting of the county commissioners at Crown Point, when bidders were on hand to open off the Verplank-Stultz road which extends on Ridge road from Grant st., Gary, to Highland, all in Calumet township.

There were four competitors for the contract and much maneuvering was indulged in to land it. T. W. Englehart, one of Lake county's largest road builders, of Gary, was the successful competitor his bid being on the Verplank road \$14,950 and on the Stultz road \$12,000, the estimate on the Verplank road being \$12,177.40 and on the Stultz road \$59,501.00.

Other bidders were: J. J. Nagels, Whitings, \$31,000; Johnson Construction Co., Hammond, \$59,520; United Construction Co., Hammond, \$50,670.

That was yesterday. Today it is different. All bids are rejected on account that there was no maintenance bonds being asked for and furnished by the contractors and the road will have to be readvertised.

The Times' want ads bring astonishing results if their users are to be believed.

How to Lose Your Tan Freckles and Redness.

A day's motoring, an afternoon on the beach, a long walk, a sunbath on the beach or exposure on a lake trip often brings a deep tan or vivid complexion of freckles and redness. A very necessary thing then is to remove this, which removes the redness or freckles quite easily. It literally peels off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes off in sheets of peeled away at your drugists and use this right away as you would cold cream, washing it off with soap. In a week or so you will have an entirely new skin, beautifully clear, transparent and soft of a most delicate whiteness.—Adv.

Home Druggists and Doctors Take and Recommend Number 40 for the Blood.

Mr. Theodore Gerke of The Gerke Drug Co., states: "A year or so ago my wife came into the drug store and said she was going to take a blood medicine. She looked over the kinds we had on the shelf and decided to try Number 40. After taking it a while she gave it to our son and one day I was complaining of that tired feeling and she said, 'I will dose you on 40,' and she did, and it helped me so much that I have been recommending it to my customers and buy in gross lots. With scarcely an exception, druggists in Evansville and this vicinity unanimously endorse and recommend Number 40. An old and very successful physician remarked to me a short time ago on the street, 'I am taking Number 40. It will prolong a man's life.' Made by J. C. Mendenhall, 16 years a druggist, Evansville, Ind.

PESKY BED BUGS

A MILLION BEDBUGS. Just think, a few packages of the new golden chemical P. D. Q. (Pesty Devils' Quiescent) is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be or where they come from, their age, color or sex, and at the same time a coating on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35c package makes a quart of P. D. Q., and will go further than a barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Trust on what you ask for, then you'll have what doctors prescribe.

KILLS FLEAS ON DOGS. It's fun to see the flea drop off your pet dog. KILLS CHICKEN LICE. No use for your chickens to have lice. A 35c package makes a gallon of chicken lice killer.

Your druggist has it, or can get it for you.
