BLOATED CREDIT SYSTEM BLAMED FOR HIGH PRICES

George E. Roberts.

The present high prices are chiefly a reflex of the credit inflation from which this country is suffering, and the inflation is remediable, says George E. Roberts, former director of the U. S. mint. He says the inflated state of bank credit increases deposits, but does not mean an increase in wealth, since money is now worth only about fifty cents on the dollar.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allen's Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others, who took it with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Your druggist can supply you.—Adv.

MAZOLA

The Perfect oil for cooking and salads

THE most discriminating epicure cannot say whether it is Mazola or imported olive oil in mayonnaise or French dressing served him. Italians who know real olive oil are enthusiastic about Mazola.

Your grocer sells Mazola at about one-half the price of the best olive oil.

Make This Delicious Mayonnaise Dressing Today

2 Eggs, Yolks only 1 pint of Mazola 1 teaspoon of Mustard
1 dash of Pepper 1 teaspoon of Salt 4 tablespoons of Vinegar

HAVE all ingredients and mixing utensils cold. Mix dry ingredients. Add egg yolks and when well mixed, add 1/4 teaspoon of vinegar. Add Mazola drop by drop until the mixture begins to thicken, beating slowly. As soon as the mixture thickens, add the remainder of the vinegar a little at a time. Now beat in the remainder of the Mazola gradually until all is used. The mayonnaise should be thick enough to hold its shape. Put in a glass jar and cover close. Place in the ice box to be used when needed. It will keep for weeks. Do not stir it when you open it; take out as much as you need with a tablespoon, and close the jar.

Why 1/2 Karo (Red Label) and 1/2 Sugar is Better Than All Sugar for Preserving

Many more women would do home-preserving if they could be sure that their jellies wouldn't run to liquid or get "candied."

The way to be sure is to use only half as much sugar as the recipe calls for and fill up the measure with Karo (Red Label). Karo is a wonderful help in preserving—even to the most experienced housewife.

This fine, clear white syrup has a natural affinity for the fruit juices.

It blends the juice with the sugar—brings out the full "fruity" flavor.

It insures a rich, heavy syrup in canned and preserved fruits—and firm, mellow jams and jellies without the slightest tendency to grow tough or candy in the glass.

Karo assures even the beginner of producing rich, smooth jams, jellies and preserves that any woman may be proud to serve.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In an cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.
