TRUCE AFTER ALL NIGHT RIOTING

(INTERNATIONAL NEWS SERVICE) PEORIA, Ill., Aug. 14.—With four battalions of militia alerted on guard a truce was formally declared between striking employees of the Keystone Steel & Wire Co. and authorities of South Bartonville this morning. It followed a day and night of fighting in which pistols, shotguns, rocks and dynamite were used. A report of casualties shows four persons, one of them a woman, seriously wounded and numerous others suffering minor injuries. Damage to the Keystone plant is estimated in the thousands.

Dynamite was brought into play late last night. The authorities say eight sticks of the explosive were hurled in an effort to wreck the plant, which covers an area of fifty acres. Part of the roof of the building housing the offices was blown off and other portions of the plant damaged.

The blast of the explosion brought hundreds of men and women rushing to the scene and the throng of angry strikers who had hovered about the plant all day and evening, was soon augmented by many striking coal miners of the Stubs and Kuck plant, and striking railroad men.

A rumor spread through the crowds that the militia was coming and a hundred revolvers and sawed-off shotguns appeared. The strikers took to ambush to await the soldiers' arrival. The militia, however, were being held back pending the result of negotiations which were being carried on between Maj. H. M. Powell, in command of the Peoria troops, Mayor Woodruff and a committee of strikers.

At daybreak it was announced that an armistice had been declared until 6 o'clock this evening, pending the outcome of a conference between the strikers' committee and representatives of the Keystone Co. and the Tenth regiment, composed of companies from over the state, marched quietly in and camped about the town. The four Peoria companies were not ordered from their armories, where they are being held in readiness. Adjt. Gen. Frank S. Dickinson arrived soon after the Tenth regiment and personally took command of the troops.

Mrs. Emma Cone, an attendant at the Peoria State hospital, was the woman shot. She was hit by a stray bullet when firing broke out between strikers and a truck-load of armed guards. Alvin and Reubin Sommers, sons of two of the owners of the plant, are both in St. Francis hospital and not expected to live, as the result of gunshot wounds received as they left the plant.

A committee was appointed to investigate the petition. It consists of Willis E. Roe, chairman; Judge Hyman Cohen; Z. B. Campbell; Frank Orth and Ray Royce.

The committee is ready to receive any suggestions from any one interested in the matter and communications should be addressed to Willis E. Roe, chairman, at the Calumet building.

(INTERNATIONAL NEWS SERVICE) BLOOMINGTON, Ind., Aug. 14.—Hope of revival of the oil industry in Indiana was increased by the discovery of petroleum at a depth of 2300 feet in a new well near here. Experts were expected to arrive today to decide whether or not to "shoot" the well.

DREAM OF FIRE CAUSES INJURIES.

(INTERNATIONAL NEWS SERVICE) LAFAYETTE, Ind., Aug. 14.—Fred Haller's dream that the house was afire and the walls collapsing nearly cost the life of his sister, Leitha, twenty-one. Accused by the cries of her eighteen-year-old brother, who slept in an adjoining room at their home at Colburn, Ind., she rushed to him. The young woman seized him as he plunged from a window and was carried with him. She suffered internal injuries and severe bruises in the sixteen-foot drop. The youth was unhurt.

NEW HAVEN SHOPMEN DECLINE

NEW HAVEN, CONN., Aug. 14.—The striking shopmen of the New Haven railroad who went out a week ago pausing serious curtailment of the road's schedules, have refused to accept President Wilson's proposal that they, with other striking shopmen return to work, pending efforts at a settlement. The New Haven system federation met here today and spent four hours canvassing the vote, the result of which will be officially announced this afternoon. It is understood that the heavy vote of shopmen in and around Boston, carried the result against the President's proposal.
