NEW YORK
HIT HARD
BY STRIKE

Worst Transportation Walk
Out in the City's History
Paralyzes Metropolis.

(INTERNATIONAL NEWS SERVICE)
NEW YORK, Aug. 18.—The worst transit strike in the history of New York has the city paralyzed today. Defying an injunction issued by Supreme Court Justice Lydon, 15,000 employees of the Interborough Rapid Transit Company's subway and elevated lines went out on Sunday but it was not until today that the full force of the strike's stranglehold was felt.

ate cars on the subway and elevated lines. There have been no disorders. Six thousand regular policemen and reserves were distributed through the city to prevent rioting.

A heavy rainstorm which swept the city today added to the difficulties and discomforts of tens of thousands of men and women who were trying to get down town to work.

The city is operating 700 busses, motor trucks and taxicabs but they were only a drop in the bucket when it came to handling the enormous crowds.

Mayor Hylan is making desperate efforts to end the trouble and has issued a personal appeal to the men to arbitrate. He charges the Interborough with attempted coercion.

Public Service Commissioner Lewis Nixon, who was partly instrumental in ending the Brooklyn Rapid Transit strike a little more than a week ago, took a hand today. He summoned representatives of the Interborough Rapid Transit Co. and a delegation of the strikers to meet him this afternoon for an investigation.

No Strikebreakers.
The I. R. T. submitted to the strike with astonishing completeness, and no efforts were made to run cars with strikebreakers.

In this connection charges have been made that the officials of the company were secretly in favor of the strike because they could capitalize it in their campaign for an 8-cent fare in New York city.

Over 3,000,000 people use the I. R. T.'s subways and elevated lines in a single day.

The Amalgamated Association of Electric and Street Railway employees has disclaimed all responsibility for the

strike. The Interborough Rapid Transit brotherhood which called the strike, is not affiliated with the street car men's union.

"This is not our strike," said P. J. Shea, vice president of the Amalgamated.

Harry Jones, the Amalgamated organizer from Paterson, N. J., referred to it as "A personally conducted affair," and "A joke."

The strikers are demanding a fifty per cent wage increase and an eight hour day. Their leaders were confident today that the discomfort caused by the tie-up of the lines on the first business day of the strike would work in their favor.

What Happens?

¶ The retiring merchant who possesses a "oh-I-guess-I'll-wait-till-they-come-in" attitude towards the general public, gets badly fooled.

¶ They just don't come in.

¶ The merchant who puts his foot forward—who advertises bargains—gets the cream of the trade. His store is prosperous looking, his clerks are busy.

¶ Prosperity is his.

¶ With a newspaper, whose circulation covers the district every night at his command, the merchant who doesn't advertise simply doesn't want business.

¶ That's all there is to that.

¶ You can't get away from that fact. Go where you will in Lake County or in any part of it, The Times goes every night.

¶ The people in these days of high prices are looking for bargains.

That's What Happens!
