

INDIANA IS INVADED BY NEW PARTY

Democrats and Republicans Both Said to Hunker to Belong to It.

(TIMES BUREAU AT STATE CAPITAL, INDIANAPOLIS, Ind., Aug. 20)—Indiana is being invaded by a new political party. The party hasn't chosen a name yet, but it has started its invasion and leaders of the party say they expect a large number of democrats and republicans to "revolt" and join it.

Indiana organizers were named by a "committee of forty-eight" which just concluded a meeting in Chicago. It was announced at the meeting that that party would start a middle ground between the old party ideas and the radical movement.

The Indiana organizers are James H. McGill of Valparaiso, who has "revolted" about as often as any man in Indiana; Theodore Starnfeld, Indianapolis banker and champion of so-called "free speech," and A. F. Bentley of Peoria.

The new party, it has been announced, will hold a national convention and will devote its energies to the election of senators and representatives.

"Until the states are organized and we can call a national convention it will be impossible to outline the platform of this party, which has its aims in the solution of the high cost of living, labor unrest, revolutionary, and like national problems," J. A. H. Hopkins, one of the party heads, is quoted as saying.

Efforts are being made to organize the party in Illinois and Wisconsin as well as in Indiana.

CITIES STILL WITH- OUT CAR SERVICE

(Continued from page one.)

council to adopt a more conciliatory attitude. He reviewed the conditions which now exist in the industrial field of Hammond as well as other parts of the country and gave it as his belief that the council should take no action now which would lead to the unrest. He suggested that the city grant the fare increase to be effective until next June and in the meantime try to work out a program with the company which could be approved by both sides.

EFFECT OF SPEECH KILLED.

Mr. Turner's address impressed many of the audience favorably but before the vote was called M. M. Bruce spoke, the wrangling was on once more and the effects of his words of moderation were lost. The motion as voted upon was that the report of the committee be accepted but that the committee continue to negotiate with the company and report at a special meeting tomorrow evening. Then followed the motion for the order by the court with the appointment of a referee.

WANTS FREE BUS SERVICE.

Alderman Kelly introduced a motion to the effect that the city operate a string of buses and give free service to citizens in going to and from work and that the striking carmen be given an opportunity to have the buses at 5 cents per hour. This motion was lost.

Two appropriation ordinances were passed, one for \$500 for publishing legal notices and the other \$2,000 for maintaining the city stables.

The ordinance raising the pay of the

board of examiners of stationary engineers and water tenders was once more tabled.

LAND IS DISANNEXED.

Mayor Brown had an opportunity to vote when the council voted seven to seven to table the ordinance regulating the sale of firearms. He saved it and after explaining his act the ordinance went safely through its final passage.

Very quietly the five acres of land desired by the city of Whiting for school purposes was disannexed from Robertsdale.

The engagement of Miss Eunice Meikle to Carl A. Schlegel of Philadelphia was announced at a pretty party given by Mrs. Herbert Anderson Lamprill and daughter, Miss Margaret Lamprill yesterday afternoon at their home in South Hohman street. Cards announcing Wednesday, September 2, as the date for the wedding were hidden in pink killarney roses which were at each cover. The table was attractive with pink roses and pink candles. There were covers for twenty-five and following an afternoon of cards a beautifully appointed luncheon was served. Auction bridge was played and high scores were made by Miss Marion Deming and Mrs. Paul Moorhead. Among the out-of-town guests were Miss Louise Perkins of Sioux Falls who is Miss Marion Deming's house guest and Miss Beryl Love of Danville, Ill., who is visiting Miss Estel Russell.

NOTICE

All men wishing to enter the Water Carnival will register at Monnett's Smoke Shop. 8-15-2

The pastor of the Methodist church is proud of the record made by his three

boys in the late war. Prof. J. C. Castleton, husband of his oldest daughter, left the head of the English department in Milwaukee for Y. M. C. A. work. Prof. R. B. Walsh, husband of his second daughter, left the superintendency of music of the schools of Portland, Ore., also for Y. M. C. A. work. Each of the boys were in charge of a French hut. Professor Castleton had the only hut in France which was marked 100 per cent during each of the thirteen months of his charge. Professor Walsh was one of only 14 Y. M. C. A. men out of a total of 12,000 in France to receive the Croix de Guerre for distinguished services. For several days past he has been visiting his father-in-law on his way home to Portland. The minister's only son, Dr. C. C. Bassett, of Goodland, at the outbreak of the war left a large practice to enter the ranks as a volunteer. He entered as a lieutenant and came out with the rank of major. The family of Major Bassett, wife, daughter Kathryn and son Eugene, have been visiting the pastor here for some days.

Mrs. Eva Buehring of Beall avenue entertained at a dinner party last evening in honor of her brother, William Smith, who has returned from Norfolk, Va., where he played in the naval band. Her other guests were Joe Dickson, Alfred Dickson and Miss Mae Sutherland.

Mrs. R. W. Stewart entertained a number of little people yesterday afternoon at her home, 120 W. Carroll street, in honor of the sixth birthday anniversary of her daughter Kathryn. Music and games occupied the afternoon and a dainty collation was served. Mrs. H. E. McLaughlin assisted the hostess. The guests were Mildred Harris, Delores and Lavonna Zelder, Helen D'Ercole, Dorothy and Phyllis McLaughlin, Helen Morrison, Mabel and Sarah Ollquist, Nina Rose and Louise Stokes.

Mrs. Ben Pennington of Johnson street entertained at a euchre party last evening honoring Miss Tessie McGowan of St. Louis.

The Beta Gamma Sigma met last evening with Miss Emma Hasselbring, of Calumet avenue. A business meeting took place, with the following election of officers:

President—Miss Lucy Parsons.
Senior Vice Pres.—Miss Lora Burch.
Junior Vice Pres.—Miss Emma Hasselbring.
Secretary—Miss Harriett Dixon.
Treasurer—Miss Letha Cowles.

Plans were also made for a dance, which will be announced later. With the club will meet on September 2, with Miss Oris McNair of East Chicago.

The Misses Florence Kuhn, Margaret Paul and Rose Wasshausen are spending a most enjoyable vacation at Delia Lake, Mich. While up there they were met by George Freeman of Kansas City, Mo., E. J. Stoetzer and C. Smith of Chicago and motored to Darien, Elkhorn, Williams Bay and Lake Geneva, chaplined by Mr. and Mrs. George Miller and daughter Florence.

MOVEMENTS ARE WELL UNDER WAY

(Continued from page one.)

Rentario's men at 100. All were said to be well armed and some were former followers of Francisco Villa.

DICKMAN IS READY.

Maj. Gen. Joseph T. Dickman, the department commander and former commander of the American army of occupation in Germany, arrived at Del Rio and sent word that he is ready to go to Marfa at once if his services are needed there.

Maj. Gen. Dickman, before leaving San Antonio for Del Rio seemed much concerned over the border trouble, although he characterized it as "only slightly disturbing as yet."

Maj. Gen. Dickman expressed regret that Capt. Leonard Matlack, the cavalry officer, who went to pay the \$15,000 ransom for Lieut. H. G. Peterson and Lieut. Paul H. Davis, did not carry out the army's agreement to pay the full sum but fled after paying only part of it.

BANDITS SCENTED TROUBLE.

Army men are inclined to believe that the bandits, when they saw they had been tricked out of \$7,500, realized that trouble was brewing and fled to the hills. That part of the border where the chase is now in progress, is about the wildest along the frontier. It is covered with hundreds of crags and canyons interspersed with tracts of desert. The Mexicans are familiar with the few trails that have been made through the district.

Unless the Mexicans come out and give battle to the cavalry, they will be hard to find hidden in the fastnesses of the Sierra Madre mountains.

TROOPS SLEEP IN DARK.

The Rio Grande and Rio Conchos rivers meet near Guisasa. It was below this rugged border in the farmlands that the cavalry encamped last night. The troops slept in the dark to keep the Mexicans from locating them by their camp fires.

The Southern department has been informed that the Mexicans are not only well equipped with high-powered rifles, but have plenty of ammunition. Both Lieut. Peterson and Lieut. Davis said the band was plentifully supplied with food.

OTHER MOVEMENTS SEEN.

There are other movements which indicate that the military authorities mean business in their thorough search for the bandits. Hospital supplies and Red Cross men are at Candelaria, and the hospital units are ready to go into the field.

Col. George T. Langhorne, who remained behind when the troops went to the border, is here directing operations. He said the four troops of the Eighth cavalry would split up into searching parties during the day (Wednesday).

The airman who are leading the Americans are forced to fly at a great height because of atmospheric conditions and this has interfered with their work.

The only brush reported up to 6 o'clock this morning was that in which an American aviator exchanged shots with a party of Mexicans.

A band of Mexicans was encountered in the hills of Chihuahua late yesterday afternoon and shots were exchanged between them and American flyers but no details had been received here when this dispatch was written.

One flyer returned to Marfa with the wing of his machine pierced by two bullets from a Mexican rifle. The American aviator said he had turned his machine gun on the bandits but was unable to say whether he killed or wounded any of them.

It was reported to the headquarters of the southern department that Rentario had about sixty men with him.

CHARGED WITH GRAND LARCENY

Henry Daise, 17 years old, was arrested yesterday by officer Newland of the Hammond police charged with larceny and is out under a bond of \$500.

Daise admits stealing revolvers and money out of automobiles and admits that he stole a bicycle from the Walz Bicycle Shop on State street.

FOUND WITH BICYCLE

Ed Payne was arrested yesterday by Captain Strong of the Hammond police charged with larceny.

He had a bicycle which belongs to Tums DeVoe of Munster, and which was stolen from in back of the Union Restaurant on August 17th.

He claims that the wheel was given to him by another boy who he said lived on Plummer avenue. He also admits taking candy and other small things from the 5 and 16c store.

KENSINGTON MAN ACCUSED

Mike Vubaski of 119 Prairie ave., Kensington, was arrested by officer Einsle of the Hammond police charged with larceny.

Vubaski who took three dental instruments from the F. S. Bell Co., was fined \$11 and given a 30 day suspended jail sentence by Judge Klotz in the Hammond city court this morning.

SUES FOR DIVORCE

Leaving a note explaining to his wife that he was done with her and was going to parts unknown, George J. Hamilton departed from Hammond last June and as a result Helen Hamilton, the abandoned wife is suing for a divorce. She says they were married February 5, 1918 and that during the time lived together he frequently struck and beat her and accused her of associating with other men. At the same time she says he was running around with other women and letters from these women came to the home and fell into her hands. She believes he is now in Milwaukee. In addition to the divorce, Mrs. Hamilton would like the restoration of her maiden name, Helen Tweedle. Boone and Murray are her attorneys.

In an 'Round -GARY-

Gary Superior Court to Open on September 8.

The Gary Superior Court after a two months vacation of its attaches will convene on Monday, September 8. According to the court the first day will be taken up with the naturalization.

On account of all criminal cases being transferred to the new Lake county criminal court at Crown Point there have been no criminal cases filed in the Gary Superior Court. There is an unusual large number of civil and probate cases pending and the new term indicates a very busy one. Second citizenship papers, the largest number of applicants ever heard in the court will be taken care of on the first day with special federal examiners present to conduct the examination.

The large number of naturalization applications is the result of the fact that during the war aliens and alien enemies were prevented from being citizens unless rigidly investigated by the federal authorities.

GARY'S CITY COURTS

On a warrant sworn out in Judge Cothery's court yesterday charging him with embezzlement Alexander Danowski, 170 Mass. street, was arrested in Gary yesterday. The arrest was made by Constable Chambers.

On a complaint registered by a Gary woman, juvenile authorities are today investigating the case of 16 year old Mary Vinsage 2328 W. 1st avenue, who was arrested by Officer Ernest yesterday for charges of larceny.

The girl is reported to have stolen some money from the West Side resident last February. She has been employed at the Kirk Yard Y. M. C. A. where her arrest was caused.

Joseph Johnson, colored, was arrested by Gary police by Captain Volck at 7th avenue and Broadway in Gary yesterday on assault and battery charges made by his wife. They live at 340 Jefferson street.

ON AUTO TRIP

While on the first lap of a motor trip through Michigan, Mr. and Mrs. F. W. Kingsley and son Lester, a member of the Marines and late 42nd division, spent the night yesterday at the home of their parents and brother, Mr. and Mrs. M. C. Steeple and son Lathrop at 1520 Arthur place in Tollestons.

Mrs. Kingsley is well known in Tollestons and Gary, having been employed as physical director at the Beveridge school before her marriage to Mr. Kingsley. They now reside in Chicago and after spending a pleasant visit overnight they left today to complete their motor trip.

NOTHING HEARD FROM SHIPMENT.

City comptroller John A. Brennan, as well as hundreds of Gary residents are anxiously awaiting some word of the shipment of the four cars of government meats, canned goods and food stuffs which was purchased by the city a week ago, but up to noon today,

nothing could be learned from the fact that the shipment has been released and is some where between here and Chicago.

The shipment is expected hourly. In an effort to cut the H. C. L. it will be placed at nine different distributing points in the city and will be sold at exactly the post price figuring the freight and over head expense.

One Gary Building Permit.

But one building permit was issued at Gary since yesterday that of the Guarantee Building Construction Co. for a two story brick and stucco residence to be constructed at 612 Lincoln street to cost \$12,500.

COAL BOAT ARRIVES AT GARY PORT.

The coal boat A. Zelsing loaded with coal from Loraine, Ohio, was docked at the Gary port August 18th. No ore boats have arrived in several days for the reason it is stated are being pulled out of service on account of strikes now in progress and pending.

OPENS UP NEW SUBDIVISION.

The Gary Land Company yesterday announced the opening and sale of lots in the new Eleventh subdivision in the vicinity of Tyler Park and according to late reports of the sale at noon today, they are meeting with unusual success.

So far in the neighborhood of fifty lots have been disposed of and before the sale is a week old the land company does not expect to have a single lot left. Recently the Gary Land Company erected fifty beautiful new homes in this subdivision and in a year from now will be the finest residential section on the south side.

Yesterday a block of forty-five lots was sold to parishioners of the Holy Trinity Slovak church and a half a dozen other lots to individual buyers.

STEEL HEADS VISIT GARY.

Today Gary will have for its guests President E. J. Buffington and Vice President G. G. Thorpe of the Illinois Steel Company and the Gary Land Company.

They arrived in Gary at 10:15 over the Lake Shore and were taken for a visit and tour of inspection over the city in a machine. It has not been learned what business brought them to Gary, but it is evidently very important.

CAPT. MCCARTNEY ENJOYING VACATION

Capt. McCartney of the Gary police department is enjoying his annual two-weeks vacation.

Detective Sergeant Frank Holm is acting night captain during his absence.

AN IMPORTANT SALE

One of the largest and most important real estate transactions that has been consummated in Gary in some months, was closed by the Gary Land Company yesterday, when a block of

45 lots were sold to parishioners of the Holy Trinity Slovak Church, in the vicinity of 12th avenue and Madison St. Chicago.

It is the hope that some three hundred members of the parish to make this section in the Tyler Park and the Prochel school, the most beautiful south side residential section. The 45 lots are in the 11th subdivision of the Gary Land Company, between N. 11th and 15th avenues and from Madison street to Tyler Park.

Catarrh Is a Real Enemy and Requires Vigorous Treatment

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in un-stopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?
