The Graver Tank Works have posted a notice for all employees to disregard "quack" doctors who stand in front of their plant distributing literature claiming that they can cure you of anything that is wrong.

If you need the treatment and advice of a doctor go to a reputable one or go to a free clinic. The East Chicago health department can give you necessary advice and it will cost you nothing.

These quack doctors are in business to bleed the public for all that they can get and can make you believe you are sick and need their treatment.

At the time the armistice was signed, the government had on hand 15,000,000 and instead of selling them to some Novelty Company, they shipped them back to this country and had them unloaded and made into savings banks.

Suggestions made by employees of the Graver Tank Works were adopted, one suggestion was that instead of placing Tank Heads on empty barrels, something more staple should be used to support these heads.

This suggestion was adopted by Mr. A. Larson of the maintenance department, received \$5.00 as a remuneration for his thoughts.

C. B. Swanson was awarded five dollars for making suggestion that a safety kit be placed in every shop to be used in case of severe wounds. It was also suggested that lessons in first aid be taught.

A drive is being made for a contribution of \$5,000 dollars for Welcome Home Day celebration in honor of the returned Soldiers, Sailors and Marines.

The Twin Cities have not done anything in the way of a Welcome Home Celebration like other cities have. So it is up to you, citizens, to contribute to the fund.

The celebration is in Labor Day and we want to make it one that will not be forgotten and make the heroes feel proud of the people of East Chicago and Indiana Harbor. So when a volunteer comes around meet him with a smile and shell out.

Another dancing club has sprung up. This time it is "The Couple of the Evening" who are giving a Moonlight Dance at the Auditorium hall in Indiana Harbor on Sept. 5.

The Chasers of the Blues have now agreed to take over the Masonic Temple starting October 1 giving the dances two nights a week, Wednesday and Saturday nights being the nights picked.

On Wednesday night, Novelty and Prize dances will be held while on the Saturday nights, regular dances will be held.

Announcements of the different dances will start in THE TIMES on the 10th of September.

Arthur Sterling, who ranked as Master Musician in the Navy and who played for some of the prominent people in the United States, is back home and has started an orchestra which will be called Art's Jazz Orchestra.

Art Sterling played at the Mills-Hart reception last night. He played anything from a rag to grand opera.

The Todd Ave. A. C. defeated the White Eagles from Graver tank works 2 to 0. The score being 2 to 0. With Thomas May in the box, Thomas May, Manager 4723 Todd Avenue, Phone East Chicago 1233-J.

MILLS-HART WEDDINGS  
St. Alban's Episcopal Church, Indiana Harbor, was the scene of a midsummer wedding last evening when Miss May Mills, eldest daughter of Mr. and Mrs. Isaac Mills of Hammond, Ind., was wedded to Arthur Sterling, son of her father and her future husband.

Attending Fr. Day were Norman Johnson and John Golder. The wedding strains were played on the organ by Jack Johnston. The bride was lovely in her appearance with a gown of white Georgette, handsomely embellished with hand embroidery. She wore a veil coronet fashion which was faintly relieved with pearl festoon. Her shower bouquet was made up of bride's roses and lilies of the valley.

Miss Bessie Mills, a sister of the bride looked equally charming in her rose hue frock and carried pink roses. She was the bride's only attendant.

Mr. Walter Hart, brother to the groom supported him. Ushering were Jack Johnston and Jack Johnston. A most noteworthy event in the entire arrangement scheme was the fact that all those who participated in the wedding were intimately associated with either the bride or the family since the days when Wislawa, near Glasgow, Scotland, was their home and coming to this country about the same time settled here and have ever since been inseparable friends. The wedding cake which was an attraction at the feast and reception which followed at the Parish Hall was adorned in the artistic taste by Mrs. J. L. Johnston.

The entertainment during the reception hours was planned masterly by the talented Arthur Sterling, who upon his arrival home from across sea's service since the early days of the world war, is again taking up the directing of his own orchestra. The guest gathering comprised a large number of out of town friends from Indianapolis, Hammond, Park and Chicago. The bestowal of gifts was elaborate.

The couple left late in the day for Pittsburgh, Pa., where a brief honeymoon will be spent and upon their return here will remain with the Mills until such time as a suitable dwelling can be obtained.

The Hart-Mills families are the oldest of Indiana Harbor and are equally prominent in all affairs which bespeak for a city's good. The stalwart youths participating in the various offices attended with weddings were all services men in the various branches of war assignment and with laurels well earned have returned happy to their homes which all happen to be in Indiana Harbor with the exception of the pianist of the evening, Arthur Sterling, who is one of the three brothers all back from the Navy. The groom is also one of three brothers so honored.

The attendance at the Lake Front band concert in Indiana Harbor last evening was a decided disappointment. The announcement that band concerts were to be enjoyed in the Twin Cities was hailed with delight by the greater majority of the townspeople, but unless more real enthusiasm is shown in the way of better attendance it would be a mistake and an insult to the band performers to try and continue them. The music rendered is exceptionally good and the performers deserve more encouragement than they received last evening.
