

Here they are—thousands of pairs—all regular stock—all new this season—all so greatly reduced that you simply cannot afford to lose such a wonderful money-saving opportunity.

It is like throwing money away to sell these pumps and oxfords at these prices, for next season they will cost nearly double.

We have always made it a rule to never carry anything from one season to the next, and we are going to stick to that rule.

Every pair of pumps and oxfords in our stores is included in this sweeping clearance. Nothing reserved.

You Can Be at the High Cost of COAL

The Barnhart Coal Co. offers a plan by which you will be able not only to get your coal at mine prices, but will receive a handsome return each year by joining the company.

The leases of this coal company which are being developed lie near the city of Terre Haute, Ind., which is the center of the coal industry of the state.

To benefit from this proposition, act at once as the number of people taken into this company are limited. It costs you nothing to have this plan explained to you. If you don't like it you are under no obligations to join.

STRIKING NEW HOSE
FOR SHORT SKIRTS

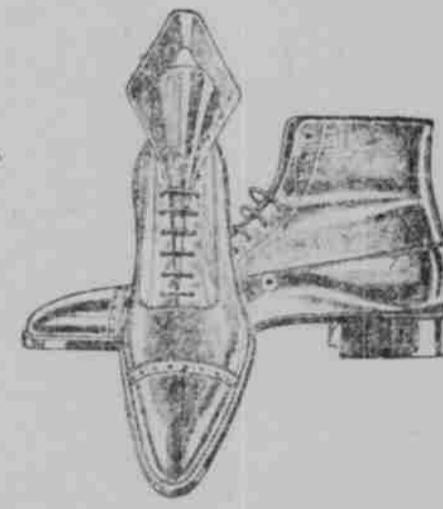

A mighty fine assortment, fellows! There are cashmeres, flannels, cheviots, unfinished worsteds—yes, even serges. And colors are just as wide as to choice—for blues and browns and grays and all sorts and degrees of stripes offers to each man and young fellow the right sort of suit—for him.

Waist seams—the newest clothing wrinkle for the young fellows—are represented in abundance. Military models—double breasted styles—just about every kind and degree of sportiveness and conservativeness can be found. The peak lapels and crescent pockets add the "ith degree" of dash to the college styles—while the "settled fellow" who wants service first will get his desires in the more conservative models.
