

VALUATION EFFECT IS AWAITED

Property Owners in Many
Parts of State Say Taxes
Will Be Higher Than Be-
fore.

(BULLETIN.)
A meeting is being held this after-
noon in Hammond to protest against the
state board's assessments in North
Towship. C. H. Frederick, former sher-
iff is calling the meeting. He asks every
township in the county to organize in
protest.

(TIMES BUREAU AT STATE CAPITAL)
INDIANAPOLIS, Ind., Aug. 28.—Now
that the State Tax Board has announced
its readjustment of property valuations
in all of the counties of the state under
the provisions of the new state tax law,
it will be interesting to watch the re-
sult and note the effect on property
owners. In many parts of the state
there has been much dissatisfaction
voiced because of the possibility that
valuations might be tremendously in-
creased under the new law and that
taxes would be higher than before. There
has been much speculation in regard to
what political effect this might have
on the voters of the state. No one can

tell at this time how it will turn out.
Much surprise was expressed when
the report of the state tax board be-
came known. It had been reported that
the board would make adjustments that
would be more nearly uniform than
those shown in the report. It was
thought that there would not be such a
wide difference in the per cent of in-
crease in the different counties. The
report shows that in one county, Carroll,
the board made a decrease in the valua-
tions of real estate, while in other coun-
ties the rate of increase ranged all the
way from five per cent to 100 per cent.
This fact is pointed out here as showing
the need for revision of the old tax
law, under which valuations formerly
were fixed. It shows, as it is said, that
the variations in the various counties
under the old law were so great that in
some counties land owners paid more
tax than they should have paid, while
other counties paid less than they should
have paid. Under the new law the state
tax board has sought to equalize valua-
tions and appraisements so that property
owners in all of the counties will pay
taxes on an equal basis. It means an
increase in some counties higher than
others, but this merely helps to equalize
the tax burden. It is well known, too,
that more money must be raised by taxa-
tion, because of the high prices of
everything that is bought and sold now-
adays.

Close observers here seem to think
that the report of the state tax board
will remove much of the objection that
heretofore was voiced against the new
tax law, and that it will work out satis-
factorily.

COLD STORAGE STUFF IS SEIZED

(INTERNATIONAL NEWS SERVICE)
CLEVELAND, O., August 28.—Seizure
for sale of 100,000 pounds of meat
and poultry in storage at the Sheriff
street cold storage warehouses was
authorized today by common pleas
court. It is alleged the meat was
held longer than permitted under the
state cold storage laws.

LABOR IS PLEASED AT NEWS

Gov. Goodrich May Select
Board Which Will Do
Away With Troop Calls

(TIMES BUREAU AT STATE CAPITAL)
INDIANAPOLIS, Ind., Aug. 28.—The
fact that Governor Goodrich now has
under consideration the creation and ap-
pointment of a mediation commission to
act in all labor disputes and prevent
strikes and disorder is regarded here as
a good sign of better conditions in the
industrial life of Indiana. The plan
which was proposed by a committee re-
presenting the railroad men of the state
contemplates that labor disputes may be
adjusted more easily and satisfactorily
through a process of mediation than any
other way. The committee advised the
governor that such a plan would be
much better than to call out the state
troops, as was done at Ellettsburg during
the riots that attended the telephone
strike and at Hammond where the state
forces are now guarding an industry
which has a strike on its hands.

Labor is opposed to the calling out of
soldiers in labor troubles. The commit-
tee members said the presence of soldiers
always add fuel to the flames that cause
disorder, and that it is much easier
to reach an adjustment through peace-
ful means. They said that if a media-
tion board was appointed whose duty it
would be to attempt to settle all labor dis-
putes a much better feeling would be
created. They said that if, after the
board failed to effect an adjustment of
the differences, disorders should follow
then would be the time to consider the
idea of affording military protection.

But, the members said, they believed
that there would be no need of calling
out troops if such a commission was in
working order and would do its work
well.
The Governor was much impressed
with the argument made by the commit-
tee of railroad men, and it is known
that he is giving the subject careful
thought.

NEIDICH & CO. OPEN HAMMOND OFFICE

Neidich & Company, fiscal agents for
the Reverse Motor Corporation of Lo-
gansport, Ind., with executive offices
in Chicago and New York, have open-
ed their Hammond office. It is the
aim of Neidich & Co., to offer to the
investing public, propositions that
have been carefully investigated.
The firm of Neidich and Company,
says Luce and Flinnay "is built on
honor and that is the reason of
our success." Luce and Flinnay who
are in charge of the Hammond office,
have an organization of local repre-
sentatives. That the Reverse propo-
sition is a success, is shown by the
fact that Mr. Van Zant, president of
the corporation, has contracts on re-
cords, showing that the Reverse Motor
Corporation will manufacture 5 mil-
lion dollars worth of Reverse cars and
parts in 1920. Latest reports from
the plant are to the effect that addi-
tional ground has been purchased and
new buildings will be erected.
Other branches of Neidich and Co.,
are situated in Chicago, New York,
Fort Wayne, Ind., Indianapolis, and
Mr. Neidich is now looking for suit-
able locations in the East, where the
Reverse proposition will be quickly ap-
preciated by the investing public in
general.

WATER CARNIVAL AT LAKE FRONT.

In spite of the fact that the steel
cars are not running and bus service
must be depended upon, nearly one
thousand people from cities of the Cal-
umet region are at the Hammond
bathing beach this afternoon for the
first annual water carnival. Events
for children were held before dinner
and others are now in progress but the
big events are not to start until about
4 o'clock. By that time it is thought
the picnic of grocers and butchers will
have ended at Douglas Park, adding
hundreds to the beach crowds. The
lake is quite choppy this afternoon,
but the races are being held neverthe-
less.

AVIATORS REACH MICHIGAN.

(INTERNATIONAL NEWS SERVICE)
MOUNT CLEMENS, MICH., Aug. 28.—
Lieut. H. G. Slater and Sergt. Strick-
land, driving a Duff in the Toronto-
New York aerial derby, landed safely
at Selfridge field, near here.
It was feared that the plane had
been lost in one of the great lakes, as
officials had not heard from them for
some time.

MONTENEGRO IN REVOLT.

(INTERNATIONAL NEWS SERVICE)
LONDON, August 28.—The whole
of Montenegro is in revolt and fighting
is in progress over a large area. It
was officially announced there today.
The railroad between Vrbaz and
Antivari has been cut by the Monten-
egrins.
The Serbs are throwing large en-
forcements into the country and are
endeavoring to suppress the revolt,
the war office stated.

THEY WANT TO COME HOME.

(INTERNATIONAL NEWS SERVICE)
PARIS, Aug. 28.—The American peace
delegation, headed by Frank L. Polk, is
preparing to ask President Wilson
whether it is worth their while to re-
main in Paris attempting to solve the
problems of Southeastern Europe, it was

learned here today.
Upon the president's reply will de-
termine whether the Americans remain
here trying to untangle the complicated
Balkan snarl or whether they return to
Washington, leaving the European pow-
ers to settle the snarl which has arisen
as a result of the Rumanians enter-
ing into Budapest.

COMBINATION FOR FIX PRICES NEEDFUL

Senator Kellogg is Against
Wilson Plan to License
as H. C. of L. Remedy.

(INTERNATIONAL NEWS SERVICE)
WASHINGTON, Aug. 28.—Licensing
of industries, recommended by President
Wilson as a remedy for the high cost of
living will not lower living costs unless
there is a combination to fix prices. Sen-
ator Kellogg of Minnesota declared to-
day to the sub-committee of the inter-
state commerce committee of the sen-
ate which is investigating legislative
methods of attacking the high cost of
living.

Senator Kellogg appeared in behalf of
his bill to license all corporations with
capital or assets of \$10,000,000 or over.
The bill, Senator Kellogg said, was
primarily a means for administering the
Sherman anti-trust law. He declared
that with a licensing commission it
would be possible to determine whether
there were combinations before licenses
were granted.
