HAVE YOU A BABY?

Or have you small children? Did you ever stop to think how many dangerous germs these little ones come in contact with daily while playing on the rugs? It is of paramount importance to keep the rugs spotlessly clean.

Ordinary Electric Sweepers will not get germs—not even half the dirt. There is only one machine made that will do it—

THE HOOVER SUCTION SWEEPER

We will prove this to you by rigid tests. The Hoover demonstrator will be glad to call and explain the advantages of the Hoover.

was struck by a street car. The fire department had received a call from Box 13, located on Oliver St. in the school grounds. Coming off White Oak ave., the fire truck swung onto 12th st., when they were struck from the rear by an east bound street car in charge of Motorman Edward C. Lockwood, 1378 E. 53rd St., Chicago, and Conductor F. L. Hockin of 7139 Calumet ave., Chicago. The fire truck was driven by Ollie Weigand and it is said he was not going at an excessive rate of speed. The report is that the street car suddenly picked up velocity and crashed into the truck with an awful roar. Leslie Miles, fireman, who was standing on the rear, was knocked off and received a bad scalp wound and an injured leg. He was taken to Dr. Putnam's office, following which he was removed to St. Margaret's hospital. Mike Neelon and Albert Zarnet, firemen, also received minor injuries, which, however, will not incapacitate them from their regular duties. The fire truck was badly smashed up by the collision. The Community Service "diver" also suffered the loss of a wheel and other damages, it having been parked in close proximity to the scene of the accident.

The accident happened at one of Whiting's busy and also dangerous corners. The passengers on the street car were given a bad shaking up but fortunately no one was injured. The crew was not taken into custody, but they will be brought here to make an explanation.

ratified the woman suffrage amendment by a vote of 54 to 24 early today, after a four-hour filibuster, led by Democrats, had failed. The state senate had ratified the amendment last week. The gallery was filled with women who cheered and waved suffrage banners when the result of the vote was announced this morning. New Jersey is the twenty-ninth state to ratify the amendment enfranchising women. Seven more state ratifications of the amendment are necessary to make the constitutional amendment effective.

Gary, was stabbed and severely injured at a colored dance at 12th and Adams street on the South Side last night. Rudolph Prew, negro 20 years old was bound over to the criminal court under \$1,000 bonds by City Judge Dunn in Gary this morning.

The War Map

In the conduct of war, war maps are essential. They aid in the handling and control of the fighting forces and their equipment. They make for scientific exactness as opposed to luck and chance.

In our own bakery, we use a production "map" or chart in making

PURE MILK BREAD

that has a purpose similar to that of the war map. It, too, removes luck and chance from our methods, shows the progress of each batch of bread, and helps us to produce the fine flavored, wholesome loaf you get from us.
