BOY SCOUT'S GREAT NIGHT

Major M. J. Shields, national Red Cross field director at Washington, D. C., will be the principal speaker at the Father and Son banquet tonight to be given under the auspices of the Ham-

mond Boy Scout organization at the Masonic temple.

So far 200 tickets have been sold and it is said that many will purchase their tickets at the door.

Between course, a work of the various committees in the big scout drive this week will report.

Although returns of the success of the membership drive have not yet begun to come in, it is said that Troop 2 attained up eight members today and Troop 9 a similar number.

The latter organization will have on display in the window of the Northern Indiana Gas and Electric company, a bridge,

three feet long, composed of the small branches and twigs.

DR. JUDD TO SPEAK

Preparations have been made to hold the mammoth parent-teachers' meeting at which Dr. Charles H. Johnson, dean of the school of education at the University of Chicago, will speak, in the Baptist church at 8:00 p. m. next Tuesday.

Dr. Judd, who is an educator of national fame, will probably discuss the reorganized school curriculum.

His discourse should be of particular interest to Hammond people because of the many recent and notable improvements in the system of instruction in this city.

Perhaps the most noteworthy of these changes was the elimination of the old eighth grade and the addition of a new kindergarten course.

The meeting at the Baptist church will be under the auspices of the local school board.

Rev. Johnston and his party spent three weeks at the First Methodist church in Hammond and did great work.

Miss Stellhorn expects to join the party before it leaves Chicago.

The tour may also include at least one Canadian city.
