Thousands profited by the Mill End Sale of Shoes—the sale that brought shoes a-plenty at less than factory cost today. Our stocks are still large, in spite of the heavy selling of the past ten days. We have been carrying the largest shoe stock in the history of our mercantile career to past six months in order to protect our customers against high prices. We've saved Lake County shoe buyers thousands of dollars. While shoe prices were soaring higher Lion Store prices remained the same. Spring stocks are beginning to arrive—we must make room for them. Hence this **Special Five Day Unloading Sale**. Compare these prices with those of other stores, inquire about the prices of new spring footwear and you will readily see why so many people are buying two, three and four pairs of shoes for each member of the family.
