What Is Rheumatism?

Why Suffer from It?

Sufferers Should Realize That It is a Blood Infection.

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons.

S. S. S. has been successfully used for Rheumatism for more than fifty years and many voluntary testimonials are on file from those whom it has benefited. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. WHAT BARNUM SAID DON'T GO HERE

That saying of his that the public loved to be humbugged was circus talk in the old days when the circuses sometimes folded their tents and left the town of a dark night.

Yet, what Barnum said is absolutely true of many of today's Player and Piano Sales. Many unfortunate folks are humbugged into buying a Player or Piano BARGAIN. "Something for nothing," as it were. Folks—it can't be done.

For this store and its trustful patrons no goods can be too honestly made, or too correctly labeled, or too fairly priced in plain figures—"the same to everybody."

JAIL FOR PROFITEERS

is what we say

If you wish to know the real value of your dollar and the purchasing power it has over the long drawn-out time sale, just come to our store and allow us to explain our common sense plan of paying to our customers the amount of real money discounts your ready cash will earn.

Three of the finest and most discriminating families in Hammond who purchased players from us last week, "told us—and will tell you," that if they had not seen every piano and player-piano in Hammond and scores of others in Chicago, they really could not believe that it was possible to save from \$150 to \$300 in their purchase from us. Hundreds in Lake county have taken advantage of our plan.

Tell us the block in which you live in North Township and we will refer you to some neighbor nearby, who, through mere justice to us, will gladly substantiate above claim.

Do not lose your good, hard-earned money for want of the time it takes to see us and our line of instruments. We are the oldest and largest distributors of pianos and phonographs in Lake county. "Have been in Hammond 16 years and have become big and reliable by deserving to grow."
