

WHITING HIGH COUNTY CHAMPS

Hammond Fives are Beaten
At Basketball By
Whiting.

Whiting high's powerful machines scored two clean-cut victories over Hammond high's first and second teams Saturday night. Before the largest crowd of the season Whiting high won the first team game by a 23 to 14 count, while Whiting's second showed Hammond's seconds, under for the third time this year by a one-sided score of 20 to 8.

The contest between the first teams of the two schools was a red-hot season affair until the last five minutes when Whiting high forged ahead and was never headed. Kaklich, Benson and Thiessen were the offensive stars for Whiting. Cearing, Evans and Howell played the best games for the losers. Goldsmith, who was not into the fray during the last five minutes by Coach Hart, played a whirlwind floor game which was instrumental in the Whiting victory.

Whiting high, by winning from Hammond for the second time this year are the undisputed Lake county champions. Coach Hart's first and second teams have played twenty-one games and have won eighteen out of the twenty. The squad under Coach Hart's tutelage has had a most remarkable season, winning thirty out of thirty-six games played.

Whiting high will make a hard fight to land tournament honors this year. Tournament favorites are Vinton, Emerson, Hammond and Whiting. Lowell might prove to be a dark horse, however.

MR. HUBBARD

VOICE OF THE PEOPLE

ANSWERS

To The Times Editor:

I am glad Mr. Pickart reads The Times advertisements—it will do him a world of good—but I would like to know where he gets in at and getting in cheap. I do not personally know this man and I am sure he does not know me, but I think it would do him some good to get acquainted with me before he starts to exploring.

If I was half as small as Mr. Pickart claims I am, I would not be in business on account of the death of his sister, Mrs. Minnie May Roy, long a resident of this city. The remains were placed in a vault in the Graceland cemetery temporarily.

Charles Vacum, proprietor of the Phillips hotel and restaurant, is back from Chicago, where he was summoned on account of the death of his sister, Mrs. Minnie May Roy, long a resident of this city. The remains were placed in a vault in the Grace-

land cemetery temporarily.

Orton Hone, who came to this city from Vandergrift, Pa., to engage in employment at the Inland mill, and making his home with the E. H. Smiths in Wegg avenue, and falling ill with what is believed to be the influenza and its dire complications, was removed to St. Margaret's hospital yesterday for further medical care and nursing. The young man's brother, Fred, has arrived from the east Saturday, and is staying with him.

It may be that we are making a farce paying \$40 a week for a brother—one-half day off on Thursday with full pay—and \$40 a day to keep our two automobiles running, also rent, light, coal and ice. Stop and figure this up and see if almost anyone in the business would not have a kick coming. Also the fish business, which we are not exclusive binders of, is also crippled up, with parties commencing in here and staying during Lenten season. Is this right?

I would like to ask, why not give the Hammond grocery and markets a chance at this and keep the money in Hammond.

People always did get their wants supplied before I think we are able to do so yet, even if Mr. Pickart is out of the business.

Mr. Pickart said that Mayor Brown had to stand in the cold to accommodate the public. I would more so advise him to buy out a store for we can always get cool if we can get the money.

We are also required to handle credit business and take our chances. We have no protection at all. There are numbers of people who go there and pay cash for goods while at the same time over their groceries. That may have been the reason Mr. Pickart did not make good.
