

E. CHICAGO MAN HIT BY MACHINE

Andrew Rieberg, 4215 Tod avenue, East Chicago, was badly injured last evening when he was struck by an automobile driven by Andrew Rappaport of 3520 Carey st., Indiana Harbor. Rieberg was taken to his home where he was attended by Dr. M. A. Given and examination showed that no bones were broken. The injuries will probably confine him to his bed for several days.

Rieberg was waiting for a Green Line car at the corner of 144th st. and Forsythe ave. when Rappaport turned on to Forsythe from 14th street. Rieberg was knocked down but was saved from being run over by the quick action of the driver.

SUIT FOR DIVORCE

A blank space represents the specific charges upon which Jewel Joyce bases her suit for divorce from her husband Charles Joyce. The complaint filed today in the Hammond superior court by Attorney Kleis & Tinkham merely states that they were married December 29, 1915 and separated February 28, 1920, and alleges cruel and inhuman treatment. The "to-wit" following the allegation precedes a blank space on the page which is to be filled in later.

Eyes Weak?

If your eyes are weak and work-strained, your vision blurred, if you find it difficult to read and must wear glasses, go to your druggist and get a bottle of Bon-Opto tablets. Drop one in a fourth of a glass of water and bathe the eyes two to four times a day. Stronger eyes, clearer vision, and sweet relief will make you tell your friends about Bon-Opto.

Note: Doctors say Bon-Opto strengthens eyesight 50% in a week's time in many instances.

CHARGES CRUEL TREATMENT

Charges of cruel and inhuman treatment are made by Ruth Irene Gragdon in her petition for a divorce from her husband Arthur, which was filed today in the Hammond superior court. She says he frequently struck, beat and also wounded her with his fists. They were married September 25, 1913 and separated March 13, 1920. Mrs. Gragdon, who has her maiden name, Ruth Irene Wall, is restored. She resides at 332 State street, Hammond. Phil Greenwald is her attorney.

ASK FOR RECEIVER

Henry Horner Co. have filed a petition in the Hammond superior court to have a receiver appointed for James Grabara who formerly operated a grocery store at 1301 14th street, East Chicago. Carol Buda, who recently purchased the store is also made defendant. The suit is brought about because Grabara sold the place without notifying the plaintiff in whom he owed an account. Lester Lutenheimer is attorney for the petitioners.

NO WONDER LUMBER'S HIGH

(INTERNATIONAL NEWS SERVICE) CHICAGO, March 22—Hard wood lumber has increased in price 300 to 400 per cent in the last 18 months. It was disclosed here by government officials today following the issuance of a federal injunction against alleged price-fixing activities of the American Hardwood Manufacturers Association of Memphis, Tenn.

More than 300 members of the Association are named in the writ, which charges that a cooperative plan conducted by the association stifles competition and hoists prices of hardwoods. Literature sent out by the association teaches the maximum that "over-production is a criminal folly; it kills the goose that lays the golden eggs," the government alleges.

GAS METER THIEF AT WORK

Discovery that a gas meter thief had been at work in the Hammond building was made today when Dr. A. W. Lloyd was requested by the gas company to pay for a new meter which the company had just installed. As Mr. Lloyd did not recall damaging the meter himself an investigation was made. The old one had been broken open and the money removed. It was then recalled by other professional men having offices on the fifth floor that not long ago a young man had called with the announced intention of repairing a meter. He went to some trouble to borrow a ladder in order to reach it and in all spent at least two hours working in the closet in which the meter was located. Dr. Lloyd says he had only placed two quarters in the meter since it was installed for the young man was poorly paid for his work.

onal democratic committee, which on Jackson Day in Washington, manifestly went on record as backing up the administration and its record.
Between these two factions, observers declare a violent row is to be expected when they come to name a standard bearer at the San Francisco convention.
A RATIFICATION CANDIDATE.
The one side inevitably will demand the nomination of a candidate who will pledge himself to accept ratification of the modified treaty as voted for by the 21 democrats in the senate Friday night.
The other, the Wilson faction, must insist upon a nominee pledged to go before the voters of the country demanding the ratification of the treaty of Versailles without serious modifications.
Should the San Francisco nominate a candidate known to favor the Lodge reservations, many consider it would amount to renouncing the leadership of President Wilson and a public act of disapproval of his administration.
Political bookmakers therefore foresee the sidetracking of such presidential possibilities as Bryan, Hoover, Cox, Owen, Gerard and any who would accept the Lodge reservation in favor of such men as Wm. G. McAdoo, Atty. Gen. Palmer, whose minds are known to be in accord with that of President Wilson.

For this state of affairs blame is placed by many party men directly upon the forcing of the treaty into the campaign as an issue. Had the part

EASTER MILLINERY

Revealing All the Charming New Modes
Fashion Has Decried for the New Season

As if in joyous anticipation of the coming Spring, "The Hat and Art Shop" has taken on a festive air in their presentation of all that's new and lovely from millinery fashion centers.

WITH each creation seemingly more charming than the other, 't would be difficult to decide which of the many new style features is the most bewitching. That there is to be a tendency to the "Egyptian Period," is evidenced in the captivating new shapes of Egyptian trend—the wondrously draped Egyptian-like Turbans—the alluringly veiled hats that take one's thoughts to the days of Cleopatra.

Wondrously soft, pliable fabrics will rival lovely straws, with a preference shown for the softly flattering Transparent Hats of hair braid.

Sports Hats have borrowed their colorings from the rainbow tints—tempting one's fancy still further with their snappy shapes and novel trimming touches—with here a motif of bright-hued fruit, there a clever touch of embroidery—perhaps done in wool.

"Off-the-face" models are seemingly much in favor, yet shapes are so varied that the desire in every woman's heart for a hat that emphasizes her very own individuality can be easily gratified.

Untrimmed Shapes

For the woman who would plan her own hat, we're showing newest shapes and trimmings, and our own Artist-Designers will evolve for her a creation that will be distinctive and individual.

The Veil

Fashion whispers a little secret direct from the lips of Paris Modistes—one must be veiled—and, when the veil is of the bordered type, the border is worn at the top, giving a most "unusual" touch—but try it and see.
