

## DEMOCRATS GATHER AT RENSSELAER

RENSSELAER, Ind., March 22.—The Democrats of the Tenth Indiana congressional district held a meeting here Saturday for the purpose of planning an organization for the coming campaign.

Among the out-of-the-county Democrats present were H. L. Lehman, district chairman; Attorney Hershman, Conroy, McMahon and Barnett, of Lake county; Editor Foster, of Monticello, and John Isenbarger of North Manchester. The latter is a candidate for the Democratic nomination for governor of Indiana.

An organization meeting was held in the afternoon, at which time campaign plans were discussed. Mrs. Ura Gwin, Edward P. Honan, and Frank Welsh, and the prominent Democrats of the county attended this meeting. Among other things decided upon was that the women should be given a fifty-fifty chance with the men. That this district should have a woman delegate to the Democratic national convention to be held in San Francisco. That at least one candidate for county office in the counties of the district should be a woman. That women should have the same number of members of the working organization as the men. It is reported that E. P. Honan was urged to make the race for congressman from this district.

An open meeting was held in the evening and a fair sized crowd was in attendance. This meeting was presided over by Mrs. Ura Gwin of this city, who is chairman for the women in this district. She made a brief address and then introduced a speaker from Chicago, who gave a short address in which she lauded President Wilson, his conduct in the great war and the Democratic administration. She said that the Democrats are entitled to more credit than the Republicans for the near victory for woman suffrage.

At the conclusion of this address the Hon. John Isenbarger of North Manchester, who is a candidate for the Democratic nomination for governor, was introduced by Mrs. Gwin. He said that

he was not an orator but that he preferred to talk personally to his supporters and that he had, while accompanied by County Chairman Welsh, interviewed about sixty of the leading Democrats of the community during the afternoon and evening. He attacked the Goodrich administration and praised very highly President Wilson.

Attorney George E. Hershman of Crown Point was then introduced by Mrs. Gwin and he made a stirring address and was often applauded by those present. He attacked the present national congress and said they were spending \$5,000 per hour criticizing President Wilson. He said the Republicans were so jealous of the Democrats for their successful conduct of the great war that they wanted a war of their own. He said the reason that the Hughes investigation was not taken up was because it hit too many high-up Republicans. He spoke of the good laws passed by the late Democratic congress, and said that nothing has been done by the Republican congress in power.

He made a bitter attack upon the present state administration, flaying the tax law, the road law and the failure of the Republicans to provide for the women voting in the primaries.

## DRY AGENT USES A SHABBY TRICK

Presents Masonic Charm To  
Get Prescription and  
Doctor is Arrested.

(INTERNATIONAL NEWS SERVICE) CHICAGO, March 22.—Federal investigation into the taxila employment by government prohibition agents in obtaining evidence was begun today by U. S. District Atty. Charles F. Cline, following exposure of what he termed "a damnable outrage" perpetrated by one of Maj. A. V. Dalrymple's men here.

This agent, it is charged, went to the office of Dr. A. J. Kautzka, a physician, and asked for a whiskey prescription, claiming he was ill and supporting this claim by the use of a Masonic distress signal. Not doubting the word of a man he believed to be a brother Mason, Dr. Kautzka gave the prescription and was immediately placed under arrest.

Hearing that the situation would place him in jeopardy the physician attempted to commit suicide by taking poison, but was saved by a fellow physician in time.

"I am going after the men who resort to such stunts as this," said Dist. Atty. Cline. "They constitute the last thing in criminality."

## THREE KILLED IN KY. MINE RIOTS

Pitched Battle between Miners  
and Special Detectives  
Results in Death.

(INTERNATIONAL NEWS SERVICE) MIDDLESBORO, KY., March 22.—Three men were killed and four wounded Saturday night in a pitched battle between miners of the Harlan county coal fields and special detectives fired by the mine owners to prevent their unionizing. News of the battle was received here only today and is believed to have been suppressed.

The trouble, brewing for months, came to a head when one of the detectives slapped the son of Bud Taylor, a miner. The father took up the quarrel, and it is alleged, was shot dead by the detectives. Other miners fired on him and general rioting followed. Deputy Sheriff Burkes was one of those killed in the fighting.

The detectives and guards were sent away in an effort to avoid further trouble, but the miners organized and are searching for them. More trouble is expected.

### M. C. FIREMAN BADLY BURNED

MICHIGAN CITY, Ind., March 22.—Earle M. Pihl, a Michigan Central fireman, is a patient in the Mercy hospital, Gary, as a result of burns received while he was on duty on an engine Saturday afternoon at East Gary. He was using a pick on a pile of coal

preparatory to throwing some of it into the firebox when suddenly, and without warning, there was an explosion. In the coal pile was a 25-pound can of blasting powder, and it is thought either a spark from the firebox or the heat from the firebox brought about the explosion of the powder.

## BOLSHEVIK MONEY MADE IN GERMANY

(INTERNATIONAL NEWS SERVICE) BERLIN, March 22.—Heavy fighting between Spartacists and government troops has occurred at Henningsdorf, near Spandau. Forty were killed and 65 injured. Government troops were victorious, dispersing the Spartacists. Spandau is one of the most important arsenals in Germany and lies but a few miles west of Berlin.

BY FRANK MASON  
(STAFF CORRESPONDENT FOR THE TIMES) BERLIN, March 22.—(By AP.)—Bolshevik money is being printed by the local soviets established in Mecklenburg and Pomerania, the foreign office announced tonight. Government troops are holding the towns in those districts, but the laborers are initiating the Russian Bolsheviks and are selling large estates.

Lolaj and Dresden are both controlled by government forces, it was claimed.

The government claims that the backbone of the strike has been broken. Workers of the middle class and many unorganized employees are returning to the factories.

This city was still without gas and water, however. The situation in the Rhineland is most critical. The Reds in Thuringia are strongly organized and threaten to give battle to any troops sent against them.

## E. CHICAGO WILL WAR ON DRIVERS

Speeders and Reckless Autoists Arrest Aim of the  
Police Department.

Increased at the reckless driving of automobiles in East Chicago and the disregard of traffic laws, Mayor Leo McCormack today instructed chief of Police Ed O'Donnell to devote the entire police energies if necessary to enforcing the speed and traffic regulations of the city.

The death of Frank McLaughlin, the young physical director of the Garfield school, and numerous automobile accidents in which persons have been badly injured recently has brought to the attention of city officials the flagrant violations which have been common since the city has been without motorcycle policemen to enforce the speed laws. Two motorcycle police have been engaged to start the first of the month and will be on the streets in uniform at all times for the regulation of traffic.

The motorcycle police will not only regulate the speed of machines which pass through the city, but will be instructed to particularly watch for machines which pass street cars while they are taking on or discharging passengers. Owners will also be called to account if they have no 1920 license.
