

DEMOCRATS IN DEFENSE OF HOOVER

INTERNATIONAL NEWS SERVICE
WASHINGTON, March 30.—Chairman of the Senate Committee on Finance, Senator Herbert Hoover, called by Senator McKeon, Democrat of Tennessee, and Senator Thompson, Democrat of North Carolina, to the Senate yesterday afternoon, was sharply answered by Senators Achern, of Indiana, and Thomas of Tennessee, both Democrats.

"You can't fool the people all the time, and the American people are not going to be fooled. The other members of the delegation are not depreciating Mr. Hoover," A. L. Achern said.

McKellar, in quoting from a speech

Mr. Hoover may not be the nominal or the democratic party, but it is plain to the American people that he is going to be the source of more problems," Achern added.

After Mr. Hoover's declaration of principles, I believe he could get the nomination of either of our great parties without reflecting discredit upon either of them," Senator Achern of Tennessee said.

"I am aware the Senator from Arkansas is not a politician," Mr. McKeon said. "I know he is a statesman and I shall have him to explain to the Senate what Mr. Hoover means in his explanation of his economic doctrine in his Boston speech."

The Top Coats Are Here

The Top Coats for Spring have just arrived and I'm not losing any time to tell you about them.

They are here in a variety of fifty colors, conspicuous among them the new browns in single and double breasted models, all silk lined.

You'll get a lot of supreme satisfaction out of one of these Top Coats and I'm not ashamed to quote you the very low price, to introduce,

\$35

Your Suit

The boys tell me, and I believe them, that my suits at \$35, \$45 and \$50, particularly those sturdy double-breasted models are "great stuff." Well, if the chaps who have been coming down here think and express it that way, you will, too, surely. Frankly speaking, they can not be matched, and "the boys" will agree, either in material, style or price. Come down and get into one—next Sunday's Easter, you know. Just \$35, \$45, \$50—no more.

The Rain Coat

Of course every one wants a Rain Coat—you need one often and when you do need one, you need it badly. We have them in the convertible styles in tweeds, mixtures and plain colors and in single and double breasted models.

\$10 TO \$25

Single Trousers

We have a big assortment of Trousers—and they match up well with most any type of coat. There is a growing demand for the J. Guss trousers and I attribute it to careful selection and close margin of profit.

Tartar on Teeth

Shows That You Don't Clean Them—Note These Facts

All Statements Approved by High Dental Authorities

This is to men and women who find that brushed teeth discolor and decay. Who find that tartar forms, or pyorrhea starts. You are not keeping teeth clean. You let a film remain and the damage is traced to it.

Dental science has found a way to end film. It is now embodied in a dainty tooth paste which millions are employing. We urge you to try it ten days at our cost and see the results for yourself.

That Film on Teeth Can Now Be Ended in This Way

You can feel on your teeth a slimy film, ever-present, ever-forming. That film is the great tooth wrecker. Dental science now traces nearly all tooth troubles to it.

The film clings to the teeth, gets between the teeth, enters crevices and stays. The tooth brush does not end it. The ordinary dentifrice does not dissolve it. So millions find that teeth discolor and decay despite the daily brushing.

Why Teeth Discolor

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

Dental science, after years of searching, has found a way to combat film. Many able authorities have proved its efficiency. For five years it has been subjected to every sort of clinical and laboratory test.

Now, for home use, it is embodied in a dentifrice called Pepsodent. Leading dentists all over America are now urging its

adoption. This week we offer a 10-Day Tube to anyone who asks. And we urge that someone in every home prove its unique effects.

Based on Pepsin

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. Dental science has now discovered a harmless activating method. And now everyone can fight the film with active pepsin constantly.

See What It Does

Present the coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Watch the results and read the reason for them. Compare this new method with the old. Then adopt for yourself and have your children adopt the method which seems best. This is of lifetime importance to you. Cut out the coupon so you won't forget.

Look in Ten Days

See how the teeth whiten—how they glisten—as the fixed film disappears. Then you will know there is a way to cleaner, safer teeth.

I understand Mr. Hoover and if the Senator from Tennessee does not understand now, I believe he will be able to understand an hour later on for the American people understand Mr. Hoover and will be to the politicians of either party who fail to understand Mr. Hoover and what he stands for. And that region.

DEPORTATION CASE STOPPED

Deportation proceedings against Andrew Busnay, an East Chicago man who about a year ago was convicted of mail-stealing and sentenced to the Indiana State Prison for from 2 to 20 years, have been discontinued. Indiana's attorney general, J. J. Jackson, and William F. C. Reed, Chicago, that Busnay's friends in the United States

was to be a valuable man of deportable

character, was recently pardoned by the president after Justice Peleg Day interceded in his behalf for the man.

After his parole became effective, awaiting deportation, Busnay was received at Michigan City by his wife and will return to Indiana July 1 and will return to Indiana where he has a wife and two children.

Busnay killed a man by the name of Bussey in March, 1918, during an argument over a erection from a house.
