ZULU KID EASY FOR FOR CHAMPION WILDE IN TEN ROUND MILL

DETROIT, MICH., April 14.—Jimmy Wilde, British flyweight champion, encountered some opposition in his ten round fight with the Zulu Kid at Windsor on Monday, but was never in danger of relinquishing his title. Jimmy tried hard to put his opponent away, but the latter fought a crafty battle and at times caused the crowd to cheer the manner in which he fought back.

Zulu Kid's best work came after the sixth round. In the second Wilde scored the challenger with a right cross to the jaw, the American fighter taking the count of eight. Jimmy chased him around, apparently trying to end it then, but could not land the sleep producing wallop.

Joe Burman Rallies to Win Over Sammy Seeger

TRBNTON, N. J., April 14.—Only a rally which he started in the eighth and last round enabled Joe Burman of Chicago to win over Sammy Seeger of New York on Monday.

The World of Sport

Hammond American Legion intends holding a stag in the near future. Among the features of the entertainment there were to be a several rounds of boxing—but the laws of Indiana prohibit boxing and term it prize fighting. East Chicago evaded the prohibition by passing an ordinance defining boxing and allowing bouts to be held. Now that city is privileged to view the war of some of the country's finest ring masters. And Hammond? An ordinance drawn up similar to the East Chicago bill and once presented to the Hammond city council met defeat and the question was never revived. Now the issue is again raised. Hammond ex-army men will attempt to introduce another ordinance permitting boxing in Hammond. Will some of the grand stand performers in the city council take cognizance of the government's attitude toward boxing or will they defeat the measure and recommend that the veterans of St. Michel and the Meuse-Argonne take up ping-pong and croquet?

The city council of Springfield, O., has adopted a resolution authorizing Mayor J. B. Westcott to appoint a boxing board of eight members and specifies that boxing shall be permitted in that city when conducted under the auspices of a gymnasium or athletic club.

Gene Walker at Daytona, Fla., on the beach track broke the world's record for motorcycles when he covered a mile in 31.72 seconds.

Stockholders in the Cincinnati Reds are demanding that they be issued season passes. The directors have refused to grant the request. What a big difference a world's champion team makes. Connie Mack take notice.

There Are No "Ifs" About It!

We know that Firestone Motorcycles will deliver most miles per dollar. If we weren't sure of it we wouldn't be selling Firestones—we'd choose some other make.

But we know that the extra rubber, the extra fabric and the extra angles against skid that are built into every Firestone Motorcycle Tire will deliver service that satisfies.

The proofs are on file; read the list of racing victories for this year; the records in every line of service. They will lead you to say: "Firestone for mine."

Everett McEwan of St. Paul, amateur speed skating champion of the United States, and who created a sensation in his contests last season will turn professional. It is said that next winter he will skate under the colors of the Madison Club of New York. A match will be made with Oscar Mathison for a purse of \$25,000.

Joe B. Nagel, manager of Hammond's baseball team last year, promises something doing this season. He didn't admit it, but Dame Rumor says that Nagel will take a team to De Kalb, Ill., the latter part of the week. Nagel says he has a line on several of the best players and that if he can locate a ball diamond, Hammond will have another team this year.

The State Racing Commission of New York state in its annual report to the legislature characterized 1919 as the most successful year throughout breed racing has yet enjoyed. Purse and prize distributed during the season amounted to \$1,325,000.

Sign on window of Chinese laundry adjoining Hammond Central police station. "Buttons Saved On For Free!" One Hammond young man was paid \$25 a week by a manager of a football team to cover the activities of the team and tell the public through the press what the team was doing; and managers and athletic directors of 20 other sports in the Calumet district kick when they are asked to phone details of sports under their supervision and likewise directors of school athletics. And then they all "howl" partially because they don't get publicity. Can you beat it?

HAMMOND TO HAVE INDUSTRIAL LEAGUE

An Industrial Baseball League is being organized in Hammond at the present time. A number of the institutions have already specified their intentions of joining the league and doing their share in making it a success. The league will be composed of six teams and as there are openings for two more teams only, anyone desiring to enter this league will kindly specify their desire to do so at once.
