Twin City News Notes

An announcement party making known the existing engagement between Miss Stirling and one of the most popular young ladies of East Chicago, and daughter of Mr. and Mrs. Robert Stirling of North Oglet ave., to Robert D. Burrell, a recently returned soldier and an employee of the Hubbard Steel Foundry, was held in the parental home of the coming bride last evening. With Burrell the selected diversion of the evening with a brief respite from that pastime were the sequel to the romance was delivered in a message form by Miss Orin McCall, a very intimate friend of Miss Stirling. The nuptial date is set for April 30th. Miss Stirling has been employed in the office of the B. & O. C. T. Ry. for some time after completing her education in the public schools here and specializing in a business career for which she now foregoes to wed the man of her choice and build up a home. The couple will leave for a honeymoon to be gone several weeks following the consummation of that date and upon their return to this city will make their temporary quarters with Mr. and Mrs. A. Newton in 14th st. The party of last evening was carried out in color schemes of two tones of yellow, jonquills being the favorite flowers used. More than thirty persons participated in the enjoyment of the evening.

Miss Margaret Brissey writes home to her parents, Attorney and Mrs. J. W. Brissey of Hammond, from Detroit, Mich., apprising them of the vacation she awaits the first of next month. Miss Brissey has not been able to come home for any definite time since her departure for Detroit and the position she accepted with one of the local banks there. Her coming to soon will be hailed with delight by her many friends here and among them the J. O. V. club to which she was always an active member.

Miss Mary Kelleher of Whiting was a guest of Miss Vera Swigart in North Magon ave. last evening.

Miss Lavonia Peters of South Baring ave. is home from the Mercy hospital in Gary where she underwent an operation for appendicitis and is doing very nicely although still in a very weakened condition.

A committee selected from the music department of the East Chicago Woman's Club will meet with Miss Vera Swigart, in North Magon avenue this evening to prepare a program for that department's next regular meeting. The committee comprises the Redheades Milton Given, Lester Ottobomer, Jesse Thompson and Miss Swigart. It will require the concerted action on part of the entire committee tonight to complete the arrangements for the program. The members of this committee are urged to be present.

Miss Grace Myers, teacher of Latin in the McKinley school, is absent from her duties owing to a very serious illness and is confined to her home on 43rd st. Mrs. H. H. Clark is substituting in her place.

The regular meeting of the East Chicago Order of Eastern Stars will take place this evening with many names to be submitted to the ballot preparatory to the anniversary which is scheduled ahead at a near date. The cafeteria supper held at the East Chicago M. E. church last evening was one more added success attributed to the efforts of the women allied with the church who express themselves as very well pleased with the attendance of the public and receipts. It is more than likely that the committee selecting will vote at some near future meeting of the society, to continue these suppers, as they, in more ways than one, prove profitable.

Mrs. Harry Johnston of Beacon st. is back from an indefinite trip South where she went to seek recuperation of her health which has not been promising of late. A visit to the home of W. H. Brannan, of this city, who winter at Orlando, and to the home of the Sam Ogden, also of this city, who spent the colder months at St. Petersburg made the trip all the more interesting for the traveler who returned almost too soon here to enjoy the milder weather which she was enjoying in the balmy south.

There is an important meeting of the J. O. V. at the home of Miss Lavon Matheny, in 14th st., this evening to discuss and perfect plans for coming social events. At the conclusion of the business, a hard times party will be entered into and every member of it has been earnestly urged to be present and enjoy the affair arranged for them.

Mayflower Corp. Royal Neighbors of Indiana Harbor, will hold their regular session this evening and at the conclusion of the lodge business the members will be entertained in a so-

The Past Noble Grand of the Miriam Rebekah order of East Chicago enjoyed a most hospitable afternoon with Mrs. William Ous at her home in North Baring ave., with Mrs. Mary B. Scott as assisting hostess. The time was spent mostly in social intercourse with dainty refreshments served. It was decided by those present that the next meeting would be on Tuesday afternoon, May 11th at which time an old fashioned quilting bee would be in progress and a pot luck luncheon served. Also plans for future entertainments by this body of women who have served the order in all true loyalty, will be discussed and arranged for at the meeting of that day which will be an all day session, as understood at this time. Those eligible to membership in this club are cordially invited to be present.

The No Name Club meeting with Mrs. Karl Thomas at her home in North Forsyth ave., balanced the receipts of the dance recently given by the club and found after settling all expenses they had a residue of twenty dollars which was promptly turned over to the Welfare Association which is having their drive this week. The club dance was a delightful affair socially and as that was the aim of the combined efforts of the members they are more than grateful to those who assisted in its ultimate success and the added money which has been contributed to so worthy a cause. It is evident that next year will usher in an equally enjoyable dance which has come to be considered in the nature of an annual.

Milk Should be Pastuerized

Pasteurizing removes impurities which may have gathered on the way from the dairy to the bottling plant. Our milk is pasteurized by the Holding Pasteurizing System, which removes all bacteria without affecting the flavor or food values. This process is the most efficient on the market.

To be sure you get pure, pasteurized milk with a large proportion of the cream, ask us to leave a bottle at your door.
