

THREATS MADE

'GAINST YOUNG
ROCKEFELLER SWITCHMEN

(INTERNATIONAL NEWS SERVICE)
BUFFALO, N. Y., April 16.—An attempt to assassinate John D. Rockefeller, Jr., last night just before he left his hotel to address a meeting in behalf of the inter-church world movement here.

This was the reason assigned by the police today for the unusual precautions which were taken at the meeting to guard the young oil magnate.

Mr. Rockefeller was in his room at the hotel Statler when a man called him on the telephone and warned that an effort would be made to kill him while he spoke, according to the police. Mr. Rockefeller is said not to have taken the threat seriously but

his friends were alarmed and notified the police.

The police said today that they had been unable to trace the telephone call or learn the identity of the man who gave the warning.

SWITCHMEN
BARRED OUT
OF UNIONS

(INTERNATIONAL NEWS SERVICE)
CHICAGO, April 16.—Switchmen who rebelled against their union officers and engaged in the strike here were barred forever from the ranks of union labor today and were branded by the brotherhood heads as renegades and outlaws.

This drastic action was taken after the strikers failed to respond to a summons sent out by A. F. Whitney, chief

of the Brotherhood of Railway Trainmen, demanding that they appear before him for trial.

It is believed that similar action by the brotherhoods will be taken throughout the country.

700 ARE HIT

(INTERNATIONAL NEWS SERVICE)
CHICAGO, April 16.—More than 700 switchmen in the local headed by John Grunau, chief of the "rebels" were hit by the first order of the brotherhoods. Despite claims of the strikers that they intended to hold fast in the face of the arrest of their leader and the overwhelming odds against them, railroad officials and brotherhood chiefs reported that the strike was speedily breaking up and that the movement of freight cars was resumed.

Grunau and the other twenty-nine strike leaders under federal arrest, may disband giving bonds today and surrender in a body for the purpose of going to jail. The brotherhood chiefs look on this as the scheme of the strike leaders to make "martyrs of themselves" in the hope of winning public sympathy.

HIS PERISCOPE WAS
ASLEEP AT SWITCH

I. Gubana of Gary, who was found guilty and fined in the city court yesterday for having violated the state liquor law, was not going to take any chances on letting a motorcycle officer slip up behind his automobile and place him under arrest and as the necessary precaution he carried a miniature periscope.

While traveling along the highways and byways, Gubana occasionally lifted the periscope to his eye and viewed the scenery in the rear of his machine. Somehow or other, however, Gubana was not on the job when an officer placed him under arrest at Twenty-first ave. and Grant st., in Tolleston. The officer saw Gubana throw something to the side of the road and upon picking it up the astonished policeman found the young periscope.
