The plea is submitted in answer to a letter from Mr. Fordney replying to Mr. Erskine's original plea for radical changes in the income tax laws. In his reply, Mr. Fordney agreed with Mr. Erskine that the excess profits tax and certain other taxes under the internal revenue law are out of joint and should be repealed.

He points out, however, that the appropriations asked by the administration exceed the government's revenue from all sources by from \$2,500,000,000 to \$3,000,000,000, and that if the excess profits provision was repealed at this time, the treasury department would be short an additional \$1,200,000,000.

WHITING LIBRARIAN TO BE POSTMISTRESS

(SPECIAL TO THE TIMES)
WHITING, Ind., April 19.—Miss Louise Randall, of the Whiting public library, has been appointed postmistress of the Whiting post-office for a term of four years to succeed Geo. W. Jones, present postmaster of a salary of \$2,400.00 per year. The appointment made by President Wilson was ratified by the Senate on April 11, 1920 and will go into effect, if Miss Randall decides to accept, as soon as the necessary bond is furnished. Postmaster Jones sent in his resignation over two years ago with the result that three appointees turned down the offer owing to their inexperience at the Standard Oil Co. When Chas. Carrette, the last appointee, decided not to accept the offer, Miss Randall was the only one left.

Would You Gain A Pound A Week For Three Months?

Then begin taking regularly 3 grain hypo-nuclease tablets, which are made from a health-giving germ of ordinary yeast and combined with hypophosphites and an absorbent phosphorus.
Physicians and chemists assert that this tablet is very largely used for increasing the weight and improving the various organs because of its aid in digestion, assimilation and absorption. The food elements which go to make blood and solid tissue are retained when this treatment is regularly used for several months. Most apothecary shops supply them in sealed packages.—Adv.

GARY WANTS UNION LABOR REGULATION

(INTERNATIONAL NEWS SERVICE)
HOBOKEN, N. J., April 19.—Judge Elbert H. Gary, head of the U. S. Steel corporation, in an address here today to the board of directors, declared his unalterable opposition to the "One Big Union" idea and asserted that "labor unions" should be subjected to governmental control and regulation. Just like any other organization.

"We do not combat labor unions as such," said Judge Gary. "We acknowledge the national right of labor to organize, but we insist that a labor organization should be subjected to governmental control and regulation like other organizations."

"Discrimination by law in favor of or against any particular class is detrimental to the interests of the general community and contradicts the fundamental principles of our government."

"We stand for the open shop, which permits a man to work when and where he pleases, on terms mutually agreed upon whether or not he belongs to a labor union. Our men generally do not belong to labor unions because they know by long experience that it is to their advantage to be free from domination by outsiders; and that they are receiving as large or larger compensation than would be provided under labor union domination."

"We intend to maintain and improve the condition of our employees. We believe and we think the general public is of the same opinion that the welfare of mankind shall not be promoted by 'the one big union' or by the organization of the entire industry of the country, or by the control of industry under the arbitrary direction of an organized minority."

"A studious, thoughtful, fair-minded, intelligent public is at present considering these vital questions for the paramount in the determination of the great economic and social questions of the day."

"We have a splendid and efficient organization and we are appreciative. We seek to demonstrate this in practice. We know that for real success, the management is dependent upon the workman. We believe in co-operation between employer and employee, in affording every employee a chance to advance according to merit and to become peculiarly interested in the property by acquiring a stock interest."

M'ILROY MAKES AN ANNOUNCEMENT

Candidate for Senator Enunciates Principles of His Platform Today.

Frank B. McIlroy, republican candidate for senator, on being asked the platform on which he stands and the principles he will support, if elected to a seat in the senate, made today the following statement:

"I declare for state rights and individual liberty. I believe in the support of state sovereignty and local self-government. I am opposed to the National and State Prohibition act, because the people were denied any voice in its ratification or rejection, which is an infringement on personal rights."

"I am opposed to the present obnoxious tax law and if I am honored with a seat in the senate I will do all in my power to enact a new tax law that will be just and equitable to all tax payers, whether large or small. I am opposed to the taxation of the poor whose personal property is valued at less than \$500.00. I believe in taxation justly proportioned to such an extent only as is necessary for maintenance of government economically administered."

"I favor a just and liberal appropriation to the American soldiers of the world war, maimed or injured while on the high seas to make world safe for democracy. I believe that each state should take care of their own. We owe the American soldier a debt of gratitude that we can never repay."

"Labor: The difference from times immemorial between capital and labor lies in the development and acceptance of the sharing of profits. Capital is dependent upon labor and labor upon capital. There must be co-operation between the employer and the employee—harmony must exist for the happiness and prosperity of both."

"I believe in and stand for the rule of the people and I invite all men, who so believe, to stand with me to the end."

TWO CITIES CELEBRATE WITH DANCES

(Continued from Page One)

was a wrangle over a girl and a Whiting man named Wagner, is said to have "cleaned up" half a dozen of the Irondale slugs. The rest of the South Chicago gang were not present and when the vanquished returned home they told of the slaughter at the hands of the Whiting crowd. They waited.

Last night about 6 p. m. a call from "a friend" was received by Desk Sergeant Lauer, of Whiting, police station. "Watch out for the Irondale gang; they are coming en masse to clean out the Whiting crowd," that was the substance of the message.

Another "raid" was planned for the same night by the Lake county juvenile authorities who intended rounding up all the notorious young women of the several cities in the Calumet region. These girls are alleged to have made a practice of attending the Sunday night dances at the Slovak Home and found there fertile fields in which to ply their trade. But the contemplated "raid" did not materialize.

However, the Irondale gang appeared on the scene in due time. The dance went on until about 10:30 when suddenly down the stairs from the third story dance hall came the girls screaming, "Murder, police."

The fight was on.
OFFICERS HAVE HARD TIME
Officers Oscar Pettie and Joe Benak had their hands full for several minutes.

A Whiting man named Michael Golden, better known as "Sharkey," received a cut over the eye. He alleged that he was sitting quietly watching the dancers when one of the Irondale chaps stepped up and smashed him. "A case of mistaken identity. He thought I was the fellow who knocked out Casey last Wednesday night," said "Sharkey."

But that didn't settle matters and the Whiting gang was out for vengeance. The melee was carried to the street below and the smash of fists striking rival faces broke the stillness of peaceful Whiting. The police finally calmed belligerent factions and the following were booked at Whiting station:

IRONDALE MEN ARRESTED

Louis Dinnesgood, 18 years old, 1617 Torrence ave., and a member of the Irondale crew, was charged with disorderly conduct. He was released on \$10 cash bail to appear Tuesday afternoon in the Whiting city court. Benny O'Keefe, welterweight fighter who recently boxed Jack Britton, and who bailed from Irondale, put up the cash for the release of Dinnesgood. O'Keefe just happened to be in Whiting last night. It was a mere coincidence that he was there, it is said, and he had no intention of fighting.

Two Hammond boys were arrested by they denied any knowledge of the fight and said that they were out driving and just happened along.

R. A. Burk, 91 Dyer Blvd., 13 years old, was booked on a charge of "suspicion for carrying a revolver." The gun belonged to his friend, R. C. Dineen, 201 May st., 19 years old, an insurance agent, and was stuck in the back of Burk's car. A policeman noticed the revolver when one of the

boys opened the door of the compartment to put his overcoat in. The boys allege that they were out hunting and target shooting in the afternoon and placed the gun in the auto until they would get home. Police seemed to believe the boys, but under the incriminating circumstances they were held pending an investigation. They will be arraigned Tuesday afternoon.

Another dance will be held at the Slovak Home next Saturday night and Whiting is waiting.

PURDUE GLEES AT EAST CHICAGO

The Purdue University Glee Club will give a Concert at the McKinley Auditorium on Tuesday evening, April 20th, at 8:00 p. m. under the auspices of the East Chicago Club.

The Glee Club consists of thirty members, director and manager, and is meeting with enthusiastic praise and welcome in its tour over the state. Their program will include up-to-the-minute Glee Club numbers, vocal and instrumental solos, a syncopated male quartette, comedy pianologues, the "Brownie" Saxophone Sextette, piano duets and a double piano ten-piece jazz band.

The Club is featuring this year, K. W. Huffine, a piano soloist, who is well known to many in this section. He Huffine was captain of the 1919 Purdue Varsity football team and is famous in Conference circles as a hard-hitting line plunger and all around athlete.

The following from the Lafayette "Review" indicates the generous reception accorded the entertainers at that city:

Sure Relief

that city:
"The first part of the program featured the work of the Glee Club, which did notable work, worthy of the best Standards. Paul Tinscher Smith, Director, proved himself to be the best director the club has ever had. He is thoroughly conversant of the possibilities of student voices; he gets excellent results by remaining well-poised, quiet and dignified."
