BOYS' SUIT.

The cut and style of this suit, No. 1878, makes it appropriate for the Junior boy's new spring suit of navy blue serge. It is the Norfolk style that boys like so well. Strips of material are applied to simulate box-plaids.

The boy's suit No. 1878 is cut in sizes 2 to 14 years. Size 8 requires 3 1/2 yards skirt material and 1/2 yard 22-inch lining. Price 12 cents.

Limited space prevents showing all the styles here. We will send you our cheap fashion magazine, containing all the good, new styles, hints on dress-making, etc., for 5c, or 10c if ordered with a pattern.

Avoid the Cynic.

If you want to retain a wholesome view of life, if you want to hold your faith in mankind, if you want to have enduring peace of mind, keep away from cynics. Should any such be among your acquaintances, give them a wide berth. They may be bright, clever, entertaining people. Cynics often are. But they are poisonous people.—Chicago News.

LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

Magie! Just drop a little Freezone on that touchy corn. Instantly it stops aching, then, you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius—adv.
