

LIVE NEWS FROM THE TWIN CITIES

SHORT BOARD SESSION

The East Chicago Board of Works yesterday made short work of the slight business which came before them and adjourned without taking any definite action on the garbage disposal question which was to have been settled at that time. Only one bid was received for the disposal of garbage, from the local firm of Cudahy-Howard at a price of \$3,500 a month. The bid was taken under advisement.

The clerk was instructed to call the street companies to task for failure to repair their right of way between the tracks.

NEW DEVICE FOR STILL

O. Sabnick, 3763 Michigan avenue, Indiana Harbor, had a scheme for operation of a still which would bid fair to escape the eye of the oldest "still hunter" but it wasn't good enough to get by Captain Tom Downey and officers Shafroth, Fano and Kondrad, who made a raid on Sabnick's residence.

Sabnick had in use a twenty gallon hot water tank, the kind ordinarily used in connection with furnaces and gas heaters for heating water for the household purposes. The tank was connected with gas and ordinary water pipes but the pipes led into the next room where they were connected with a copper coil which ran through a tub of water.

The water tank was used for boiling the raisin mash which required the straining in order to pour into the small opening at the top of the tank. The ordinary copper boiler used for the usual still does not require straining of the mash. All that was then necessary was for Sabnick to light the gas preparatory to taking a bath and the "white mule" began to how in the next room.

GARDEN PRIZE WINNERS

Garden prizes for the school gardens season of 1919 were awarded to prize winners of Indiana Harbor yesterday at the Riley School by Frank L. Evans, secretary of the Chamber of Commerce. The prizes, \$5 for first place, \$4 for second and \$3 for third were offered by the Chamber of Commerce last year in the hope of stimulating gardening in the Twin Cities. The cities were divided into three districts and the prizes awarded yesterday were for the contestants from Indiana Harbor.

The prizes were awarded in the basis of the quality of the garden, the individual effort exerted by each contestant and the difficulties which were overcome in soil conditions. The awards were made by the committee of the Chamber of Commerce upon consultation with the judges.

tion with the garden supervisor. The prize winners are Thomas Block, first, Peter Buika, second and William Barbo, third. Following the presentation of prizes Bessy Wauph and Frieda Kaufman gave short talks upon gardening and betterment of conditions in the city.

Today a series of slides by the International Harvester company entitled, "Fight the Fly," will be shown at the school and the fight will be further encouraged by the beginning of manufacturing of fly traps by the manual training department.

BULLET ENTERS HEAD

Eli Kozlow, an employe of the Inland Steel company, who lives at 3303 Alder street, Indiana Harbor, is in a serious condition as the result of a bullet wound in his head. The bullet appeared in through his ear and lodged near the temple from which place it was extracted by Dr. J. A. Teegarden.

Some doubt exists as to the manner of the shooting since Kozlow says he was cleaning his gun when it went off and shot him in the ear. Powder marks in the ear, however, tend to dis-

pute his statements and point to an attempt at suicide. It is believed that he will recover.

FIGHTING CHAPLAIN TO SPEAK

Father Francis A. Kelly of New York, the fighting chaplain, has been secured through the efforts of the Hammond Indiana Harbor and East Chicago organizations of the Boy Scouts, the American Legion, Knights of Columbus, Daughters of the American Revolution and the St. Mary's and St. Stanislaus churches of East Chicago to speak in East Chicago next Sunday evening, April 25. The meeting will be held in the auditorium of the McKinley school and will be open to the public without charge.

Father Kelly was unanimously elected National Chaplain of the American Legion at its first convention held in Minneapolis in November 1919 and was staff chaplain of the 27th Division where he received seven citations for bravery on the field of battle. He was decorated by the United States government with the Distinguished Service Cross, received the Croix de Guerre from France and the Military

Cross from England. The Distinguished Service Cross was presented by General Pershing personally and the Military Cross by King George V.

SINCLAIR PLANS \$50,000,000 ISSUE FOR OIL EXPANSION

NEW YORK, April 20.—The Sinclair Oil & Refining Co. is contemplating the issue of \$50,000,000 five year 7 1/2 per cent notes to raise additional working capital. Announcement of the plan is to be made to the stockholders today. The step is believed to be another move for the expansion of American oil development not only in this country but in other parts of the world, as a counter to the efforts of the British to obtain control of the world's supplies of crude petroleum.

CLUB APPOINTMENTS COMMITTEES.

The following standing committees have been announced to look after the interests of the Twin City McKinley Republican Club. The committees will meet on occasion demands and will make recommendations for action at regular meetings of the club.

er, Rae Royce, Mike Havarin, Tom Y. Richards, M. E. Crites, W. B. Van Horna, E. W. Wickey, Zeth Campbell, A. H. Sambar.

Information arriving here yesterday from friends of Mrs. Percy White, a well known nurse in this community for many years, that her death occurred at Lincoln, Neb., came not as a surprise to the many who knew of her dire affliction which has crippled her for many months to the extent of the loss of her eyesight. She left this city to make her home with her sister a resident of Nebraska and where every loving care could be ministered unto her. When in health Mrs. White was always actively engaged in ministering to others and became a familiar figure to the public generally in that field of endeavor. Her passing away is lamented by many.

Mrs. John Sterling of Northcoote ave. will be hostess to a party of friends of Miss Mabel Sterling, a bride-elect of this month, at a miscellaneous show on Tuesday evening of this week. Another affair for Miss Sterling will occur next week when Miss Oriol McNair will be hostess to a similar show.

East Chicago women will be the guests at a theater party to be held by the Mesdames Clausen and Welsinger of Windsor Park, complimentary to the house guest of Mrs. H. E. Davis of the Bell Apartments of this city. A Mrs. Wingo, who is visiting from Dallas, Texas, and sister to Mrs. Davis, Thursday afternoon is the time selected for the matinee down town.

Mrs. Thomas Fogg of the Bell Apartments will entertain the members of the Fogg Club at her home on Thursday evening.

Mrs. Cecil Austin of Grapevine st. is leaving for a visit to Terra Haute the home of many of her relatives. Mr. Austin is associated with the pub-

The City of East Chicago to the Front

Were it not for the motor trucks large cities and even small communities would now face food shortage and suffering because of the railway tieup. And many industries would have to close down were it not for motor trucks hauling coal and other necessities.

The power behind the motor truck is gasoline.

In these times the product of our three refineries, Standard Oil, Sinclair Refining and Consolidated Oil, move trucks in a dozen states.

OUR 14,000 ACRE SUNNY FLORIDA FARM

Can Supply the Needs of the Calumet Region and Cut "The High Cost of Living"

The Florida-Calumet Fruit and Farming Syndicate

428 Broadway, GARY, INDIANA

DR. HARRY E. L. TIMM, President.

FRANK W. DUGGAN, Vice-President.

GEO. A. JONES, Secretary.

JOHN R. FISCHRUPP, Treasurer.

J. B. SOMERS, Farm Superintendent.

The Men Who Will Direct the Development.

These men are wide and favorably known business and professional men throughout the Calumet Region, and residents of Whiting.

DR. HARRY E. L. TIMM is a graduate of the Whiting High School, the Medical Course of the University of Illinois, and a member of the staff of St. Bernard's Hospital in Chicago. He is one of the most popular and successful and practicing physicians in the Calumet Region.

FRANK W. DUGGAN is a graduate of the Whiting High School and the Kent College of Law, and is one of Lake County's prominent young lawyers. He is widely and favorably known in this district.

GEO. A. JONES is a graduate of Bethany College, Bethany, W. Va. For many years was Financial Secretary of the First Christian Church, Louisville, Ky., and in 1912 he was secretary of the International Convention of the Christian Church, which was held at Louisville, Ky. During the past five years he has been in Whiting, pastor of the Christian Church, and the present new modern church building is a monument of integrity.

JOHN R. FISCHRUPP is a graduate of the Whiting High School and is the present secretary-treasurer of the Owls Club, and has a host of friends.

J. B. SOMERS is a graduate of the Universities of Michigan and Toronto, Canada, and has had a number of years of practical experience on the farm, in cattle and fruit raising. Mr. Somers served one year as Physical Director of the Whiting Schools, and is popular with all.

C. G. JONES is a son of the Secretary, who served thirteen months in the Ordnance Department of the Army during the war, and has been a resident of Whiting for several years, during which time he has been employed by the Standard Oil Company.

A. W. JONES, son of the Secretary, has been connected with the Standard Oil Company in minor positions for the past four years and is known by all.

LOCATION

This tract of 14,000 acres of land is located in Townships 41 and 42, Range 30 east, De Soto County, Florida. This is a part of the wonderful and renowned Caloosahatchee River District and is just 12 miles west of Lake Okechobee. The Haines City branch of the Atlantic Coast Line Railroad extends through the Tract from north to south and Hall City, covering 2160 acres, is located in the center of the Tract, which affords excellent shipping facilities.

THE DEVELOPMENT

The Syndicate will drain, fence and break the land, putting it under cultivation as rapidly as possible. It is our purpose to plant a large acreage of sugar cane, which, at the present market prices, will yield a profit of from \$300 to \$400 per acre.

Cattle and hog raising is one of the main features of farming in this locality. As grass grows 12 months in the year the cost of feeding them is but a small item and ready markets are awaiting them in Jacksonville, Florida, and in Cuba.

FRUITS

While great varieties of fruits are being raised, only a few have been brought to a high state of cultivation. The following more or less extensively raised in the location of our Tract: Oranges, Lemons, Limes, Grape Fruit, Pineapples, Bananas, Mangoes, Avocado Pears, Sapodillas, Guavas, Cocoanuts, Strawberries, Pecans, Peaches, Plums, Grapes and Figs.

VEGETABLES

On neighboring farms all around this Tract are raised fine crops of Sweet Potatoes, Peas, Beans, Peanuts, Onions, Lettuce, Celery, Peppers, Potatoes, Cabbage, Tomatoes, Squash, Egg Plant, Cucumbers, Watermelons, Canteloupes, Beets, Sugar Corn and Lima Beans.

FARM PRODUCTS.

The following products are among the leading: Corn, Oats, Wheat, Rye, Broom Corn, Sugarcane, Sorghum, and a number of varieties of Hay.

LIVE STOCK AND POULTRY

The following are being successfully raised: Cattle, Hogs, Horses, Sheep, Goats, Chickens, Ducks, Geese and Turkeys.

HIGH COST OF LIVING

The problem of reducing the high cost of farm produce and fruits can only be solved by co-operation. THE FLORIDA-CALUMET FRUIT & FARMING SYNDICATE purposes, so far as possible, to ship its products in carload lots directly into the Calumet Region and sell to the local merchant, thus saving a number of jobbers' commissions.

Our plan includes a permanent marketing organization, both at Hall City, Florida, and in the Calumet District.

GOOD INVESTMENT

Why not invest \$2,500.00 (cash or deferred payment plan) and get a grove that will net you from \$2,500.00 to \$5,000.00 per year, and enjoy summer time all the year round? REMEMBER! No winter clothes or coal to buy! No snow to tramp through! But beautiful sunshine, summer flowers, and the shade trees and fresh vegetables from your own grove all the year round.

SHARES

All shares of the FLORIDA-CALUMET FRUIT & FARMING SYNDICATE have a par value of \$250 each, and are guaranteed by the 14,000 acres of land of the Syndicate and all money received from the very limited number of shares offered for sale will be used to develop this tract. All Shares are dividend bearing and will be redeemed in acreage of developed bearing groves, if desired, and each share will be accepted in full payment for an acre of developed land.
